Market well supplied.

The cattle and horse fair next on docket.

The Daily Standard, of Concord, is another candidate for public favor. It is a neat, spicy sheet of sixteen columns and deserves success.

All who were so fortunate as to receive invitations to the banquet given by the Chamber of Commerce last night, had a good time—as we learn.

Capt J W Wiggins expects to entertain his friends after the crop is laid in, at Kelyn Grove, this county. A big barbecue will be given.

There will be a meeting of the three B's Friday evening at 8 o'clock. Every member is requested to be present. Business of importance.

Two convicts were brought to the penitentiary from Rutherford county today—one white and one colored. The white man is sentenced for ten years and the colored one three years.

A friend from the western part of this county told us today, that he never saw people work with more will than at present. Everybody seems to be in the most hopeful mood.

Southern Baptist conventional year closed today. The North Carolina Baptist Churches have given more largely to Home and Foreign Missions than ever before in our history. Exact figures can not be given today. If the increase could have been in the eastern counties what it has been from Raleigh, west, it would have increased at least one third.

A man standing in the aisle of a railway car who was one of the most bow legged specimens of humanity ever seen, when a passenger came in, stopped before him, perfectly astounded, asked him. What in creation are you doing? he said, I am just being bow legged—that is all. He was very busy too.

The Hon W B Shaw and wife, of Shawboro, N C, celebrate the occasion of their silver wedding Friday evening May 9th, 1890. Dr C T Bailey, of the Biblical Recorder, has received an invitation to attend the same. We hope the doctor may be able to attend, and that Mr Shaw and his most estimable lady may live to celebrate their diamond wedding, in peace and joy.

### Thanks.

We return our sincere thanks to C D Upchurch, Esq, our efficient and obliging clerk of the Superior court of Wake county for furnishing us with proceedings of said court.

### Jailed.

J D Rhodes, formerly of Mark's Creek Township, Wake county, deserted his wife and child about seven months ago, leaving them without any means of support whatever. During this time his wife and child who live out in the suburbs of the city, have been in very destitute circumstances and but for kind charitable friends their sufferings would have been intense. Mrs Rhodes hearing her husband was down in Robeson county, swore out a warrant before a Justice of the Peace of this city. Yesterday morning the Deputy Sheriff of Robeson brought Rhodes to this city and lodged him in jail to await a hearing.

### Weather Report.

For Raleigh—Fair weather, warmer.

### A Distressing Case.

The announcement that Mr Pierre Cox, son of Hon W R Cox, was found in an insensible condition in an area way in the city of New York last Monday afternoon cast a deep gloom over a large circle of relatives and friends in this city. It is impossible at this time, to tell with any degree of certainty the particulars of the sad event, as Mr Cox has since been in an unconscious condition. It seems that on the evening noted, he had been to a church festival, and, on his return to his lodgings had met with the serious mishap which it is feared will terminate his life. The character of the bruises on his person, mainly on the head, preclude the idea of an accident, and the young man has probably been the victim of a most brutal attack at the hands of ruffians.

It is indeed a most crushing blow to his afflicted father, whose hopes had been centered in his only son of mature age.

The writer has known the young man from childhood and can bear testimony to his amiable and chivalric character. He was a youth of rare promise and developed into early manhood with all those noble traits so well calculated to adorn society.

Should the worse come, may God in his infinite mercy, temper the blow to the afflicted parent, relatives and friends.

### A Pleasant Occasion.

A leading event of yesterday was a picnic given by the society of King's Daughters, of this city, complimentary to Mrs Mercer, of Leeds, England, who will leave tomorrow for New York, from whence she will take passage, in the Steamer "City of Rome" which leaves next Saturday for Liverpool. Mrs Mercer has been staying with her sister, Mrs J H Gill, for the past seven months, and her departure will be much regretted by a large circle of warm friends she has made here.

Yesterday morning Mr Gill's two horse team, with an additional conveyance, might have been seen wending their way along the streets with a party of lively young ladies, and a few young married ones (but no old maids) bent on a lively time, as could be readily seen from the number of baskets, ice cream freezers, and other things that add to the comfort of the inner man.

