On both
occasions the churches were filled to
overflowing. The sermon delivered
by Dr. Kilgo at Edenton Street
Church has been highly praised by
all those who were present.
At the First Baptist Church last
evening a mass meeting of the Popu-
lists in the city was held in the in-
terest of city missions conducted by
the members of that denomination.
The meeting was very largely at-
tended and interesting exercises
were observed. Mr. J. W. Bailey
and others spoke interestingly on
city missions work. The report of
missionary Betts was submitted,
showing what had been accomplish-
ed during the year. It was resolved
to increase the mission work in the
city during the year. A collection
was taken and \$200 raised.

HILEMAN OR SCHULKEN

Republicans Concede Speak- ership to Populists.

ONLY 2 CANDIDATES.

Butler is backing Schulken and Pritchard
in pushing Hileman for Speaker.
Ship—Pritchard's Friends Ex-
tremely Confident.

A Populist will be speaker of the
House of Representatives, which
assembly Wednesday. The Repu-
blicans have conceded the popu-
list this in order to please them.
The speaker will be Ambrose F.
Hileman of Cabarrus county or J.
B. Schulken of Columbus county.
They are the only Populist candi-
dates.
Senator Butler is backing
Schulken and Senator Pritchard and
his friends are using every effort to
elect Hileman. Butler has the nomi-
nation in the fact that the nomi-
nation is to be settled in a Populist
caucus, while Pritchard has the
strongest candidate which is in his
favor.

A HEAVY OUT

Made by the Georgia Railroad Commis-
sion on Fertilizers.

The Atlanta Constitution of yester-
day says: "The 20 per cent out
on fertilizer rates goes into effect to-
day. It is said that the farmers
have taken a deep interest in this
matter, and are more stirred up over
it than on any similar question in
years. The argument was made
before the railroad commission that
the proposed reduction would save
them from \$150,000 to \$200,000 a
year on freight. This was denied
by the representatives of the rail-
roads, who stated that the middle-
men would pocket that difference
and charge the farmers as much as
though the old rates were charged.
Advices from the interior, how-
ever, are to the effect that the
farmers are clamoring for every
cent's difference made by the out.
The competition is very keen this
year between the agents who sell,
and they are said to be selling on
small margins.
The great bulk of the product is
shipped in January, February and
March. Probably 40 per cent of the
output of the factories is moved in
January.

Very little of it has been shipped
so far this season. Buyers ordered
their shipments held back until the
reduction should go into effect. For
the next few days the movement
will be very heavy. Everybody will
want his goods to move while the
commission's order is in effect. The
argument is to be heard next Wed-
nesday, and there is a chance that
the reduction may be called off after
that, but this is not very confidently
looked for.
Probably the strongest point
which the roads made on their side
of the case was that the reduction
would take a large sum of money out
of their treasuries without any com-
pensation, as it is not believed that
the sales will be increased by reason
of the lower freight rate. Fully three-
fourths of the product of the
factories has been sold now, and if
there should be a very much larger
demand for fertilizers, the factories
could not supply it.
The manufacturers say that if the
20 per cent out reduction had been
held up for thirty days, no shipments
would have been made for a month,
and by then the railroads would not
have been able to have hauled all
the fertilizer in sixty days.

The Tariff Hearings—The Cuban Question
Awaits Congress.
Special to the Press-Visitor.

WASHINGTON, D. C., Jan. 4.
One thing has been made very
clear by the first week of the tariff
hearings. That is, that the men who
have asked for higher duties, on the
ground that their present tariff is
unprofitable, must have had a big
surplus to draw upon. None of them
looked like men engaged in unprofit-
able occupations. On the contrary,
to a man they appeared well-dressed
well-fed and prosperous, and if they
haven't been making money they
must have inherited money. They
certainly didn't look like men who
were "hard up."

NAT GOODWIN COMING.

The Academy Will Secure Him if the Pub- lic Shows a Proper Appreciation.

The management of the Academy
of Music here, after a great deal of
telegraphic correspondence, secured
the offer of a date for the appearance
of Nat Goodwin on Wednesday, Feb-
ruary 11th, in this city. In signing
a contract for the appearance of Mr.
Goodwin at the Academy, the man-
agers will have to put up the largest
guarantee ever offered any attraction
to come to this city.

The Academy was very fortunate
in being able to secure a contract
for this the greatest of all comedians,
and if the management can be as-
sured of half of the amount of the
guarantee asked, the contract will
be signed immediately.

Subscription tickets, which will
not be payable earlier than the
tenth of February, will be circulated
among the people of the city during
the next few days. Persons desir-
ing to secure these tickets can do so
by calling at King's or seeing either
of the managers of the Academy.

Nat Goodwin is recognized as the
greatest actor on the stage by ev-
ery theatrical critic. No one dis-
putes his position. But any intro-
duction of Goodwin's name to the
American public would be superflu-
ous. Maxine Elliot, Mr. Goodwin's
recently wedded wife, classed with
the most beautiful women in the
world, will appear with him.

END OF BROWN'S CASE.

Not Free Taken by Solicitor—Criminal
Court Convicted.

The January term of criminal
court convened today, Judge Adams
presiding. This is Judge Adams'
first court and in charging the jury
today he performed that duty with
credit to himself.
Most of the day was spent in
organizing the court. There are 98
cases docketed.
Judge Adams signed a petition
asking for the appointment of two
additional members of the board of
county commissioners of Orange
county.

