elegraph to the Press-Visitor. ncaco, Oct. 28.—The chief them of discussion among all classes to-day was condemuation of the egg throwing at Mr. and Mrs. Bryan. Mr. Powers, the owner of the building from which the eggs were thrown, profusely apologues, giving every aid to find the culprit.

A conquering hero, returning not have been more royally welcomed than was Wm. J. Bryan on his arrival in Chicago yesterday after-uoon. Crowds lined the route over which he passed from the railway station to the scene of his initial speech in his fight for Cook county. The procession proceeded up Canal street to Madison, to Fifth avenue, to Washington street, to Clarke street, to Mouroe street and to the Battery D armory, at the intersec tion of Monroe and Michigan ave-nues. All along that roundabout line of march the greatest enthusiasr

Hisses were heard frequently from people in windows. The negro silclub was hissed the loudest. Nearly everybody in the procession

parried American flags.

It was just before Mr. Bryan reached the armory building on the lake front the only incident that marred the demonstration occurred. A number of eggs were thrown in the direction of his carriage from the Metropolitan business college on the fourth floor of a building situated on the north side of Monroe street near the corner of Michigan avenue. None of the missiles reached the candidate or his wife but several members of the reception committee, marching beside them, suffered, Daniel J. McMahon, a lawyer; Sol. Van Praag, a well-known ward politician; James Traynor and J. R. Payne were among those who exhibited yellow stains on their clothing, to a reporter of the Southern ociated Press.

Many of the final points of destination to which these tickets are bound are many miles from the railroads and the time is short in which to get them there.

The Republicans have already for warded their tickets to the first. second and ninth districts. The other districts are in easy reach of the railways and the tickets can be gotten to them in time.

But the populists have must hump themselves if they get their tickets to the interior districts. Last night the first and ninth districts were covered. Many of the points in these districts are away from the

Great secrepy has been maintained in having the tickets printed and shipped, and all efforts to secure a in from either of the three readquarters have falled. The printing of the tickets has been carefully guarded. Both the democratic and populist tickets are without devices.

Dr. Winston and the Texas University. The Baltimore Sun of yesterday

"The University of Texas recently came under the presidency of Mr. George T. Winston, one of the most distinguished educators in the United States. He is familiar with universities in all parties of the country, having been connected with Cornell in Naw York, Johns Hopkins in Maryland, and the state institution in North Carelina, of which he was president for some years previous to last summer. Mr. Winston speaks in the most satisfactory manner of the institution of which he has become the head. The number of students enrolled is about four hundred. The business depression has not prevented more than the usual number of parents from making the sacrifices necessary to give their children the greatest educational advantages to be enjoyed in the State. Mr. Winston speaks enthusiastically of the charnoter of the students in the Texas University. "The material," he says, "is the best I ever knew. I have been privileged to attend Universities in New York, Maryland and North Carolina, and I take much pleasure in saying that the students of the University of Texas are more earnest in purpose, more critical and independent in intellect, freerer from childishness, rowdyism, insub-

## MAY DEFEAT BRYAN

In North Carolins," Says Adjutant Wilson "And Will Undoubtedly Result in Russell's Election' -- Aver Speaks

in the Hayseeder. Populists and republicans alike were struck beneath the belt by Guthrie's address. Today the leaders of both parties were doing their best to counteract the effect of it. Republicans as well as populists were equal in their denuclation of the document.

Adjutant Otho Wilson was asked for an opinion as to Maj. Guthries address. He said.

"It is a strike at fusion and makes Judge Russell's election, which I have never doubted, absolutely sure."

"Mr.Guthrie has never had a chance of election. I myself shall vote for him. but it will be impossiable to hold all the populists to him.

"Will you attempt to keep the Populists in line for Maj. Guthrie, Mr. Wilson was asked.

"Of course we will. The only trouble I fear is that it may injure Bryan's chances of carrying this State. It may make the Populists knife Bryan. I have had no idea heretofore, but that Bryan would carry the State. The effect of the address is an attempt to make the Populists go to the Democratic party which they will never do."

"Maj.Guthrie's name will appear on the Populist ticket. I think there are 67,000 Populists in the State. Whatever per cent. of the Populist vote Maj. Guthrie looses will be given to Dan Russell. Lexpect a few Populists to vote for Democrats, but it won't amount to anything. The only intention of the Democrats in fusing with the Populists was to disintegrate our party,"

"Guthrie's address will hurt Dockery also. He won't poll the full Populist vote."

