Wadrid Nov. 21 — A Havenna Dispatch cays that Insurgent leader Gomes has sent circulars to all Insur-gents leaders directing them to destroy all property of persons who do not contribute to rebellion funds. Mr Fred Miller, of Irving, Ill, writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his blader was affected. He tried many so called kidney cures but without any good result. About a year are he began use of Havana. It is admitted that the rebellion is gaining in the province of materials.

Dr. Daniel in the Presbyterian. The North Carolina Presbyterian this week published the portrait and a two column sketch of Rev. Dr. Eugene Daniel, pastor of the First Presbyterian Church. It says "the year or two in which he has been in our Synod has not given opportunity for him to become universally known, but the Synod already attests its appreciation of his merits by calling him to the Moderatorship. Albemarle Presbytery regards him as one of her wisest and most influential Presbyterians."

Dr. Daniel was born in Albama, and came to Raleigh in 1892 He is a man of broad intellectual parts and is universally esteemed by people of all denominations.

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract; "1 have no hesitation in recommending Dr. King's New Discovery, as the results were always marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction of the Baptist church at Rives Junction the was brought down with pneumonia succeeding la grippe. Terrible parexysms of coughing would last hours with little interraption and it seemed as if the could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at John Y. Mackae's drug store. Regular size MacRae's drug store. HOW TO PREVENT CROUP

SOME BRADING THAT WILL PROVE INTER-ESTING TO YOUNG MOTHERS— GUARD AGAINST THE DISEASE.

Croup is a terror to young mothers and to post them concerning the cause, first symptoms and treatment is the object of this item. The origin of eronp is a common cold. Children who are subject to it take cold very easily and crosp is almost sure to follow. The first symptom is hoarseness, this is soon followed by a peculiar rough cough, which is easily recog nized and will never be forgotten by one who has heard it. The time to act is when the child first becomes hoarse. If Chamberlain's Cough Remedy is freely given all tendency to crosp will soon disappear. Even after the croupy cough has developed it will prevent the attack. There is no danger in giving this remedy, for it contains nothing injurious. For sale by J Hal Bobbitt, Druggist.