The route taken was along Hillsboro street, thence through Oberlin to Dr Lewis' dairy farm where a halt was made. The party then commenced their enjoyment in various ways, such as rambling in the woods and fishing in Beaver Dam. Two of the party, a little more zealous than the others, got a pretty good wetting. Dinner being in order the crowd partook heartily of the good things of life which had been brought in abundance, and which had been prepared by the ladies of our beautiful city, who know so well how to prepare such repasts. After dinner, came more rambling and other pastimes, after which the party turned their faces reluctantly homeward where they arrived about 8 o'clock. It was indeed a day of rare pleasure and will be long remembered by all who participated. It is sincerely hoped that Mrs Mercer will have a most pleasant voyage home, and the VISITOR joins with her many friends in the desire that she will, at a future day, again visit our city.

### Messrs Allen & Cram--A Progressive Firm.

During the year 1877, the building, on the corner of Davie and McDowell streets, known as the "Adams foundry" was leased by G M Allen and William Cram, and the firm of Allen & Cram started up. From this small beginning the business of the firm rapidly increased, and that to such proportions they were badly cramped for room, and the question of larger buildings had to be settled, but the shops covered all the available ground, and they could not spread out in their present quarters, so the large and commodious buildings, corner of Hargett and West streets, were rented and occupied and the firm began to extend their business until now the handiwork of their shops are sought for throughout this State and the adjoining States, and they manufacture everything in their line from a screw bolt to a steam engine. With only two or three hands in 1877, today they are working about thirty skilled mechanics, and running full time. In walking through their shops we were pleased to note the busy hum of machinery on every hand, and the ease and freedom of each employee attending to their respective machines. The manufacture of stationary engines is one of their specialties, and the reputation built up is second to none. During the past few days two engines, one thirty and the other thirty five horse power, have been shipped from the shops, and they have orders booked for several more. As we walked through the office we stopped for a few moments talk with Mike Allen, who served with honor through the late war, and whom everybody regarded as a brave and gallant soldier. We asked him what the outlook was for the present year, and with one of his genial smiles replied: "the prospects are better and brighter than any year in the history of the firm, and if work continued to come in as it began they would soon have to increase their capacity. How were your collections the past year? Well you know last year was failure almost to the farmers, but we have not brought over more than 10 per cent more accounts than usual. The whistle reminded us that it was dinner time so we bid our friends good day. A brief sketch of these gentlemen will not be out of place: G M Allen, (Mike, as he is known) is out 55 years of age, and has been

handling machinery for the past 25 years; he looks after the financial interests of the firm Mr Cram is a Canadian by birth, about 44 years of age and nearly all his life has been spent among machinery, and is recognized as one of the best practical machinists in the south. The firm, with their push and energy, has built up an extensive and lucrative business and well deserve all the patronage they have received in the past, and we hope as the years may roll round their business may increase and abundant success crown all their undertakings.

These warm days suggest parasols. Our stock is unusually complete and nearly all new and of best styles, but they must go. We can save you from 10 to 25 per cent on all kinds of goods. In dress goods the cost is not considered but the time in which we have to close them out is considered. The entire stock must be closed out. If you want goods now is the time to make your purchases. Shoes at manufacturers cost, and best makes of ladies cambric under wear at less than the cost to make, at Norris & Carter's.

### An Apology.

We will again have to ask for pardon from our numerous customers for failure to deliver their purchases for the last day or two, as promptly as we would like, but the business done, has just been a little in excess of our facilities for delivering parcels. Still we know no one will feel harshly towards us, if they only knew how hard we tried to be prompt.

Very respectfully,  
W H & R S TUCKER & CO.

### Oh! They are Braggers.

Who are braggers? Why those salesmen at Swindell's, was the answer. Well said the party addressed they may be bragging, but if you will hang around there one day you will see more customers in there during the day than you will see in all the other stores put together. I tell you sir Swindell is doing the business of the town this season; which we don't care one way or the other, about these conversations, yet they are the meaning of something, they are frequent, and they express forcibly what the masses think of us. We sell clothing cheaper than any other merchant and we sell more clothing than any other merchant. We sell ladies' dress goods cheaper than any other merchant and we sell more dress goods than any other merchant in Raleigh, because we sell it cheaper. We sell more shoes than any two stores in Raleigh, at

SWINDELL'S.