Adjutant Wilson, in speaking of Richmond Pearson, said that he was the same kind of a silver man that Zeb Vance was. He votes for silver measures in Congress but votes for gold candidates for President."

Chairman Ayer and Adjutant Otho were in consultation some time relative to Aver's statement in reply to Maj. Guthrie's address which appears in the Hayseeder today. The Chairman and the Adjutant are now known as the 400 of the Populist central committee.

Chairman Aver makes a vicious attack through the Hayseeder on Major Guthrie in reply to his address to the populist voters. Chairman Holton has also made reply and it will appear in a circular.

Maj. William A. Guthrie, yester day issued a manly address to the voters of the Populist party in this State. It is in every sense prtriotic: Below are some extracts:

"Will you now on the eve of the election desert your party flag and the principles you profess to love? Will you be allured into the camp of Mark Hanna and poli ically slaughtered? I refuse to believe it, and will not be convinced to the contrary until your votes shall be counted and returned. Will you take the advice and listen to this last appeal, of him whom you honored with your confidence at your last State convention dy nominating me as your choice for Governor ? . Will you fail to vote for each and every elector on the Bryan Presidential ticket? Will you throw away your votes for Congressman Populist "decoys" in the 5th and 9th Congressional Districts, and thereby help to elect gold bugs instead of free silver Congressmen? Will you vote for members of the

General Assembly pledged to sup-port Senator Pritchard or any other gold bug Republican for a seat in the Senate of the United States? Have you forgotten so soon the principle laid down at our State Convention only two years ago relating to a non-partisan judiciary? Are you mindful of the fact that if you vote for Col. Douglas for a benediction was, pronout Supreme Court Judge you will do so in direct violation of that principle. and give to the Republican Party three members out of five of the Supreme Court Justices I I by "Wait Saving Circle" tomorrow at your votes you elect Cel. Douglas, a ternoon at 4 6 clock at the residence of Mrs. N. B. Kendrick. Every mem-

ple's Party man in North Carolina hang his head in shame and never again advocate a non-partisan Judiciary?

There is only one Superior Court Judge to be voted for at this election, and that is so fill a vacancy in the Fifth Judical District. No People's Party lawyer has been nominated for that office. I know Mr. Manning to be a learned lawyer of many years practice, and a gentleman of integrity and high personal character. Unless you are prepared to renounce the wholeso ne principle of a non-partisan Judiciary, I ask you to vote for Mr. Manning.

"My peoples' party friends, think on these things, and before it is too late ask yourselves the question what is the right thing for me to do? Then knowing what is right, have the manhood to go to the polls next Tuesday and do the right thing honestly and fearlessly. I beg to assure you that as to my personal candidacy for governor, it gives me little concern what the result as to my own election or defeat may be.

"Let us show to the world that we are not a gang of professional office seekers, but a band of political patriots moved by action, by love of country and a proper conception of the duties and responsibilities as well as the privileges of American citizenship.

WILLIAM A. GUTHRIE." Durham, N. C., Oct. 27, '96.

### BRYAN OR M'KINLEY?

Confident Claims are Being Made In Washington for Both.

Speculation on the presidential result is rife at Washington and confident claims are being made on each side. The Washington Times of yesterday says:

"Greatest interest is felt this week n the so-called doubtful states.

Confident claims are being made at the republican, democratic and populist headquarters concerning these common wealths. Each side is claiming each state by a sweeping

There seems to be more foundation n the claims made by the republicans. It is generally admitted that their estimates are based on more reliable figures than those of either the democrats or the populists. The republicans have made their polls on reports from well-seasoned campaigners and each man has been instructed to report the weak spots. The polls of the democrats and popustance, will not admit that there is land or Kentucky going republican.

The Washington Star of yesterday

The Democratic managers here in charge of the work of the National Association of Democratic Clubs claim to be getting trustworthy information from every State in the country as to the outcome of the election next Tuesday. On this information the Democratic managers are said to be more hopeful than at any time since the beginning of the campaign.

