EASTER AND ITS JOYS

Greatest Religious Festival Fittingly Celebrated.

A BEAUTIFUL DAY.

And Fashion was out in Great Splendor—The Large Offering at the Good Shepherd Church—The Churches Largely Attended.

Easter was joyously celebrated in all the churches yesterday.

The day was perfect and it brought out innumerable spring bonnets and gowns. The streets were made beautiful with lovely costumed women and handsomely dressed men. Rare and fetching creations of fashion, which have kept the modiste and milliner engaged for weeks and weeks were on dress parade. Fashion was at its best and society was out en masse. The entire population looked happy and glad, and nature certainly joined in the festivities.

The festival of Easter, the most important day of the year in church, was fittingly observed in the temples of the Lord. The musical features were of unusual excellence, special and elaborate programs being the rule at nearly all the houses of worship. Handsome decorations lent an additional enchantment at many of the churches.

At the church of the Good Shepherd yesterday, the offering reached the very handsome and magnificent sum of \$2,216. This will be added to the building fund for the construction of the new Cathedral. About \$5,000 has been secured and as soon as the fund reaches \$10,000 work will be actively inaugurated. The services yesterday were very beautiful. The music was very elaborate. The songs of praise were rendered with rare sweetness.

There were great things at the Easter services in Christ Church yesterday. At the main service of the day at 11 o'clock it was with difficulty that the ushers could find seats for all who sought admittance into that beautiful edifice. The Easter joy felt by this congregation was intensified by the return of their beloved rector Rev. Dr. Marshall who was present and with his assistant Rev. Mr. Weston, took part in the services. The altar and chancel were a mass of Calla and Easter lilies exquisite cut flowers and growing plants—all typifying the return of the great feast of the Resurrection. The music which has already been published in our columns was in harmony with the spirit of the day and it seemed at times as though the very gates of heaven were being stormed with the jubilant strains of rejoicing anthems and ecstatic alleluias. Rev. Mr. Weston preached, his sermon being an able exposition of the lessons to be drawn from the Resurrection. The services closed with the Holy communion at which Rev. Dr. Marshall was celebrant. The children's service was held in the afternoon and the long bannered procession made an impressive scene as they marched singing into the church. After a short service their offerings for general mission work were received and Rev. Mr. Weston addressed them.

At the Baptist Tabernacle there was a large attendance, both morning and evening. Dr. Sims preached two able sermons and in the evening people were turned away. The attendance at Sunday school was 591, a remarkably large showing. The offering by the infant class reached \$80.

Dr. Barron, of Charlotte, begins a meeting tonight. Services will begin promptly at eight o'clock. There will be an afternoon meeting commencing tomorrow, which will begin at 3:30 and last until 4:30.

Dr. Norman preached two interesting sermons to large congregations yesterday. The attendance at Sunday school was the largest in the history of the school and the offering was large.

At the Presbyterian church, Dr. Daniel preached ably and forcefully. At night he preached to the Knight Templars. The music was specially well rendered and the excellent choir of the church was in fine voice. The voices were rarely beautiful. Especially was the singing of Miss Watkins appreciated.

Deputy Sheriff Scott of Wayne county brought three convicts to the penitentiary this morning.

JUDGE ADAMS HERE.

Court in Session—Seduction Case of Hester vs. Robertson Taken Up.

The April term of Wake Superior court for the trial of civil cases convened this morning, his honor, Judge Spencer B. Adams, presiding. The first case taken up was that of Abram Hester against Thos. Robertson. Abram Hester brings suit against young Robertson for the seduction of his daughter, Julia, under promise of marriage. Hester seeks to recover \$5,000 damage.

Robertson is a well-to-do young man in New River township. His dark eyes sparkled this morning as he sat facing the young woman whom he is charged with having ruined. Miss Hester was simply dressed in black. She looks to be about twenty-three years of age and is not ugly. The case will hardly be concluded this evening.

The following jurors were drawn for the week this morning: S. V. House, W. H. Atkins, W. E. Mann, J. D. Dennis, R. T. Hornbuckle, Gideon Allen, G. E. Upchurch, G. A. Allen, R. L. Pendergrass, J. Z. Maynard, Chas. Atkins, J. H. Parker and J. P. H. Adams.

The lectures have the following titles: "Picturesque Palestine, or Scenes in the Holy Land"; "Around the world in 80 minutes"; "A walk through the Great Cities of the World"; "Ancient Egypt and Palestine"; "Our Mission and our Missionaries"; "A Recent Tour through Europe."

An attractive feature of the lectures will be vocal solos and beautifully illustrated songs.—Religious Herald, Richmond, Va.

Reception to the Capital Club.

Governor Russell has declined an urgent invitation to address the Insurance Convention in Southern Pines. The Governor would probably have taken advantage of the hospitality of the insurance delegates, had it not been for the fact that the reception which will be tendered to the Capital Club occurs at that time. Five hundred invitations have been issued to the reception and it promises to be a most delightful affair.

