The congregation of the Baptist Tabernacle Church enjoyed the sermon of Rev H W Battle, Pastor of the Baptist Church in New Berne, last night. He ranks among the ablest divines of the State. He leaves for his home today, having been in the city, attending the session of the Board of Trustees of the Baptist Female College, he being a member of said Board.

Will be Confirmed.

We have been informed upon good authority that Collector Eaves' appointment will be confirmed or that there will be no report from the committee, so that in either case he is sure to hold his position.

The annexation movement is spreading rapidly in Cuba.

Real Estate Agency.

R B Bouldin Esq, who served so faithfully in North Carolina as an officer of the United States, is in the city today and will remain for several days. Mr Bouldin is real estate agent of that flourishing and growing town—Glasgow, Va. He says his town is on a regular boom; that real estate is advancing rapidly in price and that purchasers are plentiful; that every one as yet who has invested in real estate there have made handsome profits. Mr Bouldin we know well and know him to be a most excellent gentleman. He will be glad to give any information in regard to real estate or stocks in Glasgow. What he says can be relied upon. The VISITOR most heartily commends him to the kind consideration of our people and wishes him abundant success in his new undertaking.

A Pleasant Trip.

Rev C Durham has just returned from a pleasant trip to Wilkesboro in attendance upon the Sunday school convention. He says the attendance was good and the session very interesting. This was the session of the Bushy Mountain Association. He reports that the train reached Elkin on the Wilkesboro extension from Winston on Friday. The road is to be completed to Wilkesboro by Sept 1st. This road will open up a very rich and productive country and will be a short route across the mountains. It is a country that must be very attractive to tourists. Mr Durham also says that Congressman Cowles, who left his seat in the House of Representatives to attend the burial of his son, is still at his home, and seems to be almost completely crushed at his sad loss.

Everybody comes to see, and all are satisfied with the bargains. The like has never been seen in Raleigh before.

W H & R S TUCKER & CO.

How Can You, and Why do You?

What do you think of these questions? What do they mean? How can you? This means that we have people every day to ask us: How can you sell goods so much cheaper than these other fellows do; and the other question, why do you sell them so much cheaper? We tell them that we can sell them cheaper because we know how to buy them cheaper, and because we always have the money to pay for them; and then why do we sell them cheaper. Because we can't help it. It is part of our nature to give our customers more for their money than anybody else. We have done it so long that we don't know how to do any other way. If we hear of anybody's selling anything as cheap as we do we feel real bad, almost like we had done something wrong. It don't often happen of course, but whenever it does we feel this way. We have not the space to mention the thin s we sell cheaper than others but just make a clean sweep and say that we sell everything cheaper. Dress goods, clothing, shoes, white goods, men's hats, and millinery goods we sell especially cheap at
