LARGEST CITY CIRCULATION.

Index to New Advertisements.

J Hal Bobbitt—Pharmacist.
Bevers & Horton—Groceries.

In and Around the City.

Maj Clement Dowd, of Charlotte, is in the city.

An extension of the street car lines is now being seriously talked about.

Paving around the capitol square is progressing at a lively rate.

Is it too soon to be thinking about a good old fashioned celebration on the 4th of July? Let us think about it.

Mr M T Leach has gone to Louisville on business.

Mr K B Waitt and wife left this afternoon for Atlanta, Ga to visit their son.

A considerable number of our people propose to take in the Railroad celebration at Wilmington.

The new Yale boxes at the postoffice are being fast taken. Many who had old boxes have substituted them for the new ones.

If it were done, when 'tis done, then 'twere well it were done quickly—we mean the extension of the street car lines, and the use of electricity as a motive power.

The mayor and police are having an easy time just about now. There are but few cases to disturb their equanimity.

A fertilizer license was issued yesterday afternoon to the Southern Fertilizer Company of Richmond, Va. to sell the Anchor Brand of Fertilizer.

Maj Cameron has ceased his editorial connection with the Asheville citizen. A difference of opinion between him and the owner of the paper on matters of journalistic policy, is given as the cause.

Mrs Hancock, who resided at the corner of Cabarrus and Dawson streets, died suddenly of heart disease yesterday. She fell from a chair while apparently in good health.

The city sanitary officers are now on their second rounds, and all citizens should look to it that their premises are in proper condition. The ordinances relative to penalties will be strictly enforced.

Mr E S Cheek has been selected as the representative from Raleigh Typographical Union, No 54, to the International Union, which holds its session in Atlanta, Ga, on Tuesday, June 10th.

Tomorrow, Wilmington, will put on its holiday attire, and celebrate with becoming elat the completion of the Cape Fear and Yadkin Valley Railroad to that city. It will be a grand and a joyous occasion, and we know that all who visit "our sister by the sea," will have a fine time.

The house on South Wilmington street next to the Union Mission is being entirely renovated and will be changed into a large store. It is owned by Ivan M Proctor, who yesterday purchased from Maj R S Tucker a strip of lot eight inches wide and fifty feet long, which carried with it the ownership of a brick wall to be used by Mr Proctor in the new building.

The directors of the institution for the deaf and dumb and the blind, held a meeting last night. Much routine business was disposed of. We learn that the institutions are fuller than usual this season, and, the matter of more extended buildings will doubtless come before the next legislature. We are rather of the opinion, that another institution, to be located in the western part of the State would be a good idea. The unfortunates of our State should by all means receive all the care possible.

The gubernatorial question is, after all, a delegate one.

R N Wynne, of Panther Branch township, is in the city today. His name is prominently mentioned as a candidate for the office of sheriff of Wake county. 'Bob' is a clever fellow.

In our statement yesterday concerning the surrender of Raleigh, we said that Gen Wheeler's cavalry so far as we knew, was never in the State. A friend informs us that Wheeler's cavalry had been consolidated with Hampton's cavalry, and that Gen Hampton was in command. We know that Hampton's cavalry, as it was then termed, protected the rear of Gen Johnson's army when it passed through here. Of course, we gave our own recollection of it, and yield to those who are emphatic in their statements. A friend, who ought to know, says that Gen Wheeler stopped while here with Johnson's retreating army, at Gov Thomas Bragg's residence.

A Nice Picture.

We have received a beautiful picture of the 'Texas Spring Palace' in which will be held the grand exhibit at Fort Worth Texas, commencing May 10th, and ending May 31st. The building is erected entirely out of native Texas material and is one of the most imposing edifices ever built on this continent for a similar purpose. The exhibit will be a grand epoch in the history of the South.

Election of Vestrymen.

The vestry of Christ Church last evening elected the following officers for the ensuing year: Dr R H Lewis, senior warden; Dr V E Turner, junior warden; Mr F P Haywood, Jr, treasurer, and Mr John Ward, secretary.

The following gentlemen were elected as delegates to the Diocesan Convention, to be held at Tarboro, May 14th: Dr R H Lewis, Mr Charles E Johnson, Maj R S Tucker and F B Daney.

The following are the alternates: Maj E J Hardin, Dr H B Battle, Mr Wm Grimes and Mr J C Drewry.

New Advertisements.

Attention is called to the advertisement of Messrs Beavers & Horton who announce a most complete stock of fancy groceries in all its varied departments. All in need of groceries at the most moderate rates, should give them a call and inspect their superb selections.

We call attention to the attractive advertisement of Mr J Hal Bobbitt, Pharmacist, who has one of the most complete selections of everything pertaining to the drug line, to be found in North Carolina. His selections of fancy and toilet articles are unsurpassed and a careful inspection by the public is invited.

Our University.

