In and Around the City.

Leaves growing fast.
Picnics all the rage.
The merry month of May will soon be here with all its flowers and beautiful sentiments.
Every member of the Busbee degree staff will meet at their Lodge room at 8 o'clock this evening for rehearsal.
It is said that the Fayetteville Independent Light Infantry have decided to secede from the State Guard.
Our contemporary, the Raleigh Christian Advocate, has been greatly improved and presents a beautiful appearance. We wish it continued success.
The Building Committee of the new Union Depot met in Greensboro today for the discussion of plans, etc. We may now look for an early start in the building line.

No abatement in the Railroad War at Durham. Mr Christian, of the Durham, and Northern Road, is just from Durham this evening; says the excitement is intense, and fears are entertained of serious trouble.

B F Dawson, deputy sheriff of Edgecombe county, on yesterday evening brought three convicts to the penitentiary, and this morning Sheriff W H Pulley of Person county, added three more to the number of boarders of said institution.

We can assure our worthy City Fathers, that there is an earnest desire on the part of a very large majority of our people to have the market house building painted. No better time than now to put on a nice spring suit.

The Railroad Investigating Committee met this morning, and after transacting some business looking to their next meeting adjourned to June 17th next. Mr C M Busbee was appointed to assist the Attorney General in mapping out and having all cases ready for next meeting.

At the joint meeting of the Committees held yesterday, to arrange for the Chamber of Commerce Banquet, it was announced that Dr R H Lewis could not be present to respond to the toast: "Our Educational Interest," and Maj E G Harrell was selected in his place. Another meeting of the committees will be held during the present week to perfect arrangements.

Prof McIver, Teacher's Institute Instructor, appointed by the Board of Education, who is spending some days in this city, visiting from his arduous labors for several months past, says the people are taking more interest in the subject of education than ever before—that he thinks his next Teacher's Institute will be held at Wilson sometime during the first of May. The Professor is a hard worker and does most efficient work.

Sad Cases.

John R Upchurch reports that on yesterday morning he saw, down near the Harnett line, three of the most forlorn and destitute cases he had ever seen in this country. Three persons, two old ladies and one little girl about twelve years old, on foot tramping through the country. The oldest one of the old ladies totally blind, the other one near sighted, could hardly see to walk; the little girl was on crutches. They claimed to be from Tennessee and originally from Illinois, and said they were trying to make their way back to said State.

RAILROAD WAR.

Exciting Times in Durham Between the R & D and D & N Rail Roads.

The utmost excitement prevailed in our sister city, Durham yesterday, owing to what may be termed a regular "Railroad War" between the friends of the Oxford and Clarksville road. (R & D) and the Durham and Northern.

Two attempts were made by the Richmond & Danville party early in the morning to tear up the iron of the Durham & Northern. Both times the leaders were arrested. They were tried before his Honor, Mayor Christian, at 10 o'clock. He decided that they could not molest the track which was situated on Peabody street, because the street belongs to the town and the town granted the right of way to the Durham & Northern.

The R & D authorities then repaired to the point where the D & N track comes into Peabody street. This point was promptly covered by box cars and flats by the D & N men.

Since then the object of the R & D parties seems to be to connect with their opponent's line, and by running one of their engines over, remove the offending cars. They made false works, over which they intend to run their tracks. The town is very much excited, and great anxiety is evinced as to what will be the end of the fight.

Yesterday afternoon, the Chief of Police, of Durham, arrived in this city bringing with him Mr W L Moring, who was arraigned this morning before Judge Armfield on a writ of habeas corpus.

It is stated that during most of the day, yesterday, all the police force of Durham were on duty at the scene of the disturbance, and people flocked there by hundreds. The town authorities having planted the post on Peabody street the police stationed themselves there to prevent the O & C force from proceeding further. The men were ordered to remove the post and to proceed with laying the track and the first man to strike a liek was Moring who was at once arrested.

