For the benefit of our little friend as well as others, we answer, our opinion is, that the killing of birds by any method, after the prescribed time, is illegal. Let the birds alone for the present

While the committee to locate the Baptist Female College have been busy at work trying to decide as to the most desirable site, our citizens, a great many of them also have been busy endeavoring to do the same and from the talk we hear upon the streets, we believe a majority of them have decided in favor of the Seawell place, the beautiful grove out on New Berne avenue.

Board of Aldermen.

A special meeting of the Board of Aldermen was held last night, principally for the purpose of considering Alderman Holding's resolution relative to the reduction of certain special tax licenses.

The Street Committee was authorized to make provision for carrying water off the lot of the North Carolina Wagon Company.

The Park Committee was authorized to spend \$20, for repairing a house in Pullen Park, and to purchase two dozen benches for Nash Square.

The committee was instructed to look into the matter of the indebtedness of the city to the electric light company and report at next meeting. This matter arose from the fact there is a claim that the electric light company is not giving lights of the candle power demanded in the contract, and that in consequence of this, the city had not paid the company anything in five months.

The committee on apportionment recommended the following appropriations for the year 1890:

Officers and police force, \$13,000; fire and water, \$9,500; parks, \$500; medicine (charity, etc), \$900; printing, etc, \$500; sundries, \$2,000; commissions and interest, \$1,576; fuel, \$25; streets, \$12,500. Total, \$46,380. Adopted.

The resolution of Alderman Holding being taken up, Alderman Ward, from the finance committee, submitted a verbal report on behalf of the majority of the committee, which was unfavorable to the repeal of the licenses.

Alderman Wilder submitted a minority report favoring the repeal of licenses.

The matter was then widely discussed, Alderman Holding, leading. A vote being taken, the result was the repeal of the license tax on physicians, hotels, and a reduction of the license from twenty five to ten dollars on stock and bond brokers, junk dealers, pawn brokers, sewing machine companies, dealers in musical instruments, sales stables and stock yards.

Alderman Holding then moved that the Board adjourn to next Thursday night when the whole question shall be opened again and reconsidered in full. His motion was adopted.

Some people are of opinion that a man shouldn't take his wife on a wedding tour to Niagara or any of those sublime looking places. She is generally so apt to be impressed by them that he is small in comparison; and if there is ever a period when a wife is likely to consider that her worse half amounts to something it is the week or two following the wedding. The custom of these journeys ought to be called in for repairs.

OUR GALLANT AND MANLY POLICE.

Faithful Guardians—Brief Sketches of Who They Are.

JOHN A. BASHFORD.

Since 1889, Mr Bashford has been one of the faithful patrolmen of Raleigh. He was elected under Mayor Manly at the same time Chief C D Heartt was, and is therefore also entitled to a reception next month. He is forty five years of age, weighs two hundred and thirty six pounds, and is five feet eleven inches high. He too, left the blacksmith's anvil for the policeman's star and billy, having enjoyed a full apprenticeship at the R & G R R shops. A man of quiet but determined manner, born and reared in Raleigh, and therefore knows it as few in the city does. With John Bashford on one side of an offender and Jack Beasley on the other nothing short of a cyclone could keep that man out of the lock up. His ten years continuous service is the best evidence of his qualifications and efficiency. We have never heard a complaint against him

W. W. WILLIS.

also began service in 1880, under Mayor Manly. He is thirty nine years of age, weighs one hundred and seventy six pounds and is five feet ten inches high. He came to this city from Newbern, N C, where he was very popular. There are but few better built men than he, and at one time we know he could throw a heavy weight farther than any man in a large crowd gathered for the purpose, and had muscle after the John Sullivan sort. He is good looking and clever, and hardly knows what fear is. In all the ten years he has been on the force he has had only one spell of sickness, and his vigilance and faithfulness entitle him to the reelection he has enjoyed from term to term without any question. He despises wrong doing and is the soul of honor.

W. E. HOGUE

was placed on the force in October 1882, under Mayor Dodd. He is thirty nine years old, weighs one hundred and eighty pounds, and is five feet four and a half inches high. In some cities he would be under size for a policeman. But he is every inch a man and as good grit as ever wore a star. Courageous and firm, he knows only duty, when on his beat, and is justly considered one of the best of the force. He was elected to fill a vacancy, at a time when there were a great many worthy applicants, and if there has ever been any cause to regret it we have not heard it.

G. A. STRICKLAND

was chosen to fill an unexpired term in January 1888, under Mayor Dodd. He is thirty four years of age, weighs two hundred and thirty five and is six feet one and a half inches high. A fine looking man in every way, and seems born for the business. He is also good in detective work and a terror to evil doers. No man on the force has gained more popularity than he for fearless and faithful service. Like some of the others, his size specially marks him for his work and yet like Jack Beasley he is as gentle and kind as a child when gentleness is needed. Quick, intelligent, upright and honorable he well deserves his popularity. Better keep out of Strickland's way or quit your meanness.

There are four remaining that we shall notice in a future issue.

A young man, recently married, suggested to his wife that they should argue some question frankly and fully every morning, in order to learn more of each other. The first question happened to be: "Whether a woman could dress on seventy five dollars a year?" and he took the affirmative; and when last seen he had climbed into a hay loft and was pulling a ladder up after him.

Have You Tried the Henry W. Grady Cigar Yet?

They are good, as is attested by their enormous sale. Five cents strictly, at J Hal Bobbitt's.

Drapery Nets.

A real silk black La Tosca net forty six inches wide at 85 cents per yard; looks cheap enough surely. This is shown at W H & R S Tucker & Co's, with another still better forty eight inches wide at \$1.00. Colored nets for evening wear begin as low as 60 cents, and the black silk lace flouncings of excellent value and beautiful designs at 75c 90, \$1.00 and so on up.

A Luxury.

Messrs Sumner & Watts, the enterprising barbers, earnestly solicit the patronage of the public. Their new shop, 230 Fayetteville street, opposite the city market, is fixed up in a style unsurpassed by any establishment of the kind in the State. Those wishing a good shave, or hair dressing can be served with the utmost satisfaction. They have the latest invention in the way of patent adjusting chairs, rendering it a most enjoyable comfort in the way of the tonsorial art. We speak from experience in the matter having been beneficiaries of the comforts dispensed at their establishment. These chairs are unsurpassed for convenience and cannot be equaled in this city. Give Messrs Sumner & Watts, a call and take our word for it they will please you. You will leave their shop contented with yourself and the "rest of mankind."

The Matter Of

Children's and boy's clothing is a source of great perplexity to those who have little sons. There are few stores where you can get children's and boys clothing to suit you, and at the same time get prices to suit you. Now we make it our special business to keep this particular kind of clothing at Swindell's Racket Store, and we know the price is from one to two dollars less on each suit. Now this is quite a saving. We are sure that we handle more clothing both of men's and boy's than any other store in Raleigh, and as for gent's furnishing goods, we do not fear competition. Just received a big lot of Seluloid collars and cuffs in white and striped. Fifty roles of new spring carpets and straw matting just opened at
