LARGEST CITY CIRCULATION.

In and Around the City.

"Three Fast Men."

The fair is all the talk.

Cotton rapidly coming in.

Boom up the industrial parade.

Metropolitan Hall should be crowded tonight.

And now Durham wants a free mail delivery.

Big tobacco breaks at the warehouses.

A bicycle club has been organized in Durham.

The Richmond Christian Advocate reports in one circuit, five churches and 558 professions.

Two convicts from Union county were received at the penitentiary today.

Our schools are still fast filling up, thanks to our "social environments," &c.

Prof. Dinwiddie, of Peace Institute, will lecture at Edenton Street M. E. Church at 11 o'clock Sunday morning.

Fix up the sidewalk at the corner of Morgan and Fayetteville streets. It is surely somebody's business. Whose is it?

Work on Hillsboro street as far as the corporation limits is progressing well. It will be in splendid condition by the time the fair commences.

Let all lovers of fun go to Metropolitan Hall tonight and witness the laughable comedy of the "Three Fast Men." It is the funniest play out. Go by all means.

Now that we have good streets, let us also have good sidewalks. Let the Board of Aldermen see to it that those whose business it is to do so, shall have them put in proper order.

Rollo C. High, Jr., aged five years, died yesterday evening at 5:30 o'clock at the residence of his father, on Fayetteville street. The funeral took place from the residence this afternoon at 4 o'clock.

The time for the fair will soon be here, and our people should all unite to make it the best we have ever had. The officials are all doing their full duty, and have a right to expect that our people will aid them to the fullest extent.

Sidney F. Johnson, Esq., a most worthy citizen of Barton's creek township, from causes unknown has been suffering for the past 2 months from an attack of insanity. He was taken out to the Insane Asylum this morning by sheriff Rogers. It is to be hoped that the treatment and kind attention he receives at said institution will restore him to health again.

The matter of the extension of Morgan and Hargett streets still slumbers, notwithstanding numerous enquiries about it. The people of Raleigh are at least entitled to know why a measure so important, is not carried out. If there is any hitch, who causes it? Has not the city the right to condemn property for the proper extension of streets? If so, why is it not done in this case, as it is sometimes done in others.

Change of Registrars.

At the meeting of the Wake County Board of Magistrates, held last night, L. D. Womble, registrar of the First ward, resigned, and Frank Stronach was appointed. In the Second ward Frank Womble resigned and W. M. Lambeth was appointed. In the Fourth ward E. McK. Goodwin resigned and Ed. Dobbin was appointed.

Lot fine mountain apples and fresh country butter received at A. E. Jordan's today. Call early.

Accident.

This morning as Mr. A. B. Forrest, residing on Polk street, was reaching up at a tree for a scythe blade, he became dizzy and fell, striking on the blade cutting a severe gash in his head.

Deaf and Dumb Asylum.

The matter of either more additions to the buildings for the Deaf and Dumb and Blind in this city, or the erection of another asylum in some part of the State is being looked upon with favor. It is evident, that more extensive arrangements for these unfortunate classes will be needed soon. We hope the subject will receive the earnest consideration of the next Legislature.

Are the People Ready?

Ready for what? Ready for the grand North Carolina State Fair soon to be here. Are hotels and boarding houses ready to receive and care for in a creditable manner the large crowds to be here? It is certain that during the fair week there will be meetings, public speakings and other entertainments in the city almost without number; certainly more than ever before. These will hold large crowds in the city for food and lodging. Get ready, good people. Furnish more rooms. Put more beds in your large rooms. Cover them with nice, clean linen, and plenty of covering. Have a plenty of waiters in your dining rooms. Cook for a large number, and show a large hospitality to our guests from other cities and the country. Send in your names to the managers of the fair.

Mr. Ovid Penny who has been critically ill at the residence of his father, Dr. J. A. Penny, in Barton's Creek Township, is reported as being somewhat improved, but not out of danger. This will be good news to his many friends in this city.

Fair Suggestion.

Correspondence of the VISITOR.

It is said on the streets that the State Fair managers are going to charge ten cents extra for admission to the grand stand. They could not have studied out a better plan to cause general dissatisfaction among the visitors who have always had the use of the grand stand free of extra charge. Indeed, there is no reason or justice in the scheme, for the grand stand is a part of the fair grounds as much so as the race track or floral hall. There ought not to be allowed any cheap john or gambling games inside the walls either. Such gentry should be made to stay outside.

