### LARGEST CITY CIRCULATION.

#### In and Around the City.

Who is he?  
Still heating.  
Another "Jun'us" come to judgment.  
Some of our merchants are already beginning to clean up for fall goods.  
A few days more and the first bale of cotton may be expected.  
Political rattling among the dry bones.  
Boom up the fair and let us have the best yet.  
Large shipments of grapes continue from this vicinity.  
Mind how you throw water melon rinds on the pavements. Mayor Thompson is getting mad about it.  
And now the Farmer's Alliance propose to obtain a site for a \$25,000 factory by the 15th inst.  
Collections in this, the Fourth Internal Revenue District for the month of July were \$76,089.21.  
No abatement in the number of watermelons and cantaloupes. Their name is "legion," and prices way down.  
Remember that the sermon of Rev. J. J. Hall, at the Baptist Tabernacle tomorrow night, will be particularly for the working people. Let all attend.  
Rev. J. W. Carter, Rev. J. J. Hall and several others went out today to Wake Union Baptist Church to participate in the celebration of its centennial.  
Messrs. Jones & Powell have in their ice cellar some of the finest water melons yet seen in Raleigh this season. They are simply splendid. Call and get some for tomorrow.  
The last will and testament of Wm Underhill, deceased, was admitted to probate today before Judge C. D. Upchurch, James D. Underhill, executor under the will.  
Quite a goodly number of our people went down to Morehead today. Among them were Capt. Smith, superintendent Raleigh & Augusta Air Line, Dr. G. W. Blacknall, Fred Habel, Esq., and others.  
Mr. S. W. Whiting sent seventy-three pounds of choice grapes from his private vineyard to the Mt. Holly Grape Fair and received over 20c per pound in premiums. This is a splendid showing for an amateur considering how young his vines are.  
We have heard upon the streets that at the election of general manager of the Baptist Orphanage, located at Thomasville, which occurred at that institution last Tuesday, there were eleven members of the board of trustees present—six voting for and five against the present incumbent. What's the matter?

#### Governors Guard.

At the meeting of the Board of Aldermen last night, a communication was read from the Governors Guard asking financial aid towards the maintenance of the company, and setting forth the fact that as they have been compelled by the State law to adopt the regulation uniform, they must either comply or disband.  
While the VISITOR is not sufficiently well informed to give any opinion as to the right of the city to act in the premises, we must express the most earnest hope that no contingency will arise making it necessary for the Guard to disband. It would, indeed, be a sad reflection upon the public spirit of our people. We hope that if, by any decision, the Board of Aldermen may decline the assistance requested, then the citizens will take the matter in hand and raise the desired amount by private subscription. It seems to us that it might easily be done. Let us retain the Guard by all means.

#### Shooting.

This afternoon about 3.40 o'clock, officer Hogue attempted to arrest a colored man named Junius Jones, who was engaged in a fight on East Hargett street. The negro made such an onslaught on the officer that he was compelled to shoot him, the ball taking effect in his left side. At latest accounts Jones was in a critical condition.  
Mr. Furman Betts, who was standing near, received a serious wound from the shot in his leg.

EATER.

Jones died at 4:30 o'clock.

#### Mail Robbing

There seems to be a mania in some portions of the State for mail robbing, several cases having recently come to light. The latest attempt to infringe upon the rights of "Uncle Sam" was at Carthage on last Wednesday. The Carthage Blade says:  
On yesterday afternoon Mr. W. E. Black, our postmaster secured a search warrant and examined the trunk of Mr. Willie F. Stutts, on suspicion that he had robbed the mails. In the trunk was found abundant evidence of Stutts' guilt, consisting of Registered letter and package envelopes, plain letters, jewelry, drafts, buttons, ribbons, &c., &c. He was present when the search was made, and Mr. Black informed us this morning that he confessed his guilt, but as the searchers had no authority to detain him without a U. S. warrant, he left while Commissioner Campbell was issuing the warrant, and he has not yet been apprehended. Irregularities have been traced to this office for a long time past, and Mr. Black says he has been suspecting Stutts for more than a month. Stutts was a young man of good address and was thought to bear a high character. He had made himself very popular during his residence of about two years in this town, consequently his downfall was a great shock to our people.

The pleasant face of J. Robert Nowell, Esq., Ex-Sheriff of Wake county was seen on our streets this morning. He is looking the very picture of health and is the same jovial, genial gentleman.

#### Board of Aldermen.

The regular monthly meeting of the board of Aldermen was held last night. Several monthly reports of committees were submitted, after which the light question was taken up and widely discussed. Mayor Thompson said that, Mr. Hawkins had made a proposition to the light committee, to the effect, that as the Light company under the present contract seemed to be losing money, it was suggested that the contract be terminated August 1st, and that payment should be made since the examination of the power of the lights, as the committee had awarded. Mr. Hawkins was anxious that some adjustment should be made. He said that the matter not having been arranged, no payments were being made by the city to the company, and insisted upon an arrangement being made, as the expense in lightning the city, was continually accruing. He asked if it would be satisfactory to the city, if the company would put in a 2,000 candle power machine, instead of the 1,200 candle power machine now used, and indicated that the company would be willing to do this. He stated that this power was nominal, not actual. Mr. Hawkins having declined to accept the proposition to terminate the contract, the matter was referred to the light committee, to report at a called meeting.

The sewer committee reported that outside connections should be charged at the rate of five dollars per annum for twenty five years or fifty dollars cash.

A petition was presented from the officers of the Governors Guard asking assistance from the city to maintain their organization. The petition was referred to the finance committee.

A resolution was introduced by Alderman Robinson requiring the Richmond and Danville Railroad to erect a bridge across the railroad at the crossing of Cannon street, suitable for vehicles and pedestrians. The resolution was adopted.

The capitals of the new States are: Montana, Helena; North Dakota, Bismarck; South Dakota, Pierre; Washington, Olympia.

##### For Register of Deeds.

A few days ago there appeared in the VISITOR a communication recommending S. M. Dunn, Esq., in past years sheriff of the county, for the office of Register of Deeds, and I write this to endorse the nomination in the name of a host of friends of Mr. Dunn who would be rejoiced to see him nominated at our Democratic primary soon to be held.

We know of no man whose nomination would give more satisfaction to the Democratic voters of the county, or would fill the office more acceptable to the people. The party can make no mistake in nominating that maintained and true soldier of the Confederate army and most worthy citizen, Sid. M. Dunn, for the office of Register of Deeds. MANY VOTERS.