THIS DEATH A SAD ONE

Mr. J. Marshall Barber Passed Away Yesterday Afternoon From Appendicitis.

Mr. J. Marshall Barber passed away yesterday afternoon at 2:30 p. m. at the residence of Mr. W. R. Crawford on the Hillsboro road. Mr. Barber had been ill five weeks with appendicitis and the operation which was performed upon him Saturday morning only hastened the end. His case has been hopeless.

Mr. Barber's death is peculiarly sad. The announcement of his demise carried sadness to many hearts which had been made glad and joyous on that beautiful Easter day. A young man full of promise and with an unusual gift of business sagacity, he had just successfully embarked into the world of affairs. He was a young man of many excellent habits.

Mr. Barber was in the twenty-fourth year of his age when the grim reaper took him away. A grieving and sorely distressed young wife, whom he led to the altar most happily six months ago, a sorrowing mother and father and sister, and innumerable friends and acquaintances mourn his death.

The funeral occurred this afternoon at 4 p. m. from Edenton street Methodist church.

FAIR AND COOLER

Fair Weather Predicted Tomorrow with Frost at Night.

The weather prediction for Raleigh and vicinity tonight is fair and cooler. It will be fair Tuesday and the conditions will be favorable for a frost Tuesday night.

The thermometer was 54 this morning and the barometer 30.28.

The weather is fine and clear over the greater portion of the country this morning.

A low barometric area is central over the east lake region, causing a little rain and cloudy weather in that vicinity, and it is cloudy and threatening over Florida.

An extensive high pressure area is advancing from the northwest with decidedly colder weather, the temperature having fallen to 20 degrees at Bismarck. It is comparatively cool all over the country.

Mr. John W. Brown has been selected as the Democratic candidate for alderman in the fourth ward to succeed Mr. C. B. Edwards, resigned.

A STEP FORWARD.

Mr. W. P. Whitaker, Lately of the News and Observer, Takes a Position With the Press-Visitor.

It affords the management of the Press-Visitor peculiar pleasure to announce that it has closed arrangements with Mr. W. P. Whitaker, late of the News and Observer, by which Mr. Whitaker acquires an interest in the Press-Visitor and will hereafter be connected with the business department of this paper. Mr. Whitaker will have entire charge and management of our subscription department, superintending the proper delivery of the paper and the collections for the same, as well as assisting in the advertising department and the general business of the paper.

It is with especial gratification that the Press-Visitor announces the acquirement of Mr. Whitaker's services. We have known him in this connection and had opportunity to observe and to appreciate his efficiency in this particular line of work for a number of years and with the knowledge we have of his superior ability and his fine training we consider him by all odds the most competent and valuable man in the State in his field of work.

It is therefore very gratifying to us to be able to state that he will hereafter be associated with us. It means another step forward in the upbuilding of the Press-Visitor, which has been recognized as a success from the start and is now looked upon as one of the permanent and stable institutions of Raleigh. It has been our policy from the organization of this paper to strengthen and improve it at every opportunity and to leave no stone unturned to build up a newspaper which would win and hold the confidence of the public. The addition of Mr. Whitaker to the personnel of the management will at once be recognized by our readers and patrons as a long stride in the pursuance of this policy of progressiveness. He needs no introduction to the people of Raleigh and we simply ask for him that cordial good will of our patrons and friends which has been so generously accorded to the Press-Visitor during its existence. Mr. Whitaker assumes charge of his duties with us today.

A TEMPTING OFFER.

Made to Greenville by the Southern Railway.

By Telegraph to the Press-Visitor.

GREENVILLE, April 19.—The city and county authorities are considering the proposition made to them by the Southern Railway company to locate their terminus here. The company is ready to go to work at once to build the necessary side tracks and station buildings as soon as the municipal authorities agree to make the stipulated changes in the two streets that cross the track. The course of Washington street will have to be changed and a slight bend made in Highland avenue, and bridges must be built over the tracks at both crossings. The new terminal will bring from 500 to 700 people here and it is estimated that these will spend \$100,000 of their wages in Greenville.

The consensus of opinion here is that the proposition made by the railway company be accepted as made. It is liberal and will entail no serious difficulty on the part of the city. The aldermen and the supervisor seem to be a little conservative in the matter, but there is no doubt that they will act wisely in the matter. The public want the terminal, for it will add to the importance of the city, to the population and to the taxable value of its property. The changes in the streets will in themselves afford a remedy for two dangerous crossings and should be made in any event.

Receiver for North Carolina.

Following upon the appointment of receiver for the Southern Building and Loan Association by the Chancery Court, of Tennessee at Knoxville, Judge Geo. H. Brown, Jr., at Chambers in this city has on petition of certain local stockholders appointed L. P. McLeod temporary receiver for the assets of the Association in North Carolina. The order directs the Association to show cause on May 1, why the receivership should not be made permanent.