CIVIS.

"To the Oppressed."

CHICAGO, ILL., September 17.—The Arbeiter Zeitung, the organ of the German Socialists, prints a translation of a long circular which it claims was picked up in the city. It says it must have been issued at the instigation of John Hoffman for the purpose of raising an Anarchist scare and assisting him in the effort with which he is credited to get the appointment of chief of police. It is also suggested that it may have been issued to influence Governor Fifer to refuse the petition for the pardon of Oscar Neebe.

References in the circular to recent occurrences at Bohemian coal mines and the general tenor, however, rather indicate that the circular was not intended to have any bearing on affairs in this country.

It is addressed "To the oppressed and disinherited."

In blood thirsty language it pictures the alleged intolerable condition of society; the "monster of capital," which sheds "rivers of blood" in its greed for wealth.

It speaks of tyranny as "fastened to the breast of the people and sucking out its vitality."

The chains of slavery are made to clank, the "police monster" flourishes the whip and club and helps tear one by one members from the body of the people.

The people are urged to destroy the capitalistic system and establish a society based upon love, fraternity and equality. "Your duty calls upon you to take dynamite and the dagger against your innumerable murderers," says the circular. "Never appear with empty hands."

"It concludes with the statement that Anarchy is the only system which can satisfy all wants of human society. 'Then arise, brothers and sisters of the laboring people,' is the last sentence; 'rise up in arms; arise for the social revolution; destroy the existing system of robbery which threatens to crush you, and found the system of Anarchy.'

A Valuable Find.

Last winter the discovery of a huge mountain of pure chalk in Union county, one mile from the Alexander county line, three miles from the line of the Grand Tower and Carbondale railroad and within three miles of the Mississippi river, was announced; but until the past few weeks the magnitude of the find was not appreciated, inasmuch as the work of development had not proceeded to any extent. The mountain is about 150 feet high, and from borings thus far made there does not appear to be any limit to the chalky substance.

The mountain is the property of Jonathan Perry, whose residence is at Mount Vernon, Ill., and who is just now putting the chalk on the cars at \$5 per ton. The chalk is found by scratching away about a foot of the soil, when the pure white substance is exposed in a solid mass, unalloyed by any foreign element, apparently as pure as the driven snow. The discovery is the more important from the fact that it is said to be the

only chalk bank known in the United States, and as it is convenient to the railroad and to the Mississippi river, where it may be handled in barges, its value is not likely to be overestimated. A company of capitalists in this city are investigating the mine, with a view to purchasing the entire property.—St. Louis Globe Democrat.

Death Unites Them.

Newbern Journal.

A telegram was received here about 10 o'clock Sunday announcing the death of Mr. Frank C. King, in Dover, N. J., aged 19 years.

Mr. King lost his wife and infant child in Newbern last week, by death. They were married November 18th 1889. He left here several months ago to visit his relatives at his old home in Dover, was soon smitten with typhoid fever and as stated, died Sunday morning. Neither he nor his wife knew that the other was critically ill. It was decided to send the remains to Dover, and let them be buried there together. The child, which had been buried Thursday, was disinterred and sent on with the mother. The funeral service of all takes place on their arrival there today.

The Sunshine and the Rain are sent alike upon the just and the unjust; all are liable to get wet when it rains and all are liable to suffer from the sunshine if not protected by our umbrella. Now we reckon we have more umbrellas, a better line of umbrellas and a larger variety of silk umbrellas than any house you know. You remember we told you in yesterday's Chronicle that we had bought Mr. Carters line of samples. These range in price from \$1.50 to \$6.50 for the silk ones, and from 65 cents to \$2.85 for the ginghams. We don't suppose you could ask for any special umbrella that we could not show you. We have about 250 of all kinds and the entire line are forty per cent under value; this is true. This is a fine opportunity for you to buy an elegant umbrella at a sacrifice at SWINDELL'S.

In order to test the comparative merits of the various newspaper advertising mediums, and at the same time benefit the readers thereof, we shall consider this advertisement for one dollar in payment toward purchase of \$20 or more worth of goods, if cut out and presented at time of purchase either in person or by mail.
