

Reindeer to Assist Miners.
The Washington Post says "Secretary Bliss, of the department of the interior, yesterday instructed the commissioner of education to have the reindeer now at Teller station, Alaska, which have been broken to work, forwarded to St. Michaels, to be held there for use in forwarding supplies to the Klondyke country in case of emergency. There are about eighty of the deer, which it is believed by the administration can be utilized in this way, and the opinion prevails that they would be much more useful than dogs, because they travel more rapidly, draw more, and can live on the little forage the country produces. The secretary says that each reindeer will carry about 300 pounds and will travel a hundred miles a day. They are to be sent to St. Michaels in preference to other places, because of the available stores at that point."

In Hanging Dog's Vicinity.
The snow that fell during July and August has commenced to melt. W. J. Rose of Oglethra was in town Tuesday to have his teeth upset. So many sheep have passed the Bulletin office lately that the senior editor says he dreams of 'em, and baas in his sleep. Col. C. N. Hickerson near Andrews has and enlarge pit in solid marble 10x12; 16 feet deep with a tunnel on southeast side to draw feed out from the bottom. Where is there a duplicate of it in the United States?—Murphy (N. C.) Bulletin.

Wise Men Know
It is folly to build upon a poor foundation, either in architecture or in health. A foundation of sand is insecure, and to deaden symptoms by narcotics or nerve compounds is equally dangerous and deceptive. The true way to build up health is to make your blood pure, rich and nourishing by taking Hood's Sarsaparilla.

Hood's Pills act easily and promptly on the liver and bowels. Cure sick headache.

Yes, He Would.
"Madam," said Weary Walker to Mrs. Dunsquize. "I'm looking for work."
"Pooh!" replied that good woman. "Yes wouldn't know work if you were to find it."
"I beg your pardon, madam, for contradicting you, but let me ask how I should be able to dodge work if I did not know it when I saw it?"

Stands at the Head.
Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails and is a sure cure for consumption, coughs and colds. I cannot say enough for its merits." Dr. King's New Discovery for consumption, coughs and colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. It never disappoints. Free trial bottles at all druggists.

Sun-Burst of Bargains.

A bright spot in the life of every man or boy whose purpose is to buy a suit of clothes this fall. We have arranged for a moment of pleasure and profit for every one of our former patrons and for hundreds of new ones, and we desire every prospective purchaser of clothing or gent's furnishing goods to hang on to his dollar until he sees our

Dollar Stretching Solid Fact Bargains.
We played havoc with all old goods during the past few weeks; we just cut and slashed prices until it got too hot for them and they moved out of our way. We went into the market early, and we went in healed. We made dollars talk as they have never talked before, and we just skinned the market of the very cream of style, fabric, fit and finish. We had made room for them, and now we have every nook and corner piled up with the most popular styles, the latest novelties, the most standard grades and the very newest attractions in

Men's and Boys' Clothing.
We can fit every man or boy, be he stout, slim, big or little to regular tailor made inspection. It is a little early and a little warm yet, but what's the difference, the goods are here, the styles are correct, the prices right, and the best time to select is before the stock is broken. It will be a special delight to just take a glance at our stock; it will be refreshing.
