### LARGEST CITY CIRCULATION.

Whiting Bros—Clothing.

### In and Around the City.

Strawberries and milk will now be the correct idea.

Light rains needed to make the gardens boom.

Clean up your premises. There is danger in delay.

Would it not be well to get up a petition to our city Fathers to have the market house painted?

Moonlight nights and swinging on the gates will soon be the prevailing fashion among the belles and beaux.

Dr Eugene Grissom has changed his residence from No 416 Elm street to No 522 South Salisbury street.

Mr Rudolph Turk, father of Col W A Turk, died yesterday, at his home at Mossy Creek, Augusta county, Va.

Friday, May 18th is the day fixed upon for the closing of our Public Schools; three weeks from today. How the boys and girls look hopeful to that time.

Interest in the ceremonies of unveiling the Lee Statue, at Richmond, Va, is increasing and a large crowd will doubtless be in attendance from this section.

The school committee of Raleigh Township have just had erected an addition to the school house in Oberlin that will add very much to the facilities of the work for that section.

We most earnestly request that pastors of the different churches or others authorized to do so, will send in their notices as promptly as possible every Saturday. This course will cause their proper insertion.

Rev J H Cordon will preach a sermon next Sunday evening at Edenton Street Methodist Church, at the usual hour, 8 o'clock, especially to Odd Fellows it being the seventy first anniversary of that noble order.

The proposition for the establishment of a Loan and Improvement Company here, is receiving the sanction of nearly all our people, and is attracting much outside attention. We hope the matter may be pushed to as early a consummation as possible.

We have authority for the statement that work will soon be commenced in earnest on the new executive mansion, and that it will be ready for occupancy by the meeting of the next General Assembly.

Before C D Upchurch, clerk of the Superior Court, this morning, James Mac Farland, a native of Scotland, took out his naturalization papers and was admitted as a citizen of the United States. J R Dunn was duly qualified as executor of the last will and testament of Sarah Hunter, deceased.

### An Odd Fellows Hall.

Manteo and Seaton Gales Lodges of Odd Fellows of this city are moving in the matter of erecting a hall. A committee from each Lodge has been appointed and these gentlemen will soon report a plan and probably the place for the building.

### Magistrates' Court.

At Justice Whitaker's court today, the case of the State vs Joshua Dishman on a charge of abandonment was taken up and the defendant found guilty. Dishman stated that he would receive his wife back and care for her, whereupon judgment was suspended. Dishman's wife is an invalid, and, from all appearances, will not long be on the hands of her husband, having suffered much from an attack of la grippe.

### Discharged.

Messrs Wilson, Whitley and Lipps, overseers of the Richmond & Danville Railroad and three colored hands who were brought here under a writ of *habeas corpus*, were discharged by Judge Armfield, yesterday. The charge against them was forcible trespass which was not sustained.

### A Big Haul.

The robbery of Messrs Norris & Carter's store, by the two negro employees, Cannon Lewis and Nelson Hines, proves more extensive than at first supposed. Goods are constantly being recovered, aggregating so far, about \$500. The stealings embrace a great variety of articles, of almost every description in the stock.

### Returned.

We are pleased to see in the city, Rev L L Nash, the beloved pastor of the Central Methodist Church, who has just returned from Richmond, Va, where he has aided in a series of most interesting meetings with much success. It is most gratifying to state that Mr Nash received considerable substantial aid towards finishing his church here.

### Solid Truth.

An Exchange says: The largest advertiser of his business that ever lived in North Carolina—and one of the largest in the United States—says that he once came to the conclusion that he had made himself known to the whole world, and might "let up" on any farther outlay in printers' ink. He found that, just in proportion as he curtailed this expenditure, his business decreased; and he has ever since acted, to his own advantage, on his conviction that his advertising bills were just as much a part of the legitimate expenses of his business as is the salary of his bookkeeper.

### Wake Superior Court.

April Term: Court met this morning, Judge MacRae, presiding. The following cases were disposed of:

M L Fowler, adm'r vs Lillian Hunter et als; continued

Leach & Andrews vs Chas F Linde; continued.

Willis Haywood et als vs Andrew J Haywood et als; continued.

John Burgess vs J Q Adams; continued.

Parker Leach vs Alex Blalock, continued.

Simon Hight vs N C Plow Co; judgment for plaintiff.

