ODD FELLOWS COLUMN.

The Anniversary of the Order en April the 26th, is near at hand. Eighty years age the Order that is now a milion strong, had only five members.

Since April the 26th, 1819, when the founders of the Order met and organized their first lodge, it has initiated over two million members and paid out for their relief over seventy-five million dollars.

Such letters as the one received from Bro. J. A. Randall, the Secretary of Aberdeen Lodge, on yesterday, makes us feel glad. His closing sentence reads: "Well, our Lodge is overrun with work all the time. Six on the read and more waiting."

Mantoe may look out now. They had notice of a joint meeting of the three lodges on Tuesday, April 26th, the anniversary, and on Thursday evening last Ruth Bebekah Lodge decided to pay them a visit at the same time Make room for the sisters Maneo. They are coming, too.

When the Grand Lodge meets on May 10th, it will have one very important matter, at least, to claim its attention, and that is the chartering and the organizing of a State Assembly of the Rebekah Lodges in the State. If we ever needed women's help it is now. if we expect to receive it we must have a State organization.

The Wilmington Messenger furnishes us the following items from that stronghold of Odd Fellowship;

"Tuesday, the 26th instant, will be the seventy-ninth anniversary of the Independent Order of Odd Fellows and the six lodges of the order in this city, Campbell Encampment No. 1, Cape Fear No. 2, Orion No. 67, Wilmington No. 139. Hanover No. 145, and Letitia Rebekah Lodge No. 3, will celebrate the day appropriately.

Letitia Rebekah Lodge No. 3, are soon to give a delightful entertainment, which will be participated in by nearly two score of little folks and

others. Rehearsals, under the direction of Mrs. W. M. Hurst, are now being held and the children are making fast progress in mastering their parts in this

charming affair to be. The nature of the entertainment, the date for its production and, in fact, the full particulars, will be announced

later." The joint committee who have in charge the entertainment of the Grand Lodge, have decided to have the Orphan children at the Home in Goldsboro to be present and render some exercises during the session of the Grand Lodge. The committee will expect the families of the Order to take them to their homes during their stay in the city, and give them all a good time. Remember brethren that those are the children of our dead comrades. and but for our care they might be begging from door to door. The Wilmington people who have had these children three times among them say they are the best children they ever saw. Don't all speak at once, but please let the committee know if you will entertain one or more. They will be in the city one night and nearly two days.

Character is what we are. Reputation is what others think we are. Does our character and reputation run paralel, or do they diverge.

At this point there comes to every one a serious thought, and especially is this true to those who have ob served the lessons and the obligations of an Odd Fellow

The character which they voluntar ily assume, should not be simply assumed. It should be a life work, a principle, permeating every act and thought dominating every emotion in order that our reputation may be just what our character is.

How else can we be true? A man devoid of truth is despicable. He is shunned, detested and despised. The man of truth is the best and the strongest man. He wins respect involuntarily. No one can do otherwise than respect the man of truth even though not in accord or sympathy with him. Such men bless and purify a community. Truth is eternal and must live, but when character and reputation are very wide apart there is room to doubt whether there be truth in the character. How then can an Odd Fellow be untruthful, either in word or deed? He may claim to be such, but does the character and the reputation both show it?

PRIMARIES MAY 14

Executive Committee Meet-A Ringing Call Issued, Inviting All White Men Who Favor Anglo-Saxon Su premacy to l'articipate.

The Democracy of Wake county was never more enthusiastic or in better fighting trim than today. The privates, as well as the leaders, are thor-

oughly alive to the situation. The activity and earnestness of the party was thoroughly demonstrated today by the large and enthusiastic meeting of the Democratic executive committee. This committee met in the Mayor's office at noon, in pursuance to a call issued by the chairman, for the purpose of setting the date for the primaries throughout Wake county and for the county convention.

Mr. Armistead Jones, county chairman, called the committee to order. Capt. R. H. Brooks, the secretary, was also present. Nearly every member of the committee was present and the utmost harmony prevailed.

The following call was issued: Raleigh, N. C., April 9th, 1898. At a meeting of the Democratic Executive committee of Wake county. held in the city of Raleigh on 9th day of April, 1898, it was ordered that the county convention be held in Raleigh, N. C., Saturday, May 21st, 1898, at 12 o'clock m., and that the primaries be held in each precinct of the county

on Saturday, May 14th, 1898. This county convention is called for the purpose of electing delegates to the State, Congressional and Judicial conventions. It was unanimously resolved that all white electors, regardless of former political affiliations, who intend to vote with us in the next election and who desire the re-establishment of Anglo-Saxon supremacy and honest government in North Carolina are cordially invited to participate in all primaries and conventions.

ARMISTEAD JONES, Chairman. R. H. Brooks, Secretary.

MUSICIANS TO MEET.

A Permanent State Association Will be Organized Here April 26th.

Them usic teachers of the State will meet here and organize a permanent State association on April 26th. The committee having the matter charge is composed of Professors W. G. Bryant, John Simpson and George Meares. They have sent out seven hundred earnest requests to the music teachers of the State to attend this meeting. This noticel s intended as an invitation to every music teacher in

A SUPERB ORGANIZATION.

Mr. J. S. Atkinson, who is the manager of the Southern May Musical Festival company, composed of thirty members of the Boston Symphony Orchestra and eighteen noted vocalists of New York and Boston, we are pleased to note is meeting with great success on his advance trip. They are booked for the large cities such as Atlanta, Nashville, Savannah, Knoxville and other points, and are also on the official programme of the Mecklenhurg Independence celebration at Charlotte, May 20th. At some of the larger citles, where there are large auditoriums, the advance sales have reached from three to four thousand dollars. This is the finest organization of this character even brought South. and it is to be regretted that Raleigh has not the facilities for such a combination to appear here.

THE MIKADO.

The Sale of Seats Began Yesterday and Was Large.

There was a rush vesterday at King's drug store to secure seats for Monday evening's performance of the Mikado. The sale began at 9 o'clock, and in an hour nearly half the seats were sold. A notably fine audience is guaranteed. Today the sale of seats begins for the performance Tuesday night. It should be remembered that the boxes, which will be very attractively decorated, arc for sale-prices \$5 each for the lower and \$2.50 for the upper.

The extremely artistic photographs on views at King's of the members of the cast of the "Mikado," also of the chorus, and the girls who give the fan dance and drill, and the tots who give the baby dance and drill and sing the nursery rhymes, alf attract much at-

ention. The rehearsal tonight will be the final one, and upon its entire success naturally much depends.

This morning at 10 o'clock the girls the give the fan drill and the children who are to give the baby dance and drill and songs are to meet at the home of Miss Fannie McPheeters on South Dawson street for rehearsal.

The "Mikado" is to be one of the most pleasing things of the Easter season. For its own sake it deserves great audience, and the noble charity of which it is given in aid appeals to all, so there is a double reason why the Academy of Music should have not a vacant seat at both of the perform-

By Telegraph to The Press-Visitor. Washington, April 9.-There were few callers at the White House this morning. Reports that the Queen Regent would sign a decree declaring armistice in Cuba, to be followed by independence, is unconfirmed in official quarters. Senator Cullom, who called at the State Department and at the White House, said that he had heard a rumor of the Queen's intentions but he is not aware of any dispatch on the subject received from Spain within the last twenty hours. He suggested that armistice could only be affected with the consenof both parties and scouted the Idea that there might be a change of view on the part of the insurgents.
