ECONOMY

May be necessary in many ways when dollars are scarce and practice many, but it is not desirable to waste in the purchase of food, which is life. Below a certain standard food imperfectly nourishes; up to that standard it costs a reasonable price. We never want more than a reasonable price for our Groceries.

RAPID SALES

Give our customers the benefit of close margins. We never keep anything that is not the best of its kind, and we only want a fair profit on what we invest in it.
