The fireworks have arrived and they form a huge pile of the most approved designs. It will be a grand sight.

Tomorrow will be a day of puffing blowing and sweating generally among politicians. "Let the longest pole sweep the simmons"

The lawn party at Brooklyn church last night was a perfect success in all particulars. A large crowd was present.

Gov Fowle is not expected to return to the city until the 1st of July. We are glad to hear that he is rapidly recuperating from his late attack of sickness.

On the 4th of July there will be a bicycle parade. The wheelmen will have their wheels beautifully decorated, and there will be over twenty five machines in line.

The Graphic, published at Ridge way, N C, has the proud distinction of being the smallest paper in the State, and is a lively specimen of journalism. We wish it much success.

The city is unusually quiet and the Mayor is having as good a time as the torrid weather will permit. Tob Marshall stands guard over the ice cooler, and sees to it that the freezing process is kept up.

The Southern Farmer, of this city, under the editorial management of Jas H Ennis, Esq, and the business department conducted by P C Ennis, Esq, is a most excellent Journal. The issue of the 26th inst contains a splendid "write-up" of Peace Institute and the ice factory, besides much other matter of the greatest interest to the people generally.

Handsome Work.

Among the exhibits at the Teachers' Assembly in Morehead, is a handsome frame of printing, being samples of work turned out at the establishment of Messrs Edwards & Broughton, of this city. It reflects the greatest credit upon this celebrated establishment.

Married.

At the residence of the bride's father Rev Dr Henderson, at Morrisville, Wednesday evening, June 25th, by Rev W G Clements, Miss Myrtle M Henderson to Mr John T Moffit, of Ashboro. The occasion was highly enjoyed by a number of friends who gathered to witness the ceremony. The bride is a young lady of rare accomplishments, and the groom is one of Randolph's most popular young business men. A host of friends wish them a long and happy life.

Election of Officers.

The following officers have been elected by the Teachers' Assembly for the ensuing year: President, C D McIver; Secretary and Treasurer, E G Harrell. The classical Association selected the following: President, Prof E Alexander; Vice-Presidents, Profs, Hobbs, Blair and Denson; Secretary, Prof J E Kelley.

Who Can Beat This?

Dick Bogart, of Greensboro, who is right smart of a wag, and very clever too, says:
"It is so hot that they are making Bessemer pig at Ore Hill without furnaces; that his ostrich eggs are hatching themselves, and that one of his hens was barbecued the other day while she was laying."

Sad Accident.

We deeply regret to state that Mr Cecil Holloway, son of Mr W H Holloway, superintendent of the North Carolina wagon factory, had his hand badly cut yesterday with a saw. One of his fingers was cut entirely off and two others seriously cut. Prompt medical attention was rendered him and at last accounts he was resting quietly. We sincerely hope he may soon be able to resume his usual avocation.

We were pleased to see in the city, this morning, our young friend, Mr Thomas Gorman, who has just arrived from a prospecting tour in Tennessee. "Tommy" left this afternoon for Johnson City, East Tennessee, which place he will make his future home. We wish him the most abundant success in whatever sphere of life he may enter.

An Example for Richmond.

Richmond Dispatch.
Our neighboring sister capital Raleigh is preparing with enthusiasm for a celebration of the Fourth within her limits. There are to be a military and civic parade, speeches, and a costly display of fireworks at night free to the people. Vane, the inimitable, the able, the genuinely patriotic, is to be one of the talkers on the occasion, and this alone will make the celebration attractive. The Tar Heel metropolis sets a good example—one that we should be glad to see Richmond follow. She will aid in keeping bright the fires of patriotism; she will make the coming holiday especially enjoyable to the masses of her people, the can't-get-aways, and the poor, and will at the same time probably put money in her tradesmen's purse.

The Soldiers' Home Fair.

Mr A Dughi yesterday received a great number of birds, from abroad. These are in new cages, and with the other birds and animals he before had in his collection, make up an exhibition worthy of particular mention. In a special tent these will all be shown, in the most attractive way, and will certainly be a feature of the fair.
Another event of the fair, in a musical way, will be a concert in which thirty guitar players will take part. So great a number of guitar players were never before seen here and the music will be something delightful.

Arrangements were made today for an excursion here from Goldsboro on the 4th of July. This will bring a great many people who will not only enjoy the celebration of the 4th but will be present at the Soldiers' Home fair.

Thursday is children's day at the fair. The little people will have a glorious time there after 6 o'clock that afternoon. There will be many special features for their gratification. Among these will be an "orange tree" loaded with oranges, and what is more each of these oranges will contain a pretty prize. Then there will be the "country store," which will greatly delight the children.
A car load of choice Georgia watermelons will be kept on ice and will be sold at the fair. They will be something for all to enjoy. Then on the 4th there will be the nicest barbecue which can be prepared.

Three men were drowned near Morehead City on Tuesday last, about eight miles from Morehead. The boat in which they were in was struck by lightning and capsized. Their bodies have been found and their names were Ed Ward, L W Hargett, Jr, of Onslow county, and a Mr Fulcher, of Morehead.

Michael D Harter received the Democratic nomination for Congress in the Fifteenth Ohio district yesterday, on the one hundred fifty-third ballot.

Straw Matting.

We have 20 pieces of Straw Matting which we will sell at 12½ cents per yard to cut, or \$4.25 by the piece of 40 yards. This is the nicest and coolest covering for the floor in summer you can get. It always looks cool and neat. It cost you much less than a very common carpet would, and it will last longer. This is a very good quality of matting, and we make this special price to close. We have the other better grades and also a nice line of carpets, all of which we sell at extremely low figures. We have about 150 short pieces of the finest Brussels and Moquet carpets, in lengths from one to four yards, the nicest things for handsome rugs you have seen. We did sell these at one dollar per yard but we propose to put the whole lot in and give the choice of the lot at 80 cents per yard. This is a real bargain for there is not a piece in the lot worth less than \$1.50 per yard. We have some attractive prices for the hot months at

SWINDELL'S.

Among the losers were Messrs J and R B Havens, S B Fowle & Son, Geo Phillips, E K Willis, E W Ayers, W B Morton & Co, and several others. Their losses were considerable.

The mills and works of the Puzzler and Boston mines, near Boulder, Col, were destroyed by fire yesterday, with 2,000 acres of timber land. The loss will be heavy.
