MARTIN ENDORSED

Populist County Convention Meets Here Tomorrow. Guthrie and Kelth Here.

The Populist county convention neets here tomorrow. Joe Rogers has virtually no opposition for the nomination for Register of Deeds. The most interesting matter that the Convention can have before it is the endorsement of their state committees action in fusing with the different parties. If an endorse ment of the fusion on electors is attempted there will be some Populists to fight it. Mr. J. Q. Williams of the Register of Deeds office aunounces that he will not support the Democratic electors. Other Populists say they will scratch them.

It was given out yesterday that the Republican central committee had made Massey retire from the Congressional race and the Populists were so informed. But it seems Mr. Massey is not down. He told a PRESS-VISITOR reporter that he was not coming down. Chairman Ed. Johnson said this morning that CLARK MAY BE NAMED. Massey would not retire in any event.

Chairman Holton is delighted at the idea of the Democrats and Populists having fused. He says each will scratch the other and the Republicans will carry the State by a good majority.

Chairman Manly thinks electoral fusion eminently wise and the only consistent thing to have done. He who will be acceptable to both parsays the ticket will win by from ties. thirty to sixty thousand.

Chairman Ayer is delighted. He figures the ticket out a winner by

candidate today. Auditor Furman says advices re-

State is to the effect that the Populists are perfectly delighted over the arrangement of electoral fusion. Wherever the two candidates have spoken they have drawn large crowds and at every point Mr. Pou has vanquished his opponent. Mr. Pou has made many telling speeches for Democracy. All Raleigh is anxious to hear the joint debate about which so much has been said and no doubt a large crowd will be present tomorrow

Every Democrat in the city should be present, and every admirer of Mr. Pou should be on hand to offset the many Populists and Republicans who will be present.

At Republican headquarters today was announced that Judge Russell had been sick and that, for this reason he had been unable to make Judge suffered much from the intense hot weather.

Bryan to Stump the Middle West.

It is said on good authority that after he fills his dates in the East, Mr. Bryan will spend the remainder of his time speaking in what is regarded as the close States of the middle West, He will put practically all the month of October in at

The speech making in the East is, it is understood, entirely at the wish it will do good. Whether he thinks it will do good in the West is not known. He knowsthat his speeches are published verbatim, and he may think that what he says in the East will be more widely read in the West. In other words, the Eastern speeches are intended for Western and Southern consumption.

It is hinted that Mr. Bryan might have abandoned his trip to Maine and Massachusetts had not Sewall and George Fred Williams insisted so strongly that he could not resist.

JUDGE HUGHES' ORDER.

It is Directed Against the Scaboard, the

Southern and the Coast Line. Judge Robert W. Hughes, of the United States district court for the eastern district of Virginia has granted an injunction against the rate war. He was at Abingdon, Va., when he granted the restraining order and he was sitting as United States circuit court judge. The bill was filed by Barton & Milner, of Baltimore, and Smythe, Lee & Frost, of Charleston, in behalf of the Safe Deposit and Trust Company, of Baltimore and the Baltimore Trust and Guarantee Company. The injunction is directed against the Seaboard and Roanoke Railroad company, the Southern Railway company and the companies forming the Atlantic Coast

The complainants state that they are holders of more than \$2,500,000 of bonds issued by the several roads that are involved in the rate war, and they declare that the rate cutting is jeopardizing their securities. Judge Hughes ordered the rates to be restored to the old tariffs on October 1st. He will hear the case at Richmond, October 20th.

POPS INDIGNANT.

They are Getting Mad at Tom Watson's

The Atlanta Constitution of vesterday says:

"The dilatory tactics of Watson have aroused some of the Populists to the highest pitch of indignation. They claim that he has not acted in good faith and that all efforts thus far have been put forward towards feathering his own nest. What speeches he made in Georgia before his departure for Texas, they say, were made in his own behalf. It is claimed by many that the cause of the present condition in the State among the prohi-Populist party is due to the indifference of Watson as to the campaign in the State.

"Before Watson left for Texas he had been slated for speeches in every section of the State and his full programme had been made out. Chairman Cunningham has the date in a neat little notebook, which he carries in his inside pocket, but many of these dates are past due and still Watson dallies in the West.

Chairman Cunningham was busy yesterday with a number of beelers, who had brought in glowing accounts of the campaign.

"Watson," he said. "Oh, ves. I heard from him-heard yesterday. When will he be here? As soon as the train can make connections. Just as soon as he can come.

Railway Rates for Voters. A Washington special to the Richmond Dispatch says: A conference n which Virginians are largely interested was held this morning. It was one of railroad passenger agents with Secretary Lawrence Gardner at Democratic headquarters. The object of the meeting was to agree upon a rate for residents of the District who may wish to travel to their respective States to register, and then to vote in November. There are thirteen States to which citizens go to vote in every national election, the principal ones being Virginia, Maryland, Pennsylvania, Ohio, and New York. Representatives of attractions for Metropolitan Hall the Chesapeake and Ohio, Pennsylvania, Southern, Baltimore and Obio railroads were present. It was agreed that the roads shall offer to all prospective voters a uniform rate of one fare for the round trip to any State reached by these lines or North Carolina soil, says Howard their auxiliaries. This agreement was reached after only a brief discussion, the rate having previously been informally agreed upon.
