VOL. XII.

RALEIGH, THURSDAY, JUNE 5, 1890.

NO. 39

## The Daily Evening Visitor

Local notices in this paper will be Five Cents per line each insertion.

### NOTICE.

The proprietors of the VISITOR are always anxious and willing to accommodate their patrons as far as it can be done without detriment to the interests of the paper, or injustice to our friends. Our space is limited, and in order to make the columns attractive, the matter should be as varied as possible. The numerous nominations for official preference, thus early in the campaign, will prove too heavy on our columns for gratuitous insertion, and, hence, we feel under the necessity of adopting a scale of rates for the insertion of such cards, or communications. Hereafter a charge of twenty-five cents an inch (eight lines) or less, will be made for such insertions.

### LARGEST CITY CIRCULATION.

J Rowan Rogers—Execution Sale.

### In and Around the City.

The longest days in the year are approaching.

Now for the mountains and the seashore.

Commencement at St Mary's next week.

The penitentiary is fast being reinforced.

Quite a number of the Salem Female College girls arrived at home today.

Messrs A D Jones and Samuel Wilder have been admitted to practice in the Federal Court.

See notice of sale of city property under execution, by J Rowan Rogers, Sheriff of Wake county.

Are you going off to spend the heated term? If so, subscribe to the VISITOR. It will be refreshing to receive the news from home.

We hear of four marriages to take place on or about the 25th inst in which Raleigh people will be interested. How many do you know of?

Street Commissioner Blake will give a suitable reward to any one who will return to him a profile of Salisbury street, lost near the post office some time since.

Quite a number of our people contemplate attending the closing exercises of Wakefield High School tomorrow. Let everybody go who can. You will have a good time.

W B Mann & Co, sold today 75,000 of Dukes Cigarettes. The largest sale ever made of these goods in any one day in Raleigh. Can any one in the State beat this?

Col John Robinson, Commissioner of Agriculture, said today that he has never seen cotton and corn improve so much as it has in the last few days in all his life; that from present prospects there must be abundant crops made this year.

You will notice that the money contributed on yesterday at Chapel Hill to endow the chair of History at the University came not so much from the wealthy, but from the well to do people, who have made their own money.

We have received the first number of the North Carolina Intelligencer, published in this city by T R Jernigan, Esq; editor; and proprietor. It is a thirty two column weekly journal, devoted to the "current, domestic and foreign news, and to the interests of the business men." It is democratic. It is admirably gotten up and presents a fine appearance. We wish it abundant success.

### Special Meeting.

There will be a special meeting of Manteo Lodge, No 8, I O O F, on Friday night, June 6th at 8 o'clock. Work in the initiatory and first degrees. Members of other lodges invited.

### Chair of History.

The friends of the University of North Carolina, and of education generally, will, no doubt be delighted to hear that the Alumni and others have subscribed \$30,000 to endow a chair of history. The following are among the principal subscribers: J S Carr, \$10,000; Hon J H Grant, \$8,000; D G Worth, \$1,000; W H S Burgwyn, \$1,000.

### Closing Exercises.

The examinations at the Raleigh Male Academy, of which Messrs Morson & Denson are principals, have been concluded and the closing exercises will take place at 11 a m tomorrow. The following is the programme:

Prayer by Rev J W Carter, D D; address by Maj E G Harrell; reports of distinctions conferred; annual oration and delivery of honors by Rev J H Cordon. The public are invited to attend.

### Death of Mrs E A Porter.

We regret to announce the death of this most estimable lady which took place yesterday afternoon at 4 o'clock at the residence of her son, Mr J H Porter, in Brooklyn village, northwest of the city.

Mrs Porter was the relict of the late Mr Henry Porter, one of our most beloved fellow citizens, and was a lady esteemed for her many noble traits of character.

The funeral services took place from Edenton Street M E Church, (of which she was a consistent member) at 4 o'clock this afternoon. The relatives and friends of the deceased lady have our heartfelt sympathy.

### Our University.

There was a large attendance at Chapel Hill, yesterday, and the exercises were of more than ordinary interest. The degrees of D D were conferred upon Rev J H Cordon and Rev F L Reid, of this city, and the degree of LL D upon Justice Clark of the Supreme court. The degree of A B was conferred upon Mr St Clair Hester. Several other degrees were conferred. Prof Horace Williams formerly of this State, but now of Harvard University was selected to fill the chair of Moral and Mental Science, caused by the death of Dr A W Mangum. This is considered a most fitting appointment, as Prof Williams, was for several years Professor of German at Trinity College.

### Some Suggestions to our Board of Aldermen.

If there can be found any law for it, our Board of Aldermen at their meeting on Friday night ought to appropriate \$250 for fire works on 4th of July, provided \$250 more is raised by the citizens.

