owest Temperature of the Winter in th Morning - Plumbers Living High-There are Many Suffering from Birter Cold Weather.

The lowest temperature of the winter will occur tomorrow morn-

That is the prediction of Father Von Herrmann. The weather will be fair. Today has been by far the coldest day of the year. It was not only bitter cold but a piercing wind swept the city, adding to the discomfort of those who ventured out.

The thermometer gistered 10 de-grees above zero during the morning, and it hovered there quite a while. Of course, there were thermometers that went lower, some being reported to have touched the zero mark, but the official record is ten above.

Every person should prepare for the cold snap in the morning. There is every prospect that the mercury will drop to zero. There is, not at present, any indication of a modera tion in the intensely cold weather.

As a result of the prolonged cold weather, water and sewer pipes all over the city are frozen up, and the plumbers are taxed to their utmost to repair the damage.

Suffering among the poor is reported, but none of our people are known to be in a distressing condition. Many noble-hearted citizens have alleviated the sufferings of a great many deserving people. Wood is needed mostly just now.

The storm has moved from the North Carolina coast to New Engtand and has increased in violence, producing high gales on the north Atlantic coast, with snowand severe cold. Wind velocities of from 34 to 42 miles an hour are reported from Norfolk to Boston.

The cold wave bas now reached the south Atlantic coast and Florida. The temperature has fallen to 22 at Jacksonville and to 30 at Tampa, The weather is now clear and cold over the entire country.

A WAKE CONVICT

Pardoned by the Governor ... Pardons be Made Public in the Fature.

Governor Russell used his executive elemency today for the first time, granting a pardon to Elward Davis, who was sentenced to five years imprisonment in Wake Superfor Court for robbing Wash Shepperd near this city. Davis had already served three years of his

Governor Russell assigned the following reasons for granting the pardon:

It appearing that in this case, the pardon is recommended by Judge Hoke, the trial judge; by E. W. Pou, the solicitor; by the party injured, the prosecutor and by a large number of the best citizens of Moore county, residing in and near Sanford, and it appearing that the convict was well regarded by many good people, and it further appearing that the prisoner has already suffered an imprisonment of three years. I decide to grant the pardon. Davis' attorney, interested the gov-

ernor in his behalf. The publication of pardons marks a change in the executive department. Governor Carr departed from the custom of former governor's and the use of executive elemency was never given out to the press during Governor Carr's administration.

This brings to memory an incident of the late campaign. When Governor Russell was waging warfare against Col. O. H. Dockery for the republican nomination for governor, some eastern Dockery enthusiast gave it out that Russell had promised to pardon every negro out of the penitentiary. The statement created a smile from one of the State to the other and when the campaign closed the statement was recalled as being the canard of that memorable and bitter campaign.

By Telegraph to the Press-Visitor. Washington, Jan. 27,-The Senate foreign affairs committee adjourned without action after discussing arbitration nearly two hours.

Representative Skinner, of North Carolina, in conversation with a representative of the WashingtonStar, explained certain features of the recent senatorial contest in that state, which he thinks go to justify the action of those populist members of the legislature who voted for the reelection of Mr. Pritchard.

"The populists thoroughly under stand, then, that Mr. Pritonard will not support a free silver bill if offered as a rider on, or an obstruction to a protective tariff bill?"

"Certainly. We don't ask him to do that. In fact, we don't want him to do that. We are opposed to the putting of any obstruction whatever in the way of an inauguration and trial of the republican policy. That party has engaged to restore prosperity to the country, and it has advertised the policy which it claims will accomplish that result."

"But suppose the republicans do not fail?" was asked.

"Oh, well, in that event, they'll be very likely to succeed themselves. It is just as well to face frankly the truth of the situation. If Mr. Mc Kinley gives the country a satisfactory administration, and prosperity returns and is prevailing throughout the land in 1900, he will in all probability be re-eleted. Any campaign made against a rarty highly successful in office and then intrenched in office would fail. The people's desire for a return of prosperity is greater than their interest in any party is a party. The republicans in that case would win, not because of being republicans, but because they would stand accredited with having brought back good times.

"And you want the republicrus to have full opportunity to show what they can do?"

SCOTTISH REFORMATION.

Academy of Music Tonight and - Friday Night.

Everything is now ready for this grand entertainment. Regardless of the severe weather last night every one was at rehearsal.

The ladies and gentlemen of the court act out their sentiments of the interview in adecided manner. The costumes are elegant and in 16th century style. The singing and tableaux give a finish to the scene that can only be appreciated when seen. The guards to the court consist of a detail of Knight Temple under command of Z. P. Smith, a detail of Governor's guard, under command of Capt. Crawford, and a detail of A. & M. college cadets under command of Major Wooten.