MR. MORING DISCHARGED

Judge Armfield, this morning decided that there was nothing in the acts of Mr Moring to justify the charge of forcible trespass, and he was therefore discharged from custody and the town of Durham taxed with the costs.

Arrangements Perfected.

A considerable number of ladies met last evening at the residence of Mrs C S Allen on West Hargett street for the purpose of perfecting arrangements for the concert and fair to be given by the Governors Guard, commencing on the 29th inst. Committees were appointed and the ladies are determined that nothing shall be left undone to render the occasion a complete success. Musical talent, of a high order will be secured for the concert. Eighteen contestants from various companies have been registered for the prize drill, which promises to be most exciting.

Soldiers Home.

The Raleigh Fertilizer Company of which W G Upchurch, Esq is President, offered at the late State Fair, a ton of Raleigh Fertilizer, as a prize for the largest number of bales of cotton exhibited, which was awarded to the Johnston County Alliance. It was agreed that the fertilizer should be donated for the benefit of the Confederate Soldier's home, and a committee was appointed to dispose of it for that purpose. In accordance with this arrangement, it will be sold to the highest bidder on May 9th, and in the meantime sealed proposals will be received for the purchase. All bids should be directed to W C Stronach, Treasurer of the Soldier's Home who will open them. The right to reject all bids is reserved. The envelopes should be marked: "Bids for Guano."

The Raleigh and Gaston Railroad Company Compromises With the State.

A compromise was yesterday effected between the State of North Carolina and the Raleigh and Gaston Railroad Company, in the matter of taxes, by which judgment against the road was rendered for fifteen thousand dollars, costs and disbursements, which amount to a little over seven thousand dollars. Messrs C M Busbee and Armistead Jones, attorneys retained by the State, each receiving one thousand dollars. This is an amicable adjustment of matters for the present though it is not to be construed as a barrier to either plaintiff or defendant in any controversy in the future.

The following is the judicial order: North Carolina—Wake County:—In the Superior Court, April Term, 1890.

D W Bain, Public Treasurer of North Carolina, Against the Raleigh and Gaston Railroad Company.

At this, the April term of said court, by consent, this action is compromised on the following terms: The defendant agrees that judgment may be entered in favor of the plaintiff for the sum of fifteen thousand dollars, being the amount levied and assessed upon the capital stock of the company for the fiscal years 1886, 1887, 1888, 1889.

The plaintiff accepts this sum in satisfaction of all taxes due on said stock up to and inclusive of the fiscal year 1889.

But nothing in this compromise or the judgment to be entered thereon shall be construed to estop or prejudice in any manner the plaintiff from demanding any other taxes which might be due from the defendant upon other subjects of taxation, nor shall it be construed to estop or prejudice in any manner the defendant from denying its liability for the tax on the capital stock aforesaid, for future years.

It is thereupon ordered and adjudged by the court that the plaintiff recover of the defendant the sum of fifteen thousand dollars, with interest from the first day of this term, together with costs and disbursements. JAS C MACRAE, Judge.

Consented to: Theo F Davidson, Attorney General, N C; C M Busbee, Armistead Jones, attorneys for plaintiff; J W Hinsdale, Fuller & Snow, attorneys for defendant.

Coming Events Cast Their Shadows Before.

This has without doubt been so in regard to our millinery and dress goods trade. We have seen for months past that our business in these lines was destined to become a leader in Raleigh. That it has come so already any one can see at a glance. We do not intend that our success shall stop here, but we intend to make these two lines "especially," second to none in this State. We do not claim to sell all the fine dress goods or millinery goods sold in Raleigh, but we claim and we know, that our claim is a substantial one. That these two lines have grown to larger proportions in a shorter time than any other business in the city. We carry none but first class goods in every department, and we guarantee prices to be lower than any other house in the city offers. We invite the attention of the entire trade to our mammoth stock, and we believe that if you will do yourself the justice to look at our goods you will not fail to be benefited.