Louisa L Willis vs Thos J Willis, action, divorce. Jury Empanelled; testimony closed.

### Supreme Court.

The following business was disposed of today: Very little progress was made.

Lanning vs Commissioners from Transylvania county was argued; George A Shuford for plaintiff, Theo F Davidson for defendant.

Zackary vs Wiggins from Jackson; put to end of district.

Brown et al vs Brown, from Macon; M E Carter and Theo F Davidson for plaintiff; Geo H Smathers for defendant.

The latter case (Brown vs Brown) involves the title to 250,240 acres of land directly, and the title to another tract of 250,000 acres depends upon the decision of this court in this case, altogether over 500,000 acres. It is one of the most important cases that was ever litigated in the courts of this State. It affects the homes of thousands of citizens of Cherokee county.

These lands once belonged to the Cherokee nation of Indians and was ceded by them to the government who issued grants to various parties. The legality of the grants are now questioned because they were taken out before the Indian title was extinguished.

### Personal Mention.

Mrs Laura Adams is extremely ill at her mother's residence on South Blount street.

Miss Joe Mercer, of England, who has been spending the winter with her sister, Mrs J H Gill of this city, has just returned from a very pleasant visit to relatives and friends in Warrenton, N C.

Judge Danforth, of the Court of Appeals of New York, was present in the Superior Court room during the session this morning.

We are pleased to see Messrs Levi M Scott and W S Ball, of Greensboro, in the city.

Mr D T Swindell, of the Racket store, has returned from the northern cities.

### New Advertisements

We call attention to the advertisement of Messrs Jones & Powell, who are now prepared to fill all orders, for carloads or less, of ice from the Raleigh Ice Factory at the lowest rates. They have now fifty tons ready for delivery and from eight to fifteen tons are made each day.

We direct attention to the advertisement of Messrs Whiting Bros, Clothiers and Hatters, who announce the most astonishing bargains in their line. Their \$1.49 hat which they make a specialty is unsurpassed in style and beauty, for the price, of any hat sold in this city. Their \$1.49 shoes are also superb bargains. In fact, in all other lines pertaining to the clothing business, this firm stands unrivalled in North Carolina. Call and view their splendid emporium of fashion.

We direct special attention to the advertisement of Messrs Eggleston & Bouldin, Real Estate Agents, who will give careful attention to the purchase and sale of real estate and stocks at Glasgow, Va. We bespeak for them a liberal share of patronage. Any information relative to the business of the firm can be obtained of Mr Bouldin who is now in the city.

### Peace Reigns.

The Durham Sun of yesterday says: As the Sun forms were going to press yesterday afternoon, the railroad fight was considerably on. Several arrests were made in addition to those mentioned yesterday, among the number, the dispatcher of trains, and some of the colored hands who made an attempt to relay the track of the D & N road which had been torn up to prevent a connection, the O & C having come beyond the mark laid down by the town, and knocking down the post put up to show how far they should come. The parties arrested left here this morning with two of the police force to appear today in Raleigh before Judge Armfield, on a writ of *habeas corpus*.

Matters in regard to the railroad are now at standstill. In the earlier part of the night last night, papers were served upon R I Cheatham, of the D & N, road restraining that road from further proceeding or any attempt to extend their track around the electric light house.

Early this morning a restraining order was received here from Judge MacRae, against the O & C, or R & D or N C railroad, from interfering with the D & N road, and made returnable before his Honor some time in May. These papers were served this morning, as soon as they were received upon A S Lewter, by deputy sheriff J B Gates.

This state of affairs brings the matter to a standstill, unless there is a disposition on the part of either side to disregard the law, which we think will not be done.

With a tariff tax on eggs, the American rooster will crow half an hour earlier than usual, thus giving the honest farmer more time for his day's work.

The farmers of Bertie county will plant large quantities of peanuts this season.

### Marriage Not a Failure.

Mrs Newton, of Scott'sdale, Pa, gave proof of the fact that she didn't consider marriage a failure by presenting her astonished husband with four girl babies at one birth on February the 12th. The four little ones are flourishing, and are as much alike as four peas. They were baptised last Sunday in the Catholic church of that town, to which the parents, Irish people, belong.

Rocky Mount is now quite a railroad centre. Seventeen trains enter it daily.

Some one in New York shipped a corpse to W W Marsh, of Waltham, Mass.
