Another Raleigh Boy Promoted

The Columbia, S C, Register of the 1st inst, has the following announcement concerning Mr D J Justice, one of Raleigh's young men, who has gone forth to make his mark in the world:

"Mr D J Justice, one of the most competent and popular engineers on the Atlantic Coast Line, will today take charge as foreman of the machine shops at Florence, a position to which the management has promoted him.

For more than two years Mr Justice has been running on the line between Florence, Columbia and Charleston, and has been looked upon as one of the most careful and efficient in the coast Line's employ. Mr Justice enjoys the distinction of having made the fastest run between Columbia and Charleston that was ever made over the Coast Line. All who know Mr Justice will agree that the Coast Line officials know a good man when they see him, and that his promotion is well earned and deserved."

The many friends of Mr Justice will be delighted to hear of his promotion. Another laurel added to Raleigh.

Board of Aldermen.

The regular monthly session of the board took place last night.

A motion made by Alderman Bagwell, to have certain vacant lots in the old city cemetery sold and the proceeds devoted to improvements on the grounds, was after discussion withdrawn for the present.

Alderman Robinson, from a special committee, submitted a report, which recommended that the Richmond & Danville Railroad company be required to build a foot and vehicle bridge over their road on Cannon street, which street is cut into by the railroad. The report was ordered sent to the railroad officials for confirmation.

A communication was read from Maj B S Tucker, stating that in view of the fact that he had offered to give five thousand dollars for forty eight thousand dollars (face value) worth of Raleigh & Augusta Railroad bonds now owned by the city, which amount was to have gone to the building fund of Trinity College, had that institution been located here, and since that institution had decided to go elsewhere, he would like to be relieved from the proposition he had made. He further requested that the city put a reasonable price on the bonds and give him the refusal of purchasing them. The communication was referred to the finance committee.

Alderman Holding offered a resolution, the effect of which was to repeal special license taxes on every business and profession in the city except such as belong under special police regulations.

After discussion, the resolution was referred to the finance committee, to be reported at a special meeting to be held at some time prior to May 1st.

Four button Suede Gloves at 65c, worth 90c. It is by a lucky chance these interesting drives can be offered the public.

Returned From a Business Trip.

We are glad to see our friend Mr Charles A Goodwin on the streets again today after a brief business trip to his marble works in Fayetteville, also a trip into South Carolina. He reports business fair. On a like trip a few days since he sold quite a lot of work in his line, among which was a handsome granite monument, and we feel sure satisfaction will be given. As an evidence of this, we speak of the many fine granite monuments he has erected in Oakwood Cemetery. Prominent among them are seen: The Tucker, Turner, Shotwell, Reade and the twin monuments of Messrs B F Montague and Ivan Proctor besides a fine lot of marble work of his can be seen in both Cemeteries of our city, which seem to have given satisfaction in every respect. We are glad to see our young fellow citizen so enthusiastic and energetic in his business.

Dandy Clothing.

We are sure that new, nobby spring clothing is interesting to young men. Something real dandy in new spring suits is not only interesting but delightful. A young fellow in love has a vivid imagination as to what will make him appear dignified and charming in the eyes of his adorable. Hence he soliloquizes in this manner. What will Annie say when she sees me diked in this tight grey cutaway, this light Derby, this tie of four in hand, these patent leather gaiters, this high collar, this white silk handkerchief protruding from the breast pocket, these tan kid gloves and this white handle cane? If she loves me she must show it plainly tomorrow evening when I call to take her to church. Now I tell you this Racket Store is a great blessing to us fellows. All this outfit is nice and if it had not been cheap I could not have spared the money. And as he looked in the mirror he could not suppress the exclamation: Hurrah for the Racket Store. Furthermore, he says I walked up the street this a.m. and saw the same kind of suit as this I have on marked out at \$18, and I only gave \$10.55 for this at the Big Racket Store. More than that, I can say the Big Racket Store is keeping the largest stock clothing to be found at Raleigh. Their children's clothing is perfectly lovely, and I do believe they are selling child's suits for less than half what other stores are asking for it. The Big Racket Store is doing the business.

Indispensible.

Washington Gazette. THE EVENING VISITOR, in its beautiful new dress, under the management of Brown & Ferrell, looks handsome indeed, and is one of our most welcome visitors. This bright evening daily is indispensable in Raleigh, and deserves the abundant patronage it receives.
