In and Around the City.

Late Equinox.

Fires and overcoats.

Registration progressing slowly.

Durham fixing for electric street cars.

Remember the show at Metropolitan Hall tonight.

Go to Metropolitan Hall tonight and get a nice present.

Miss Hattie Christophers, who spent the summer at Winston, has returned to her home on East Morgan street.

A new census has just been taken at Asheville, which gives it a population of 11,984. This is an increase of 1,900 over the government census.

If you want to pass an hour or so of solid enjoyment go to Tension & Dawson's grand exhibition at Metropolitan Hall tonight.

A bunch of keys has been found on Fayetteville street which the owner can get by calling at the Station House.

The proposition to erect a monument on our Capitol square to the memory of the Confederate dead, is a grand one, and should be carried out. A small contribution from each county is all that is needed.

Special meetings Commence tonight in the Tabernacle church. There has been considerable interest for some time past and the time seemed very favorable for a revival. A cordial invitation is extended to the people to attend.

The Committee having the banquet arrangements in hand request us to state that they have endeavored to see every Odd Fellow in the city who desired a ticket, and that if any have been overlooked they will please call upon the Committee and they will be supplied.

The County Canvass commences to day at Cary, and will continue until a short time before the election. Both sides seem to be elated, and it only remains for the "longest pole to sweep the persimmons." We hope that the canvass will be conducted in an orderly and creditable manner all around. It is not natural for everybody to think alike, therefore toleration should be practiced to all the extent possible.

Attention is directed to the advertisement of Mr. John R. Terrell, No. 203, Fayetteville street opposite the Raleigh National Bank. Mr. Terrell has one of the finest and most select stocks of all kinds of groceries in this city, and he is selling at such reasonable prices, as must attract public attention. Those in want of delicacies in his line should give him a call.

We hear but very little of late about the prospect of an electric street car line. We note that our neighbor Durham, is moving in the matter. Shall we be behind? If the road is properly extended into the suburbs it surely should be a paying investment. It seems to be in most other places many of which are not as large as ours. Why not in Raleigh?

Sad Intelligence.

Capt. R. L. Heflin, of this city, received a telegram this morning stating that his son W. T. Heflin, died yesterday evening in Georgia. He held some railroad position in that State and was a most estimable young man. His father Capt. Heflin did not know of his son's illness, and the blow was therefore heavier. The Capt. and his family have our sympathy in this their hour of sorrow.

Attention.

We are requested to urge the Degree Staff of Manteo Lodge, No. 8, I. O. O. F. to meet at Odd Fellows Hall on tomorrow (Tuesday) night promptly at 7 o'clock; work in the Initiatory Degree. Candidates will please take notice and present themselves promptly at 7 o'clock as the brethren desire to confer the work and adjourn the lodge promptly at 9 o'clock.

Adjourned.

The Superior Court has been adjourned for the term owing to the continued illness of Judge Boykin, who, we much regret to learn, is threatened with quite a serious attack of malarial fever. While, of course, this involves some considerable inconvenience in many respects, yet, it is one of those cases for which there is no immediate remedy under existing law. All the witnesses in the case of the State vs Hogue, will be recognized to appear at the next term of the court for the trial of criminal cases.

Low Rates.

The Richmond and Danville Railroad will sell parties attending the Alamance County Fair, tickets to Burlington, N. C., and return at the following rates for the roundtrip from points named:

Charlotte,	\$3.40
Greensboro,	.65
Durham,	.85
Henderson,	1.60
Raleigh,	1.20
Selma,	1.80
Goldsboro,	2.20
Winston Salem,	1.00

Rates from intermediate points in same proportion.

Tickets on sale from Oct. 6th to 9th inclusive, good returning until and including Oct. 11th.

Well Advertised.

It may interest some of our readers to know what has been done, and will be done to advertise the coming State Fair. The daily newspapers of the State have received and largely published daily communications from the office of the fair managers. Weekly letters have been to the weekly papers, and quite generally published. Advertising matter and monograph letters have been sent to the professional men of the State. The same has been sent to all railroad agents, employees and to all postmasters in the State, to all Secretaries of Alliances and sub-Alliances. Monograph letters have been sent to stock raisers in the State; to manufacturers in all the Southern States, and to manufacturers of agricultural implements and publishers of agricultural papers, all over the country. Besides all this and besides the work done by men on the roads, many hundred autograph letters have been written.

Licensed.

Last Saturday the Supreme Court concluded the examination of applicants to practice law. The following were those licensed:

O. V. F. Blythe, Henderson; A. J. Fletcher, Watauga; J. M. Bodenhamer, Surry; J. H. Bridgers, Vance; Augustus Burroughs, Martin; W. H. Long, Jefferson county, Tennessee; E. W. Our Churches Yesterday.

TABERNACLE CHURCH.

The Sunday School now numbers 676—there was entered upon its rolls on yesterday twenty nine new scholars. The Rev. Dr. J. J. Hall pastor preached both morning and evening; the sermons were able and impressive; at the evening service quite a large number asked for prayers. Although the pastor is still very weak from his recent attack of sickness there will be services there tonight at 8 o'clock and possibly every night this week, to which every body is invited.

AT EDENTON STREET CHURCH.

Rev. Dr. J. H. Cordon preached an unusually fine sermon yesterday morning to a large congregation. At 4 o'clock in the afternoon there was a meeting of different congregations that was well attended. Fine addresses were delivered by pastors and laymen. At night there was also a large congregation; Rev. Dr. J. H. Cordon preaching an excellent sermon; there were two persons received into the church by certificates.

CENTRAL M. E. CHURCH.

At Central M. E. Church the religious interest still continues. Rev. Dr. L. L. Nash preached two most excellent sermons, morning and night, yesterday to large congregations. The meetings will continue every night during this week.

Blow, Blow, Blow.

Wealth in the Watermelon.

Charleston Democrat.

Every season develops more and more fully the prevailing necessity for the discovery of some practical and profitable use to which the surplus melon crop may be put. Every melon left in the field at the end of the season, except for the seed, represents a waste. A means by which this waste, which annually assumes enormous proportions, could be aver-

ted would no doubt be hailed with pleasure by every melon grower in the country; therefore the announcement from the Southland to the effect that such means has been discovered, if authenticated, is an important one.

The new discovery, which consists of converting the melon bulb into sirup, it is alleged, will establish in the south an industry scarcely of second importance to that of producing oil from cotton seed, and the product is vouched for as being the very best ever yet made. If the report proves true, and there seems to be little or no reason for discrediting it, Mississippi and Scott counties may, with a little energy, convert that which is now absolutely valueless into profits running into the thousands.

Wraps

BARGAINS AND UNDERVALUES

We thus early, are going to offer some of the greatest values, in Ladies, Misses, and Childrens' wraps, that have ever been offered in Raleigh! These are wraps carried from last season, and we wish to sell this lot first. We have probably \$1,500 or \$2,000 worth in this particular line, and to dispose of these, at once, we will offer them at prices, LESS THAN THE CLOTH IN THE GARMENTS COST.

The styles of many of these are almost identical to the new styles now being opened. These wraps are marked in plain figures, and are on sale in our bargain and undervalue department.

This is an opportunity never before offered in this city, at the beginning of a season, to buy wraps in good styles, and at such low prices. Wraps from this lot once sold cannot be duplicated at any thing near the prices we are now selling them at, so it is to your interest to buy at once.

Now, we do not wish any one to infer from this, that we are not going to have any wraps besides these, because we are, and have already begun opening the new stock, of which we will tell you more about, a little later.