The commencement exercises, at the State University, will be of unusual interest this year. There will be some change in the programme. In stead of the entire day of Wednesday, in commencement week, being taken up by a speaker and preacher from abroad, the sermon will be delivered on the Sunday before, and Wednesday will be given up entirely to the alumni. On that day the alumni association will meet, and deliberate on measures for the advancement of the institution, and have a social reunion. An effort will also be made to start an endowment fund for the establishment of a chair of history. There will also be an effort made to amend the charter of the university so that the alumni may elect a certain per cent of the trustees of the institution. The question of organizing branch alumni associations in various towns of the State, will be taken up. These already exist in Raleigh and Goldsboro.

Nobody wants an ocean bed or the salt rheum.

Weather Report.

For Raleigh - fair weather, slightly cooler.

DIED.

At the residence of his parents on Polk street yesterday afternoon, Thos Tillinghast, son of Mr W D Tillinghast, aged 8 years. The funeral took place this afternoon at 6 o'clock from the Church of the Good Shepherd.

Transferred.

The many friends here of Capt George Waitt will be glad to hear of his further promotion. The Durham Sun says:

Capt George Waitt, who has been the conductor on the University road a branch of the R & D road, has left that Company and accepted a position on the Atlantic & Danville road. Capt Waitt is a most excellent gentleman and we are glad to hear of his good luck.

Y. M. C. A.

The effort to re-establish the Young Men's Christian Association, in this city, on a firm footing should receive the aid of all our people to the fullest extent possible. It would seem to be a shame upon the fair name of Raleigh, if an association productive of so much good should be allowed to languish. In most cities the size of Raleigh, the associations are in a most prosperous condition, and certainly there is no reason why it should not be so here. At the meeting held here last Sunday afternoon, the following committee was appointed to correspond with gentlemen prominent in such work to come here and deliver addresses:

Messrs W L Hill, chairman; S J Betts, Walter Woolcott, Arthur Arrington, J D Miller and W T Hampton. It is understood that Mr R B Glenn, of Winston will be here in the next week or so, and other prominent men may be expected. We hope the matter may be pushed forward to an early consummation.

Wilmington's Celebration.

The address of welcome at the celebration will be delivered by Hon A M Waddell and the response by Judge John A Gilmer.

There will be ten toasts at the banquet.

Vicksburg Levees Will Stand.

VICKSBURG, Miss, April 14.—Capt Douglass, in charge of the levees between here and Natchez, reports them able to stand fifteen inches more water. From his observations at Warrenton Engineer Olivera concludes that the theory is correct that by confining the stream between levees the channel will be scoured out and become deeper. There is six feet more depth at that point now than in March.

A report from Greenville states that Mayor Starling has secured both ends of the Catfish crevasse and one end of the Easton's crevasse. None of the crevasse is widening, and the river is stationary. There is no actual des titution among the people. Those whose homes are submerged are provided with railway box cars. The weather is warm and pleasant.

"How are you coming on?" inquired the man of his wet boot.

W H & R S TUCKER & CO.

Oh, Ain't that Beautiful!

This remark was uttered in rapture by 50 ladies on beholding the wonderful display of spring dress fabrics which were displayed at our store. Yesterday being the first real spring day we have had the ladies were out in full force, and we feel more than satisfied at the words of praise and approval bestowed on our elegant dress stuffs and trimmings. Truly true merit is the secret of success. Our millinery department was also crowded to its utmost capacity. Our business in this department this spring is especially gratifying, and we intend to make this branch of our business the millinery bazar of the State. We have a beautiful line of Persian mulls, figured at 12c per yard. The patterns are beautiful.

AT SWINDELL'S.

A Dry Sunday in Rochester.

ROCHESTER, N Y, April 13.—This has been the driest Sunday that Rochester has experienced in years. William Carroll, the new Democratic Mayor, issued an order last week that all saloons should be closed on Sunday, and the order was strictly enforced. No liquors were allowed to be served on the hotel tables. Several thousand persons visited the lake resorts at Charlotte, which had been hastily opened in advance of the season to take advantage of the extra business. The liquor dealers of the city have subscribed \$2,000 toward securing a rigid enforcement of the Sunday law, and declare that they will close every drug store and news room in the city.

A Louisiana Town Under Water

NEW ORLEANS, April 13.—The town of Sims Port, in Point Coupee Parish, is two feet under water from the break in the Atchafalava levee. The Cason levee, on the west bank, seventeen miles north of Neville, broke last night. The Big Bend levee, eight miles west of Sims Port, is also broken.

Tight lacing is possibly entitled to consideration as an economic measure. It prevents waist.

It makes no difference how plucky a man may be, his friends will always drop the p in telling of it.

When a man is hungry he takes a little ailment for his ailment. Homoeopathy gets a close call here.

The good may die young; but the pranks of the average small boy show that it must be very, very young, indeed.—Puck.

There were 1,927 immigrants landed at Castle Garden Saturday, and of these 1,450 were Italians, mostly men between twenty and forty years of age, and of the poorest class. They were divided into two batches, one going to Philadelphia and the other to Chicago. Several well known padrones met them, but the inspectors failed to get any legal obstacle to their landing.
