IMPROVEMENTS IN RALEIGH DURING THE PAST TEN YEARS.

It is with pleasure, and pardonable pride, that citizens of Raleigh contrast 1895 with 1885, and contemplate the long list of industries and improvements made during the time. While the present is not all that could be desired, great progress has been made, and is now being made which should give to our citizens renewed courage to labor on, and to hope and to expect greater results during the next ten years.

The following is an incomplete list of what has been accomplished during the time, by organizing industries, financial companies and other improvements:

- Raleigh Hosiery Yarn Cotton Mills.

- The Cotton Seed Oil Mills.
- North Carolina Car Company.
- The Lobbell Car Wheel Company.
- The Mills Wagon Works.
- The Farina Flouring Mills.
- The Mills Lumber Company.

- Belgian pavement in several streets.
- Many brick sidewalks.
- Miles of McAdam roads in every direction.
- Erection and re-modeling of about fifty stores.
- Erection of over five hundred residences.
- Population almost doubled.
- Plans for new Presbyterian Church to cost \$25,000.
- Plan for Episcopal Cathedral to cost \$50,000.

cost \$50,000.  
Positive promise to open Morgan street.  
Probable issue of \$50,000 street improvement bonds.  
The Williamson stock farm.  
Valuable Jersey dairy productions.  
Greatly increased supply of farm products.  
Lost, but not least in importance, there has been a gratifying development of the energy, courage, ability and wealth of the citizens of Raleigh and of Wake county.  
In view of what has been done during the past few years, and knowing that it was the result of the patient and untiring efforts of the active, intelligent and wide awake business men of this city, also that much of it was undertaken and accomplished amid many discouragements and with fears of failure, no one can predict what can and will be accomplished during the next ten years, provided all will, to the extent of their ability, aid in pushing forward the good work. In union there is strength.  
Raleigh is today the best place in North Carolina in which to invest money, either in property or enterprises. We must expect and prepare for a population of at least 25,000 before another ten years has elapsed.

Bledsoe, defendant, I will, at 12 o'clock noon of Monday, December 2, 1895, at the court house door of said county in Raleigh, sell at public auction to the highest bidder for cash, to satisfy said execution, all the right, title and interest which the said Ed M. ## LOTS OF HEAT IN OUR COAL.

The same can't be said of all coal, which varies greatly in quality. What is offered the public ought to be clear from rubbish; we take care of this matter. It ought to be of quality which, while it burns well, makes a strong and lasting fire. You know there are sorts of coal which make a brilliant fire, but its brilliancy and comfort are too short lived, and cost too much in the way of re-wooding. Knowing the trade well we have bought for domestic consumption, we believe with good judgment, and we offer to share the advantage of the deal.

**BUSINESS SUITS**  
Are in order with the advent of autumn activity. No clothing suits business at all unless it fits neatly and perfectly. No garment fits properly unless it's made to order. That's the first axiom of dress, and it doesn't need proving. It's as plain as the multiplication table that our made-to-order suits are unequalled in town.

**YOU RECOGNIZE THAT**  
Every time you see one of our suits which are exactly what they should be in every particular. The logic of facts is unanswerable.
