**An Explanation.**

We have been asked frequently why the Government does not pave the sidewalk in front of the United States Court House and Postoffice. The city has used every means to get the work done. E A White, Custodian, has done his duty in the matter and still the work has not been executed yet. We publish below a letter from James H Windrim, Supervising Architect, which explains itself:

Mr E A White, Custodian, Court House and Postoffice, Raleigh, N. C. Your letter of the 15th inst, forwarding a copy of the charter and ordinances of the city of Raleigh, calling attention to section 60, therein regarding the regulations for paving streets, and asking if the department would authorize the sum of three hundred and thirty three dollars and thirty three cents, (\$333.33), being one third of the entire cost for paving in front of the Federal buildings, is received. In reply I have to advise you that there is no appropriation under control of this department against which an expenditure for paving streets would be a proper charge. Work of this character in connection with government buildings requiring special legislation of Congress.

Respectfully yours,  
JAMES H WINDRIM,  
Supervising Architect.

**Personal Mention.**

Hon John C Scarborough, who has been in attendance upon the Superior Court, of Granville county, as a witness in the case of the County Board of Education against the State Board, returned to the city yesterday evening. He reports a sudden death in Oxford yesterday evening. A Mr Jenkins, who was a brother of the County Superintendent of Education, of Granville, dropped dead upon the street in Oxford yesterday evening, just after eating his dinner. Mr Scarborough does not think he ever breathed after he fell. The opinion was that heart disease was the cause of death.

Mr and Mrs John Cheek, who have been on a short visit to relatives and friends in Durham, returned to the city yesterday afternoon.

Rev N B Cobb, is in the city today, looking bright and cheerful.

Our esteemed friend, R N Wynne, Esq, was in the city today, shaking hands with his many friends. His name is prominently mentioned as a candidate for nomination for the office of Sheriff of Wake county.

The condition of our esteemed friend Jordan Womble, Sr, is reported to be somewhat improved today.

Andrew King, the clever traveling salesman for McGahan, Brown & Evans, arrived at his home in this city yesterday morning looking bright and cheerful. He will spend some time with his family, before going out upon the road again. We are glad to learn he is meeting with success, and hope it may ever be so with him, for Andrew is an upright clever gentleman.

J D Pegrum, pastor of Brooklyn M E Church, is conducting a meeting of some days and is meeting with much encouragement. Considerable interest; good attendance. Go out help him.

**Treatment of Children.**

"Put the little ones to bed happy" says an exchange, alluding to the habit some parents have of deferring punishment for faults committed during the day until bedtime. "Never whip children just before they retire to rest. Let the father's caress, the mother's kiss, be the last link between the day's path of pain or pleasure and the night's sleep. If there is sorrow, punishment, or disgrace, let them meet it in the daytime and have hours of play in which to recover happiness, which is childhood's right. Let the weary feet, the busy brain, rest in bed happy." We like that fellow's philosophy and humanity.
