

Will Continue.

Such has been the success of the Governors Guard fair and festival, that it will be continued during the present week. Everybody are expected to take in the great event. It is an occasion well worth the patronage of our people.

Morgan Horses.

One third of the horses that got a mark of 2.20 or better in 1889 had more or less of Morgan blood in their veins. There is great satisfaction in breeding to Morgan horses. If you do not get a 2.10 track horse you get a beautiful high style fast all day roadster.

Anniversary.

We are pleased to learn that the North Carolina Farmer, of this city, will celebrate its fourteenth anniversary this month by an enlargement and change of name. It will be known as the Southern Farmer, and published by the Farmer Publishing Company, with Mr P C Ennis as business manager. The editorial control of the paper is lodged with Mr James H Ennis, the founder of the Farmer, and one of the best agricultural writers in the South. We wish it abundant success.

A Georgia editor has an old Confederate shoe, manufactured for the Government in 1864, just before the war ended. The sole is fully three quarters of an inch thick and is made of poplar wood, evidently shaped with a hatchet or drawing knife. The upper is attached to the sole with a strip of rawhide, running entirely around the shoe, the leather being held to the sole with large carpet tacks. The upper is of rough cowhide dressed only on the inside.

HOUSEKEEPERS can prove by a single trial that these Extracts are the cheapest, they are true to their names, full measure and highly concentrated.
