News of the Streets.
 The street committee issued an order a few days ago requiring property owners on Davis street between Fayetteville and Salisbury to pave their sidewalks.
 A similar order was issued to property owners on Hillsboro street from the capitol to the bridge. The property owners on Hillsboro will be required to put down a pavement seven feet wide instead of five, on account of the very wide sidewalks.
 In laying these pavements, property owners and residents should be governed by the curb line in all instances. The tree line will be located five feet from the curb line and the pavement must begin three feet from the tree.

NEW GOODS By the Car Load.

We have been in the mercantile business now for nearly 15 years, and we can truthfully say that we never felt so proud of a stock or so confident of its value as we do of this great fall stock which we are now receiving.  People are always on the alert to preserve health, for "health is wealth." A rich man once said he would give half his fortune to be able to digest buckwheat cakes. Indigestion is very common. One of the best remedies for indigestion is
Otterburn Lithia Water
 Four or five glasses daily will work wonders and improve your general health.
 Be on your lookout for typhoid fever. The germs are found in much of our drinking water. OTTERBURN LITHIA is absolutely free from germs and other organic matter. I am buying OTTERBURN in large quantities and can sell it so cheaply that many will use it for general drinking purposes.
 OTTERBURN LITHIA is a tonic, diuretic and blood purifying remedy furnished by nature, and thousands will testify as to its medicinal value. Ladies will find that it enriches the blood and improves the complexion to a marked degree. OTTERBURN has long been a prime favorite with physicians, as it is easily retained by the most delicate stomachs. It probably has a larger sale in Raleigh than all other mineral waters combined. Parties furnishing their own containers will be given special prices.

Two Shoes with but a dollar bought, A pair for price of 1
 Funny that shoes that cost \$2.50 to \$3.00 should be selling for a DOLLAR A PAIR, isn't it? Who would think that an eighth of an inch in the width of the toe would make such a difference?
 A Dollar a Pair for \$3.00 Shoes.
 That's our store card for the rest of the week! It means two-thirds of the cost saved and a little more room for cramped toes, too. Pretty good bargain, don't you think?