The military drill at the close of the entertalament will be brilliant. The entire entertainment will be Mr J. C. L. Harris, who was a great-credit to the ladies of the church of Good Shepherd who are working so hard to make it a suc-

Bill to Have Them Publicly

DIVORCE LAW

Bill Meets Its Death in the House-To Change the A. & N. C. Road.

At 10 o'clock the house met and Rev Dr Pittinger offered prayer. Among the bilis introduced were the following. By Drew, to punish wife-beaters; providing that justices of the peace who try such persons shall summon a jury of six tax payers and that if convicted the offender shall receive 39 lashes for the first offence, with 10 additional for each subsequent offence; and that he also pay all costs.

Bill of Sutton, of Cumberland, to provide better protection for railway and steamship passengers was taken up. It was unfavorably reported by the judiciary committee. It clothes railway officials with full power to make arrests of persons who commit any offence or behave improperly on trains; that passengers are not to pay fare save to the conductor or captain or other person in authority; that the time of trains shall be carefully bulletined in all stations with the cause of any detention; that railways shall publish schedules in newspapers; that companies shall be liable for all damage to baggage or freight and that it shall be presumed such damage was due to the company's negligence; that railways shall be liabl for damages to any passenger who has paid fare for any failure to make connection according to their published schedules, and it shall be presumed that such negligence is due to the company's negligence; any violation of this act to be a misdeamenor, punishable by fine or im-

prisonment. Cunningham offered an amend ment striking out all the bill save that part regarding damage to trunks, McCrary said the committee

thought it a dangerous, anarchical bill, and that it was understood Schulken was "against anything which had railroad in it." Schulken replied "that he thanked God this was so." McCrary said he thanked God he was not. Schulken also championed the bill. Duffy opposed it. Sutton demanded the yeas and navs upon the adoption of the minority report. The vote was: Ayes 42, nays 52. This brought the bill before the house. Hancock offered an amendment striking out the section (6) allowing damages for failure to make connections. This was accepted by Sutton. Then Cunningham offered the amendment referred to

Aiken moved to table Cunningham's amendment. The adoption of this would of course carry the bill to the table with it. The motion to table was lost. Cunningham's amendment was taken up. Sutton | Metropolitan Hall tonight. demanded the yeas and nays on Cunningham's amendment. The vote was yeas 53, nays 37, so the amendment was adopted. The bill as amended passed its second and third

HIGHWAY ROBBERY

Near the City Last light ... Mr. J. A. Wiggs Horse Held Up By Two White Men Near Rocky Branch--- Made a

Previous Attempt. Mr. J. A. Wiggs was held up by highwaymen last night on the asylum road near Rocky branch, and with the barrell of a big bull dog pistol yawning in his face delivered

over all the cash on his person. Mr. Wiggs was returning from. Mr. J M Broughton's farm, which is several miles from the city. He was on a borse, who was walking rather briskly in the cold chill air When within a few hundred yards of Mr. June Goodwin's store, a man with an overcoat pulled closely around his neck and face slipped into the road and seized the bridle of the horse. Mr. Wiggs pulled his reins tightly and tried to break away. As he did, the highwayman let go his hold on the horse and struck Mr Wiggs in the face with some obstacle. Mr Wiggs drove rapidly on to Mr Goodwin's store. He thought he was badly hurt but he was not. The object struck his eye and pained him very much.

Mr. Wiggs remained in the store possibly thirty minutes and resumed is journey to Raleigh. As he reached Rocky branch bridge, two men stood on either side of the road. The rider had a half suspicion that the men intended to attack him, but thought that being so near the city they would hardly attempt it.

Mr. Wiggs surmised wrongly. As be started to pass between the men they made a leap for the borses'

Mr. Wiggs was surely in a dilemma. Two able bodied men, both white, held his horse by the bridle. He urged his borse forward and attempted to break away. The effort was vain. The man on the right pulled a pistol from his overcoat and pushed it uncomfortably close to Mr. Wiggs' face.

"Your money," ejaculated both robbers at once, and down went Mr. Wiggs numb hand in his pocket. Pe pulled out his purse and emptied it before the highwaymen,

Their reward was a five dollar ill and they permitted the ga man to come on to town.

Mr. Wiggs looks back on his experience of last evening with a feeling of awe. "Yes, I gave them all I had and gave it willingly," he said this morning. Mr. Wiggs has no idea who the robbers were, though be is certain that the same parties made the first attempt.
