

**New Advertisements**

We call attention to the advertisement of the Raleigh Real Estate Agency which is offering some very desirable property for rent.

We call your attention to Yancey & Stronach's "ad" in to-days paper. They advertise all kinds of vehicles for sale at manufacturers prices. They carry the largest stock of buggies, carriages road carts and pleasure wagons in the State, which they offer at manufacturer's prices.

In their auction department you can find what you want and at your own prices. They buy and sell everything in this department, making liberal advances on all goods left with them for public or private sale. Give them a call.

**Personal Mention.**

Mrs Marmaduke J Hawkins and son are visiting relatives and friends in this city.

Miss Marrian Betts is quite sick at the residence of her uncle, Rev Alvin Betts, on North Person street.

Mrs Alvin Betts has gone to Apex to attend the bedside of her sister, Mrs Allen, who is quite sick.

We are pleased to see our friend Mr L Rosenthal back in the city again after an absence of two months, visiting his children in Greenville, S C.

Rev Dr J S Watkins left yesterday for Augusta, Ga, to attend a conference of delegates from the Synods of North Carolina, South Carolina, Georgia and Florida, at which the question of a great Southern Presbyterian University in the South is to be discussed. We hope our friend, Dr Watkins will push the city of Raleigh and branch out on our "Social environments." There is no better point in the South for such an Institution, than Raleigh.

Mrs G M Spence, who for some time has been very sick, her many friends will be glad to learn that she is rapidly recovering and hopes are now entertained that she will soon be able to be out again.

**Supreme Court.**

The following cases disposed of today:

Falls of Neuse Mfg Co, vs Hendricks, from Buncumb; argued by E C Smith, for plaintiff; Geo A Shuford, for defendant.

Marshall vs Bank, from Macon; continued.

Randall vs R & D R R Co, from Madison; continue with order to print petition, rehear.

Porter vs W N C R E; Geo A Shuford, for plaintiff; F H Busbee, for defendant.

**Henderson.**

Our neighboring town of Henderson is growing right along. A gentleman who was there yesterday tells us that the registration for the municipal election footed up 760. That is equivalent to 4,000 inhabitants. Mr Dave Cooper, who is one of its largest business men and most active public spirited citizens, said: "When I came here in 1868, after the exodus caused by the fire, there were not 250 people. See what we are now? We have not got well underway," and away he went to see that several thousand tobacco plants got into their hills which the warm season favored.

**Chinese Lost on a Desert.**

SAN DIEGO, Cal, May 5.—It has just come to light that the party of Chinese who last week attempted to smuggle themselves into the United States from Lower California got lost on the desert and had a terrible experience, one of the party dying of thirst and exposure. They found the frontier so closely guarded that they stole to the eastward and got into the desert. Here they wandered about aimlessly for several days and suffered greatly. One of the Mongolians was a youth of 14 years. His sufferings drove him crazy, and in his ravings he imagined the blistering sand was water, and eagerly filled his parched mouth with it. This only added to his sufferings and he finally died. The others at last reached the railroad and were rescued.
