HAWAII ANNEXATION

McKinley to Send a Special Commissioner to the Island to Report.

By Telegraph to the Press-Visitor.

SAN DIEGO, Cal., April 6.—From hints dropped by officers of the United States Cruiser, Philadelphia, it is now accepted that the vessel is awaiting the arrival here of a special commissioner to be appointed by the President to take him to Hawaii where he will investigate the condition of affairs there with a view of making a report on the question of annexing the islands to the United States.

Gov. Steadman to locate at Greensboro.

The Greensboro Record says:

Hon. Chas. M. Steadman, Lieut. Governor of North Carolina from 1884 to 1888, is in the city and what is more has decided to make this place his home in the future. Col. Steadman has been residing in Atlanta for the past few years, practicing his profession, the law, and has been very successful, but the colonel is a native North Carolinian and no matter how successful, he has yearned for the State of his nativity. This has grown upon him until it has become almost a mania with him. At last he decided to come back to the Old North State to live and die among his people, although it is to be hoped the latter contingency is a long way off, for Col. Steadman is a gentleman any community will be proud of and Greensboro is glad to have him cast his lot among us, hoping that he will find it remunerative from a business point of view, and knowing that he will certainly find it pleasant. He is known as a great constitutional lawyer all over the country and should have no trouble in finding business abundant.

Bicycle Riding on Hillsboro Street.

Hillsboro street has grown very popular of late as a bicycle thoroughfare and many pay riders frequent it every afternoon. The riders and various vehicles have come to be so thick that it is feared that collisions may occur, and the suggestion has been very properly made that the bicycle riders take one side of the street, say the North side, and the buggies and other vehicles the other. We think this is a very good suggestion and may possibly avoid a bad accident by the smaller vehicles coming in contact with the large.

New and Sparkling.

Many who have heard Polk Miller twice will be delighted to know that he comes this time, with an entirely new program of songs, stories and sketches. Every one should hear him at the Academy of Music Thursday 15th. Admission 50 cent, no extra for reserving seats.

"Meet Me at Jones' Millinery."

Jones' Millinery is a very popular place these days. All the ladies stop at Jones' Millinery whenever they are down town. And no wonder, for what woman ever tires of looking at and talking pretty, stylish millinery, and when did you ever see as handsome, roomy, airy, cosy a millinery room or as handsome a stock of millinery goods, or one half so good at near so low prices as Jones? You never did; no, not one. Lovely hat shapes in all the new, pretty materials, hundreds and hundreds to select from. Miles of Rainbow-hued Ribbons. Piles upon piles of vari-colored braids, acres of brightest hued flowers, from the tiniest wild flowers to the most gorgeous of the floral kingdom. Nature copied in all its splendid harmonies of colors. Then see our magnificent array of trimmed hats—poems of grace and beauty—a delicious airiness and lightness—materials as soft and filmy as woven threads of spiders' web. Hats fit to grace the finest brow.

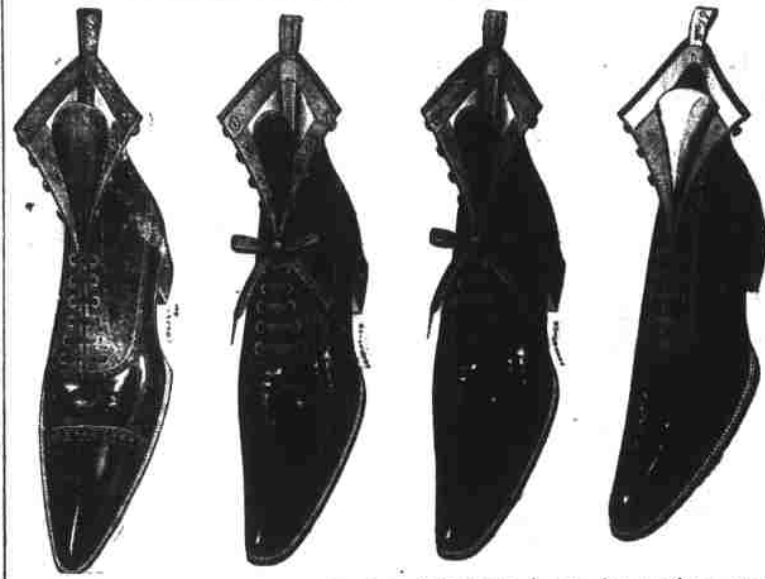

We have soft, clinging, airy, filmy, graceful dress fabrics to match all these indescribably lovely hats, and they are as cheap as the hats.

No wonder the ladies have made the phrase, "Meet me at Jones' Millinery," so popular all over town is it.
