

Gold Discoveries in Stanley.

The Concord Standard says: There is considerable excitement in and around the little village of Gladstone in Stanley county.

Several days ago some goldminers were prospecting on the lands of Mrs. Clara Parker when they discovered some ore glittering with the yellow stuff.

It is said to be richer than any recent discovery in Stanley county.

Northern capitalists have already visited the mine and offered quite a large sum for the property.

A local company is working the mine at present. At New London a new discovery was made Wednesday when fifty dollars worth of the precious stuff was taken out by two men in one day. These discoveries have caused a general stir in gold mining circles throughout Stanley county.

Not the Right Man.

The Columbia, S. C., State says: Yesterday morning Governor Elberle was advised that feeling was running very high in Anderson over the Chris Harris case, where upon he sent a messenger to the depot yesterday morning to intercept the sheriff of Anderson, who had gone to the Pee Dee section to identify a negro arrested there supposed to be Harris. His purpose was to have the sheriff stop in Columbia in case he had the right man and lodge him in the State prison for safe keeping. But there was no need for the precaution taken. The man arrested was a half-witted kind of a boy, in no way resembling the fellow Harris.

Was Soon Feeling Better.

"For three years I was troubled with my heart and liver. I was run down in health and could hardly walk, I was so weak. I tried many medicines and finally bought a bottle of Hood's Sarsaparilla. I was soon feeling better, and after taking a few more bottles I was strong and able to work."
