Mr. J. R. Ball, who is with Messrs. Barbee & Barbee State Agents for the celebrated Egerton Snuff, says he is receiving daily orders for this old and famous brand in bottles. His sales are increasing rapidly and the brand is becoming more popular every day.

The announcement in yesterday's issue that the registrar, Jos. Blake, Esq., of outside East, would open the registration books at Pace's store, was an error. He will keep the books at his residence, A. H. Green's place, just south of the rock quarry, near the Federal cemetery.

There is much complaint about the blockading the street at the corner of Blount and Cabarrus with the timber of the old Tupper's Church. Can't something be done to remedy this. It is reported as absolutely dangerous.

The tax list for Raleigh Township for 1890, shows the property listed is valued at \$5,395,483. Out of this amount, the colored people have listed \$194,580. This is a good showing for the colored people. Number of white polls, 1012; colored 861.

Miss Maggie Reese, who has spent the last ten days in New York purchasing her fall and winter stock of millinery, arrived in the city this evening, having purchased a splendid stock of goods which is bound to please the ladies.

Mr. John J. Christophers, one of Raleigh's oldest and most respected citizens, (indeed we believe he is the oldest person in the city) has been and is quite sick. He has been unable to leave his room for some time. He is now confined to his bed. He has been very active for one of his age. We hope he may recover and yet enjoy many years of health and happiness.

There will be a grand fishing party out at Myatt's Mills next Tuesday the 23d. inst. The pond of Mr. W. A. Myatt will be drawn off and fished that day. It is fifteen miles south of the city, out on the Fayetteville road. It will be a most pleasant occasion. Let everybody go who can; it has been for many years the most noted resort for fishing in Wake county. The pond has not been fished for many years.

This beating out process goes on until the champion club wins the prize—twenty five dollars in cash, and a silver cup. Not less than four clubs to be entered. The entry fee to be five dollars. The cup referred to above is to be a champion cup, to be put up and played for at each succeeding State Fair. This promises to be a great drawing feature, and will attract large crowds.

### Sad Accident.

Yesterday evening about 8 o'clock, as the Raleigh and Keysville train bound for this city was between Cary and Morrisville, it ran over and instantly killed a white man named Solomon Carpenter, aged about 65. When first seen, Mr. Carpenter was on the track, having stepped from the side of the road within ten or twelve steps of the locomotive. The engineer had just blown the signal for a crossing, and, as soon as he saw the unfortunate man, he attempted to stop the engine but without effect. Mr. Carpenter was struck on the head crushing it in a shocking manner. He lived in the neighborhood and had been engaged in picking cotton. He was very deaf but not dumb, and had been frequently cautioned on account of this defect to keep off the railroad track. The unfortunate man has recently lost a daughter, and his wife from whom he had separated, lives near Haw River. The body was brought to this city last night, and kept in the depot. An investigation was held this morning resulting in substance in the foregoing statement.

## Sixteen Thousand Boys in Raleigh.

Thought there was no people in Raleigh. According to the last census report there are somewhere between 10,000 and 12,000 here, but we think since those whistles have been distributed there are 16,000 boys here alone.

### Died.

Mr. Henry C. Prempert, who formerly resided in this city and was well known to our people, died last Wednesday in Wilmington. Mr. Prempert was a German and came to Raleigh about 1868. From here he removed to Goldsboro and thence to Wilmington. He was 61 years old.

### Pardoned.

The Governor today pardoned Jas. L. Henry, from Cherokee county. The pardon was granted upon the certificate of the county physician that if compelled to serve out his sentence, life would be endangered; also upon recommendation of Attorney General and various citizens of Cherokee county. The crime was assault and battery with deadly weapons; sentence six months in jail.

**The First Week in October**  
 will see our buyer again in New York to buy a second stock of goods for our friends who have been so liberal towards us this season. Surely no man could ask a more liberal patronage than we have received during the past few weeks. We expected our business to be much better this than last season, but we could not have reasonably expected it to double in September; but such is the case. We compared our books only yesterday and we find that our September sales are actually double last September's. Such a showing should surely be gratifying to any one; and it is very much so to us, for it shows that our friends appreciate our endeavors to serve them, and that they have confidence in us, and not only this; but it shows that a larger per cent of those who visit the city came to see us than formerly, because they become more thoroughly convinced every day that we can serve them more satisfactorily than some they have dealt with before at SWINDELL'S

In order to test the comparative merits of the various newspaper advertising mediums, and at the same time benefit the readers thereof, we shall consider this advertisement for one dollar in payment toward purchase of \$20 or more worth of goods, if cut out and presented at time of purchase either in person or by mail.
