## One of Carlyle's Sayings.

Give us, oh, give us the man who sings at his work. Be his occupation what it may, he is equal to any of those who follow the same pursuit in silent sullenness. He will do more in the same time—he will do it better—he will persevere longer.

## AT LAST.

### The Light Question Seems to be Decided.

The Board of Aldermen met last night in regular monthly session. After the disposal of some unimportant routine business, the light question came up, and the report of the committee was submitted as follows:

1. That the city demand of the Raleigh Lighting and Heating Company, the amount determined to be due under the award of the arbitration from the time of the Harris test of the electric lights, March 29th 1889, the amount to be determined by deducting from the contract price of the electric lights from said date, 425—1200 pursuant to said award, and such amounts as allowed by contract when the lights do not burn.

2. That the City Clerk be authorized to settle with the Company by deducting from the contract price of said lights, the amount ascertained to be due the city under the award aforesaid beginning with the Harris test, and such amounts as allowed by contract when the lights do not burn.

3. That said company be called upon to furnish such lights as the contract and the award provide, and the number of lights be forty nine in number to be furnished at the places at which the electric lamps are now located.

4. That the said company be notified that unless the lights are furnished pursuant to contract and award within thirty days, the city will claim a forfeiture of the contract.

After very short discussion, the report was adopted.

The water committee reported a proposition from the Tower Plumbing Company offering to move the fountain on Blount street, near New Berne Avenue, to New Berne Avenue and connect it with the water mains and sewer and also to remove the fountain near the residence of Mr. Hill. It was decided to have the fountain removed.

The engineer of the sewer system was authorized to purchase dust pans for the manholes.

Two grand horses were ordered to be purchased for the Capitol Hose Company, not to exceed \$400 cash, and one horse for the Rescue Company, to cost \$165.

A report of the street committee recommending that an old disused well at the corner of Blount and Polk streets be filled up, was adopted.

A motion prevailed that Mayor Thompson and Street Commissioner Blake confer with Superintendent R. R. Bridgers of the North Carolina Railroad with regard to building the Cannon Street Bridge as soon as possible.

## Still Another-Wagon for Everybody.

Mr. T. A. Bowen, wagon maker of Raleigh, gives notice that he desires space to exhibit at the next State Fair some of his down right, good, solid, handmade wagons. Buyers of wheeled vehicles, never had so good an opportunity to study styles and compare the merits of different makes of wagons as they will have at the next State Fair. Raleigh moves at last, and as she starts on wheels, we may justly expect that she will go fast and strong until the Fair is over.

## Boys to the Front.

The boys of Raleigh mean to have a grand time at the state Fair. The Heart & Fuller, Juvenile Show Combination will give an exhibition on the fair grounds each day.

This is the same combination which recently gave our people a grand performance for the benefit of the Soldiers Home. If we are not mistaken, everybody in Raleigh will wish to go to the Fair, if only to see the boys.

### Build Up Raleigh.

Correspondence of the VISITOR.

The earnest endeavor of the VISITOR to build up Raleigh ought to be appreciated by every citizen who has the interest of the city at heart. We need a progressive council backed by the capitalists of the place. We rejoice at the prosperity of our sister cities, but would it not be a good thing for some of these gentlemen of Raleigh who are investing their means in other places, to take hold of the many opportunities at their own doors, and help make Raleigh what she ought and can be made—the queen city of the South.
