TELEPHONE No. 168.

THURSDAY April 8

A manufacturing firm in Fitchburg, Mass., has been condemned by a jury in Boston to pay \$12,000 as damages to one of its workmen who was injured by the fall of a bridge between two of its workshops. The man sued for \$30,000.

John G. Garibaldi, of Chicago, well known through the northwest as the "Banana King," is to build a home in Chicago for aged and indigent Italians. The Italian colony in Chicago numbers 30,000 and they have never had such an institution.

Capt. Evan P. Howell, for years the head of the Atlanta Constitution has retired from the management of the paper and is succeeded as editor in chief by his son, Clark Howell, W. A. Hemphill was elected president of the company. There will be no change in the policy of the paper.

The Jacksonville Times Union says: "It is not unlikely that the freeze in Florida will ultimately prove more damaging to California than to this state. The orange product of that state is increasing rapidly, and it is estimated that the shipments of the present year will aggregate 2,352,000 boxes. Florida's groves are again beginning to bear and in two or three years this state will ship as many oranges as ever. Then the markets will be overstocked and prices will be too low to justify payment of freight from California to the markets. Florida is not more than half as distant as California from Chicago and St. Louis, and not more than one-third as distant from New York. The proximity to the market will tell in favor of Florida, and the size of the orange crop will again make the margin of profit very small, even for the growers in this state. Our people learned a lesson and they should not soon forget it. We can grow profitably in Florida almost any fruit of the tropics or of the temperate zone, and we should not again make the mistake of over-production of any one crop."

AS TO INCREASED TARIFF RATES.

The Secretary of the Treasury has issued a circular of instructions to customs officers throughout the country carrying into effect section 27 of the pending tariff bill. This section requires the Secretary of the Treasury to make provisions for collecting the increased rates of duties contemplated by the bill, and with that view he is required to retain samples of goods purchased and imported after April 1, 1897, and prior to the date on which the bill becomes a law. The circular says: To collectors and other officers of the customs:

Under authority conferred upon the Secretary of the Treasury by section 246, revised statutes, chief officers of customs are hereby instructed to delay, until further orders, final liquidation of entries made at the respective ports of any merchandise arriving there after the 1st day of April, 1897. But liquidations may be tentatively made, and such liquidations shall

not be closed and stamped, but shall be held open during the pendency of this order, so as to be amended or corrected, if necessary. These directions shall not be applied, however, to any entries made after April 1st, 1897, of merchandise which was purchased and directed by the owner to the shipper for import into the United States by any person prior to April 1st, 1897.

Hereafter all entries for consumption, except those specified in the preceding paragraph, shall be stamped in red ink by the clerks, respectively, passing the same under the direction of the collector, with the following words: "Subject to change of rates, if required by law."

Appraising officers will, whenever practicable, retain such samples of imported merchandises as may be necessary to determine any question hereafter arising relative to the proper identification and classification for duty of such merchandise.

The Carbonated has no equal in Gastric disturbances. In old chronic dyspepsias if you will wash the stomach with salt and water, and have an hour later have your patient drink the Carbonated Lithia you will make many friends and improve many stomachs. It is an excellent table water. It is an excellent laxative, and is a sure cure for flatulent dyspepsia.

Pleasant Medicine

The food you eat is of vast importance in keeping the system right. Eat right and you'll rarely have doctor's bills to pay. Good bread and butter is the best medicine in existence. If it's bad it's the worse. Probably it's never occurred to you how careful you should be about your bread and your butter.

We have a flour which we guarantee to make the best bread it's possible to produce. There's no adulteration, no bad wheat in it—simply the best wheat grown in the South in the best and most cleanly manner.

It's Patapsco Flour!
And it costs \$3 per barrel. Better buy the best, but we can give you cheaper if you want it.

Now for the Butter!
It's just as important as the bread. We have a butter which perfectly matches the bread made from Patapsco Flour. It's gilded, creamy butter, fresh, sweet, clean, appetizing and absolutely pure.