The Raleigh Cornet Band should be recognized by the Board, first by paying off the debt due on their instruments; second, by an allowance of \$1,000 annually to be paid to the men serving regularly in the same, and paid monthly on the warrant of the leader and secretary, in such ratio as the Band shall determine each is entitled to.

Now these suggestions may sound wild to some people but they are reasonable and right, and would add to the enjoyment of our people and in the end be heartily endorsed.

If the Band had this encouragement they would cheerfully give concerts in the afternoon or at night two or three times during the week in the capitol square and on all occasions contribute their share to public need in this line.

Gentlemen of the Board, the VISITOR moves these two propositions. Who will second the motion? Will you adopt them?

### Personal Mention.

We were pleased to see Sheriff "Joe" Hoskins, of Guilford, in the city yesterday.

Mrs E B Thomas and daughter Minnie, are on a visit to her daughter, Mrs B F Cooke, of Franklin county.

Miss Lillian, daughter of John W Thompson, Esq, arrived at home today from Salem Female College.

Rev Dr J P Barrett returned this morning from Virginia where he went to attend the funeral of his father in law, Elisha Everett, Esq.

Mr Miles Goodwin, who has been Chief of Police of Smithfield for the past six years, was in the city today on his way to Norfolk which place he intends to make his home in the future. We regret to lose him very much as he is one of the best of citizens.

Ex Sheriff Moore, of Granville, is in the city.

Mrs J C S Lumsden is visiting her daughter Mrs Fleming, at Roper, Washington county.

Mrs Geo H Glass and sister, Miss Laura Taylor, returned from Richmond yesterday evening.

Hon George W Sanderlin passed through the city this morning on his way to Greenville, where he will deliver the address before the young ladies of Greenville Female Academy tomorrow.

Mr Norfleet Smith, of Halifax county, is in the city.

Mr W H Long, of Warren county, is in town and grows jollier and better looking with each big crop he pitches.

### A Natatorium.

Of all the things that our city needs just now is a bath house and swimming pool. With water works and sewerage it can be established in the center of the city and being so convenient would command large patronage. For next three months it can run without a boiler because the water will not need heating, and the patronage of the summer will justify fitting up for warm baths in winter.

A wooden house with brick cemented swimming pool, with shower and tub baths surrounding, is all that is needed. It need not cost over \$500 to begin with, and the floor of the swimming pool be graded for various depths, so that children as well as grown people could use it. The baths could be placed at 25 cents each for use of service, including soap and towels.

We know of nothing that would pay so well for the investment as this enterprise and we suggest that some one establish it at once. If no one else will do it, the Raleigh Water Works Company should.

### Putting Up Electric Light Poles in Corn Fields.

W H Pace, Esq, returned to the city yesterday afternoon from Knoxville, Tenn. Mr Pace says that East Tennessee and Southwest Virginia are on a tremendous boom; that at a town of eight hundred inhabitants in Southwest Virginia they are building up a complete line of electric light system, putting up poles in corn fields and woods, putting in water works, &c, and that property is selling at fabulous prices; that Northern and English capital is pouring into that country and numbers of men are making fortunes dealing in real estate. We hope soon to see Raleigh aroused to the importance of keeping up with the spirit of the times in the matter of progressive industries. The South is bound to be the favored section after awhile.

In a conversation with Mr W H Pace, today, he informed us, that work would be commenced on the new Union depot at an early date. Mr Pace deserves the highest commendation for the zeal and energy he has displayed for the accomplishment of this purpose.

### We Know We Can.

There are a great many people that believe they can do certain things, but when it comes to the test they find they are wanting. We don't believe but we know positively beyond a doubt that we are selling all classes of dry goods, slippers, clothing, etc, cheaper than any other house in the city. We are closing out our entire line of fine summer woolen dress goods at prime cost. We do this to close out everything of this season so that we will not carry them over to next season. We never carry anything in stock that is not new and fresh and of the correct style. We have a large line of challies and lawns very cheap. The lawns commence as low as 3 cents a yard and up to 45 cents. Challies start at 5 cents and go to all wool at 30 cents. We have a full line of white goods of elegant designs and the finest texture. Our lace flouncings are lovely and the cheapest you have ever seen. We repeat, that through our entire line of summer goods you will find prices that no other store in the city can duplicate. Our millinery is still booming. Come and see us at

SWINDELL'S.

### The Lawn Party.

The Lawn Party held for the past two nights on the green west of the Post office building by the "Lend a Hand" Circle of King's Daughters has, we are glad to learn, proven a considerable success, the receipts being \$68. We congratulate the ladies on their enterprise.