A COUNTER CHARGE

Young to Allege that Mr. Broughton
Accepted a Number of Illegal Votes.

This evening at 6:30 p. m. the ex-
amination before Justice Maroon of
the evidence in the Broughton-
Young contest for a seat in the
General Assembly will be continued.
The cross-examination of D. P.
Lana will be continued.
Mr. Broughton has introduced evi-
dence to show that twelve electors,
who were not entitled to vote, voted
for Jim Young.

Now Jim Young declares that
twenty-five electors who were not
entitled to vote cast ballots
for Mr. Broughton. Young's
counsel will introduce evi-
dence to show this, so his coun-
sellers say. It is claimed that sev-
eral Wake Forest students who voted
for Mr. Broughton were not entitled
to do so. They also allege that he
received several illegal votes in Ra-
leigh. No evidence has been pro-
duced or is at hand to show this.

FIRE IN CHARLOTTE.

The Observer Office Sustains a Heavy Loss.

The Charlotte Observer building
sustained a disastrous loss by fire
Saturday night, the result of an ex-
plosion in the office of the business
manager of job department on the
second floor. The explosion was the
work of safe robbers, who at-
tempted to blow open the safe in
that office. The paper stock in the
room was instantly ignited and the
fire spread with such rapidity that
the men in the newspaper compos-
ing room barely had time to get out,
losing their coats, hats and other
effects. The second floor was wholly,
and the third partially gutted. A
new book binding plant had just been
put in on the second floor, and this
was entirely destroyed, and all the
presses were more or less burned
besides the loss of a \$3,000 stock of
paper.

The Observer's battery of Mer-
gantaler type-setting machines was
swept by the fire, the bells
burned off and the ribs melted. The
loss is fully covered by insurance.

With its usual enterprise the Ob-
server appeared Sunday morning
with a most creditable issue. Char-
lotte should feel proud of the Ob-
server.

The companies with which the Ob-
server was insured are: The Caro-
lina Mutual of Charlotte; the Royal,
Georgia Home and North America.
The damage is six thousand, mostly
in the job office.

DEADLOCK IN IDAHO

Populists and Democrats Can't Agree on
the Spoils in Legislature.

By Telegraph to the Press-Visitor.

BOISE, IDAHO, Jan. 4.—Populists
and Democrats are in a deadlock
over the organization of the legisla-
ture. The Democrats demand con-
trol of all important committees.
The legislature met today and the
state officers were installed.

A Credit to Raleigh.

Our esteemed contemporary, the
News and Observer, of yesterday
says:

"We tender our congratulations
and felicitations to our afternoon
contemporary, the Press-Visitor,
and congratulate it upon its success.
At the meeting of stockholders on
January last a dividend of 5 per cent
on its capital stock was declared.
The Press-Visitor is an enterprise
bright and attractive, con-
spicuous, creditable alike to its pub-
lishers and to the city of Raleigh."

Varsity Ball Team.

A Great Nine Gotten Together—Games with Leading Colleges. To Play Here.

The University will probably
have the strongest ball nine in
this season the institution has
ever put out. The team is com-
posed almost entirely of old and ex-
perienced players and there is an
abundance of promising material
from which to fill the vacancies
caused by the retirement of Gregory,
Brem and Graham, members of last
year's team. The team is par-
ticularly fortunate in having a strong
corps of pitchers. Young Peearall,
the little left-handed phenomenon
who proved such an enigma in the
big northern teams will return and
he will be one of the stars on the
team.

The outfield promises to be the
strongest ever gotten together
on the state. There are nearly a
dozen applicants for outfield position
all are good players. Messrs.
Whitaker and John McKee, Ra-
leigh boys and excellent players
by the way, stand splendid chances
of making the team.

The schedule of games this season
is certainly the most gratifying that
has been arranged for a university
nine. Engagements have been made
with the leading amateur teams in
the United States and nearly all of
the games will be played on Carolina
soil.

Raleigh will have the opportunity
of seeing the University nine in this
city. A game with the Wake Forest
nine has been scheduled for April
third. The Wake Forest team is
also said to be a strong one.

Nineteen games in all have been
scheduled. The arrangements for
these games have been so complete
and thorough that only three school
days will be lost by the team in
playing them.

Three games have been arranged
with the nine of the University of
Virginia for the championship of the
South. The first of the series will
be played at Chapel Hill, the second
at Charlottesville, Va., and the third
on neutral grounds. Games have
been scheduled with Princeton at
Chapel Hill, Yale at Greensboro,
Lehigh at Winston center week,
University of Georgia two games at
Athens and Atlanta. There are
other games scheduled with leading
northern college teams.

The annual meeting of the Capital
Club will be held Wednesday even-
ing January 6th, 1897.

As heretofore announced Judge
E. T. Boykin and Mr. Armistead
Jones have formed a copartnership
for the practice of the law in this
city, under the firm name of Jones
& Boykin. These gentlemen have
offices in the Commercial and Farm-
ers Bank building.

It is not necessary to call the at-
tention of our readers to the big an-
nouncement of W. E. Jones of his
great sacrifice sale, for they will be
sure to see it any how. It is on a
big scale like every thing Mr. Jones
does and the great sacrifice sale
will be on this scale. Read the
prices he quotes and you will see
that he means business and that you
can save money by doing business
with him. Do not fail to call and
take advantage of the bargain of-
fered.
