TUESDAY, June 29

The officers of the Brooklyn navy yard are somewhat annoyed at the fact that a large number of desertions from the marine barracks have taken place of late. The annoyance is somewhat accentuated by the fact that those who have remained faithful to their trust have declared that the cause of the desertions is due to the bad food served out to the men.

The governor of Kansas has appointed two women to the office of notary public. But in Kentucky not only is a woman filling that office, but she is a woman of color. Mary Ellen Brown, after a number of years as a successful teacher, has received the appointment of notary public, and has qualified for its duties. Her work is likely to be chiefly among her people who are applying for pensions.

At Lexington, Ky., a few days ago, Will McAndrews and Tom Murphy, newsboys, about 14 years old, stole two bicycles. Although the offense is a felony, Police Justice Gray Falconer dismissed the prisoners on the promise of their mothers to give them a sound thrashing. After court adjourned the boys were taken to a cell, where, under the direction of Chief of Police Jesse, they were severely whipped.

It is found, as a result of some interesting experiments recently carried out by the German war office, that for an ordinary man a weight not exceeding forty-eight pounds could be carried for twenty-five miles, if the temperature does not exceed 60 degrees. without any injurious effects, even when continued for a number of days. If, however, the temperature is 10 degrees higher, the same load has a temporary effect on the organisms. A weight of sixty pounds is the maximum weight which an ordinary soldier could carry twenty-five miles a day on several consecutive days.

The eminent pianist, Chevalier Giuseppe Ferrata, who holds the first prize of the Royal Academy of Rome, and special prizes of the Italian government, and who is also a favorite pupil of the famous Liszt, has, after a number of pressing invitations, come to New Orleans. Chevalier Ferrata has been lately appointed president of the Nashville Conservatory of Music, Nashville, Tenn. He will remain here about three weeks as the guest of his brother-in-law, Mr. L. D. Lagarde, No. 833 Espanade avenue, after which time he goes east to fill professional engagements.

It is not generally yet appreciated that there is a new Apollo in the Senate for the somewhat non sequitur reasons that he had the front of Jove and the hair of Hyperion, says the Washington Times. Mr. Conkling had a run on the Adonis business, although Adonis never had white hair and died in his teens. The present senator who can lay claim to the classical inheritance of the Senate, is Mr. McLaurin, of South Carolina. During his cam-

paings in the State the opposition papers used to speak of him as "Curly-headed Jonnie." Everybody who knew the handsome, brilliant young South Carolinian, however, knows that it is not his head that is curled

Some question having been raised about the ages of the clerks and other employes in the department at Washington, the correspondent of the Chicago Record gives some interesting figures on that subject, as follows: Number of employes under 25 years of age, 1802; between 25 and 30, 2578; between 30 and 35, 2345; between 35 and 40, 2033; between 40 and 45, 1760; between 45 and 50, 1268; between 50 and 55, 1268; between 55 and 60, 742. Only six persons have been in the public service forty years. The figures do not indicate, as is often given out, that the departments are crowded with old men who can do no work.

Can't Eat

This is the complaint of thousands at this season. They have no appetite; food does not relish. They need the toning up of the stomach and digestive organs, which a course of Hood's Sarsaparilla will give them. It also purifies and enriches the blood, cures that distress after eating and internal misery only a dyspeptic can know, creates an appetite, overcomes that tired feeling and builds up and sustains the whole physical system. It so promptly and efficiently relieves dyspeptic symptoms and cures nervous headaches, that it seems to have almost "a magic touch."

Hood's Sarsaparilla

Is the best—in fact the One True Blood Purifier.

The Carbonated has no equal in Gastric disturbances.