Assistant Secretary McKean, of the Democratic congressional committee, has charge of the club work. and he talked to a Star reporter this morning about the outlook as viewed

by the officials of the association. "Some time ago," he said, "we sent out blanks to all the Democratic clubs enrolled in our organization requesting the officers to fill in the blanks so as to give the total membership of their respective clubs, the composition of the membership from a partisan standpoint and the plurality that will probably be received by either of the candidates at the point at which the club is located. .We are receiving reports from these blanks, and if they do not show the election of Bryan then no political pointer in this campaign can be depended on.

# TO PREVENT FRAUD.

Maj. Graham Holds That Election Officers Should Check all Ballots.

Mai. John W. Graham has made the following interpretation of the election law, which is of some interest. Maj. Graham's opinion was prepared for Chairman Holton and is being sent out by him in the form of a circular If the board of election perform

their duty, they will have entered on the poll books not only the name of every person who shall vote, but also in a column for the purpose, whether he votes one or both of the two separate ballots, directed by section 18, of chapter 159 of Laws of 1895. If the poll books are not so ruled these columns ought to be made. The number of votes for Governor and State officers, for instance, should correspond with the number of names on the poll books, unless some of the voters have only voted for Presidential electors, or for members or for the Judges of the Supreme or Superior Court, and these facts would appear by the names of Governor and State officers having been cut off the separate ballots directed to contain all the above named officers and Presidential electors by the first clause of section 18 or by failure of some of the voters to vote this ballot at all, which fact would or ought to appear on the poll were checked with only on ballot cast, namely, that for members of Assembly and county officers. So also the number of names on the poll book should correspond with the number of votes cast for the legislators and county officers unless there had been a failure to vote the ballot. which should appear from the poll book, and when only a part of it had been voted, this fact would appear been omitted.

If there are more votes for governor in the proper box, or in the two boxes, than there are names on the poll book, it is evident that there has been no mistake of the officers of the election, but some illegal votes have been deposited, or a failure to record the name of some voter on the poll book, which ought not to occur. as two poll books should be kept at each precinct to prevent any mistake, and the names numbered as they are taken down.

#### AFTER JIM YOUNG.

Nelson O'nelly Issues an Address to the Republican Voters of Wake.

An address to the republican voters of Wake county has been issued by Nelson O'Kelly, independent republican candidate for the legislature in which Jim Young's record is attacked and exposed.

The following reasons are given why Jim should not receive republican support:

1. James H. Young, recently nominated in a packed convention, in our opinion is unfit to represent the republican party in general, and the colored republicans in particular, of Wake county, because of the fact that he agreed that Mr. O'Kelly should have the nomination and then packed the convention against him. Soon after the democrats nominated Bryan and Sewall, the said James H. Young made speeches for them in several places in this county and bolted the republican ticket, making the statement in his paper and elsewhere that McKinley, the republican nominee for president must be taken down in this state, which meant that we would have to vote the democratic ticket. The said Young is not now making any speeches for McKinley. We do not know where he stands, on silver or gold, and cannot trust him. The said Young we believe is unstable in books, that only one ballot was his political ways and will not do to cast by the voters named, who represent us when he is in the democratic party today and the republican party tomorrow. 2. We also recall the record of the

said James H. Young in the last legislature. He was elected to that body by Republicans, but after his election he voted with the Democrats in that body more times than once. He voted to appoint three Democratic magistrates over the protest of the leading Republicans by inspection of the ballots on the of the city of Raleigh and Wake count, and what officers, if any, had county, white and black. He also refused to introduce a bill for preventing prisoners who are confined in the work house simply for costs, from wearing stripes; he also voted to seat Capt. Peebles in the contest from Northampton county over a good Republican who was considered to be entitled to the seat; even Capt. Peebles himself, it is said, did not expect to be seated. He also voted for Edwards & Broughton to have the State printing against Barnes Bros., (good Populists) and Goslin, (a good Republican) whose bids were fair and reasonable. He voted for Bronghton and other Democrats during the legislature and is now abusing them on the stump. We think he is inconsistent: He also fought against the bill that gave six per cent, interest to the poor people who borrowed money in North Carolina.

3. James H. Young said that he was his own boss when he was elected to the legislature and would do as he pleased. We do not want any bosses. When we elect men to represent us they are our servants. Again, the said James H. Young, if he continues in his career, will break up the Republican party by his effort to draw the color line and shut out our white friends from participating in the conventions.
