WEDNESDAY, NOVEMBER 13, 1895

MR. SPENCER AND THE SOUTH,

President Spencer of the Southern Railway made a speech at the Atlanta Exposition a few days ago in which he gave expression to the following very sensible and sound remarks:

"What is needed now is increased capital, increased population. They are the same thing. It is useless to look for one without the other. While immigration is important to you, while every effort that is put forth to secure it should be aided to the largest extent possible by everybody who can help you, the foundstion of immigration is in the prosperity of your existing institutions. No matter how small they are, no matter how great they may become, they at least are your best advertise. ment. You may solicit, you may advertise, you may beseech people to come and take part with you in the progress of your country, but the first question that they ask is: 'Are the institutions which are already there prosperous?' If the answer to that is 'Yes,' you will find plenty of people, yankees and all, to come and divide them with you. If they are not prosperous, the immigration column will be a slow and halting one, no matter what inducements you may offer."

Mr. Spencer is a Southern man, a native of Georgia—thoroughly im
NUM PENS."

We have all the correct ink, only the best sold.

As for Pens, there is none to compare with "LEON ISAAC'S GLUCE NUM PENS." bued with the great possibilities of the South-and president of the most extensive railroad system of the South. He wishes to see the South prosper, and he points out the way arly and effectively. We must first help ourselves before we can ask others to assist us.

THE Chamber of Commerce last night gave to the movement of the ladies of the State to raise a fund for a souvenir for the cruiser Raleigh its official endorsement and co operation, and authorized the appointment of a committee to act with the ladies in holding a grand bazaar here, prob ably on Thanksgiving night, to raise the fund. There has already been raised in the State for this purpose about \$300, and of this amount Raleigh has contributed about 25 per cent. It is proposed to raise at least \$500. Raleigh ought, certainly, to take the lead in this matter, inasmuch as the whole State is taking a hand and the cruiser has been named in honor of this city alone. We have no doubt that the strong arm of the Chamber of Commerce, linked with the inspiration which the ladies will give, will result in a plenitude of the where with to purchase the token for the ship. Aside from the business feature of the movement, we almost felt constrained to suggest last night, when the question of the selection of a present was under discussion, that that prerogative will ultimately be resolved into a question of woman suffrage, insemuch as the lady spinsors of the State have priority, and are justly entitled to nearly all of the oredit up to date.

THE New York Herald is for Mr. Cleveland for a third term. That paper says:

"From the results of the receions it looks as if the republic my win next year. The Herald is ot a political organ and does not are for either party, but it is an inde modest newspaper which is always or the best men and the best meas-

and a salutary lesson for the demo man now in the White House has done more than any other man to save his party from disastrons blunders and the country from the consequences of those blunders, and if the republicans win cext year it will be because the democrats have not taken wise counsel and followed the asymptons lead of Mr. Clerchend? gagious lead of Mr. Cleveland."

We take it from the above that the Herald is an enemy of the Demooratic party. There are many reasons why the Democratic party should not nominate Mr. Cleveland again and the fact that the Herald is for him is one of the strongest arguments against his nomination. If the Democracy of this country wish to see the last vestage of the Democratic organization annihilated and wiped from the face of the earth. they have only to take the Herald's advice and nominate Mr. Cleveland for a third term.

Bucklen's Arnica Salve. The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fewer sores, tetter, chapped hands, chilolains, corns and all akin eraptions, and positively cures piles, or no pay required.
