Near the mouth of Neuse river, on the south side, bears are reported very numerous and troublesome. They have killed three hogs belonging to Mr. W. M. One of the bears killed some time ago weighed 850 pounds.

### Sad Accident.

A month or so ago a journeyman tailor who said his name was F. Kuba, and a German, came to this city, and being in apparent indigent circumstances, was given work for awhile by Messrs. Royster & Crawford, merchant tailors. He staid there awhile and left for the western part of the State. He was partially paralyzed, but notwithstanding was a pretty fair workman. Yesterday Messrs. Royster & Crawford received the following dispatch:

ASHEVILLE, N. C., Sept. 22, 1890.

Messrs. ROYSTER & CRAWFORD.—A man by name F. Kuba was killed this morning near Statesville by our westbound passenger train. In his possession was found a letter from your firm, also a small amount of money. His body has been turned over to the county authorities. Kindly advise us if you know of address of his people. N. E. McBEe.

Messrs. Royster & Crawford say that they do not think Kuba has any relatives in this country. They have written to Mr. N. E. McBee on the subject.

### I. O. O. F.

J. G. Brown, Esq., and Rev. Dr. J. H. Cordon returned from Topeka, Kansas, this morning, whither they went as Representatives to the Sovereign Grand Lodge, I. O. O. F. of the World, which body held its session in Topeka. It is composed of 166 representatives who represent 700,000 Odd Fellows. Mr. Brown says they were received and treated in the most royal style. The Governor of the State received them with the Supreme Court Judges and all the dignitaries of State. They were banquetted, given excursions, the street cars were placed at the disposal of Representatives to ride anywhere they would without charge. All the Representatives were given gold medals. Indeed everything was done to make them happy and pleasant. C. M. Busbee, Esq., our talented townsman, was elected amid great enthusiasm Grand Sire and was installed on last Saturday evening at 2 o'clock which places him at the head of the grandest order of the world now composing more than 700,000 members. North Carolina now stands ahead.

### The Theatre Tomorrow Night.

There is every assurance that tomorrow night's attraction at Metropolitan Hall will be an improvement on the last. The Hettie Bernard Chase Company will appear here in the presentation of "Uncle's Darling." A Knoxville exchange where she has recently played says that Miss Chase is one of the most charming women who has appeared there. She has fine talent and has been remarkably successful. The people of Knoxville were highly pleased with her, and she was a superb success in the play of "Uncle's Darling," which was written especially for her. Her songs, dances and tanjo playing are pronounced as thoroughly captivating. The different characters are said to be well sustained. The performance is interspersed with quartettes, duets, comic songs and dances.

### School Books.

#### Correspondence of the VISITOR.

You did well to call attention to the frequent changes in school books. This thing may be very agreeable to publishers and book sellers, but school patrons whose interest should be studied first, last and all the time, do not find it so pleasant. A book should be admitted into our public schools with great caution, after a minute and thorough examination, and its price ought to be one item in its favor or against its adoption. Not the most important, but deserving careful consideration. When a book is adopted it should be there to stay for at least three years, five years are better, and if it be of such merit that it can be handed down from one child to another it is better still. The more excellent way is for each county to furnish all the books. We may not be ready for such a change, but it would be at a great saving to those who buy books under the present method. In the mean time let the changes be as few as possible with excellency, and in deciding upon a book give some consideration to the almost empty pocket book of many who are anxious for their children to have an education. CITIZEN.

#### The Racket Store.

This writer knows just as well as any one knows, that the very word "Racket Store" is Synonymous in the mind of a great many people with common cheap trash, or goods that are not reliable, in other words, Racket Stores have from their earliest history been looked upon and justly so too as catering to and for the very cheapest trade. We recognize this fact, but while we believe there is much money to be made in this line of cheap goods, we do not believe there is that possibility of lasting satisfaction to be gained in handling such goods as there is in handling only reliable goods. We have never had a Racket Store, in the strict sense of the word. While it is true we have advertised our store very extensively under the name of "Big Racket Store," it was more a name of necessity than one of choice. Our predecessor had already established the name of Racket, and you readily see it would not have done for us to drop the name in the beginning. We have never kept Racket goods but sold what we had when we took the store at once and have never replaced them. This season we bought none but first class reliable goods, and we believe we are showing as handsome a line of stylish goods and at lower prices than any house in your knowledge. SWINDELL'S.

In order to test the comparative merits of the various newspaper advertising mediums, and at the same time benefit the readers thereof, we shall consider this advertisement for one dollar in payment toward purchase of \$20 or more worth of goods, if cut out and presented at time of purchase either in person or by mail. SWINDELL.