Mr. J. J. Rogers has returned from Onslow county where he spent a week fishing in New River. Sport was plentiful, and Mr. Rogers who is an expert angler enjoyed his outing most pleasantly. Mr. Rogers is looking much improved in health.

WAR UPSET MARKETS

Cotton Drops and Wheat Takes a Leap.

BEARS GREAT LOSSES

Millions Dropped—Both Greece and Turkey Will Sell Their Cotton and Create a Demand for Wheat and Feed Stuff.

NEW YORK, April 19.—The grain markets are active and excited this morning owing to war news. In the produce exchange may wheat was offered at 82½, an advance of five cents since Saturday's close. It is expected that it will go higher. There is dealing on an unusual large scale. Bulls are in supreme control of the market. There are heavy purchases to cover "short" contracts; bears loses are up into the millions.

The stock market opened in a depressed manner this morning due to war news and the disquieting condition of the London market. Cotton was affected, advices from abroad causing a falling of nineteen points from Saturday's close.

As stated in our letter the war from the levant will dominate all the markets for the present. The buying of wheat by the foreigners was on a tremendous scale and was based evidently on a tip of the formal declaration of war against Greece by Turkey. Owing to the continued observance of the Easter holidays, the markets at London and Liverpool remain closed today but in view of the war there is no doubt that all the operators there will be at their offices and utilize our markets to protect their interests. They will undoubtedly be heavy sellers of stocks and equally as heavy sellers of cotton and buyers of wheat. Germany and Russia prompted the Sultan to declare war which has practically been going on since last Friday. The thing now to watch is the attitude of the powers, as the aggressiveness of one or the other helping either Greece or Turkey might disturb the peace of Europe. As far as our country is concerned we will not be affected to any extent by war, as our trade with both Turkey and Greece according to Secretary Sherman has not exceeded \$500,000 annually. Later it would benefit us as both countries would make a demand upon us for food products and munitions of war. For the present it is bearish on stocks and cotton.

ODD FELLOWS' COLUMN.

What the Order is Doing throughout this State.

Petitions for four new Lodges are now being considered.

Talula Lodge at Cary is making preparations for a nice time at the celebration of the anniversary.

The Grand Secretary visited Tar River Lodge at Spring Hope last week and aroused a lively interest in the order.

We regret to learn that Bro. H. H. Beer, of Mount Airy, has seen fit to leave North Carolina and emigrate to Indiana.

The proceedings of the last annual session of the Sovereign Grand Lodge has been received and is being sent to the Lodges by our Grand Secretary.

The Board of Trustees of the Orphan Home will hold a session at the Home this week and will inspect the new building which is now about completed.

The Lodge Weekly has a communication from Bro. W. W. Yopp in this week's issue, in which he says all four of the Lodges there are having plenty of work.

We are certainly glad to know that Capitol Lodge is beginning to put on its war paint, it is a live one when it starts out. Look out No. 8 and 64.

The outlook for a nice growth of the Order this year was never more promising than now, and if we do not accomplish it the fault will be our own.

Brother, don't get on your high horse because you may not get things your way. Your way may be the best way, but people will surely find it out sooner by your continuance in pursuing it than by kicking up a dust so they fail to see it.

An Odd Fellow cannot be envious nor selfish if he be strictly orthodox in his life and dealings, but we sometimes think possibly it is not selfish to want what some one else has, if to get it we struggle conscience just a little. It is so easy to see right in a thing that suits us.

Seaton Gales No. 64, conferred the first degree upon three young men Friday night. This Lodge has three elected for initiation also.

Zeb Vance Lodge at Henderson has invited Grand Representative, W. C. Doughlass to deliver the address on the anniversary; we congratulate them on their selection, and can assure them of a fine address if he accepts.

CIRCUS GOING

Stirred up a Warm Debate at Mecklenburg Presbytery.

There seems, judging from the Gastonia Gazette, to have been a warm debate over circus going in the Presbytery that met at Gastonia last week. It seems says the Charlotte News that the Pineville church in an overture "set forth that rumors were current that certain ministers, together with office-bearers and members of the church had attended the circus and that in view of this it asked for a deliverance from the Presbytery upon the evil complained of." This was referred to a special committee, that made a red hot report, stating that it "has been the invariable and oft repeated declaration of all our church courts from session to General Assembly running through several generations that indulgence in such amusements either by attending them personally or affording them aid, encouragement, or comfort in any way is utterly inconsistent with the Christian profession and a most palpable and flagrant violation of church vows; that members of the church so indulging expose themselves unquestionably to severe censure and discipline of the church; that indulgence in such amusement is a sad evidence of either an unregenerated heart or a deadened conscience; and pronouncing the severest condemnation on such amusements."

The following were the closing quotations on the Chicago Grain and Provision market today:

Wheat—May, 75; July 74.

While the municipal campaign is growing warm and interesting, the Press-Visitor desires to say that, while not taking part in the contest, its columns are open to discussion and it will be glad to devote a reasonable amount of space each day to respectful communications bearing upon the issues of the day.
