LARGEST CITY CIRCULATION.

In and Around the City.

A convict from Hertford county was today brought to the penitentiary.

Improvements are in progress at the entrance to the First Baptist church.

The police today reported the city as very quiet last night and that no arrests were made.

There was frost this morning, the first of the season. It is almost a month later than the first frost last fall.

Sunday morning four convicts made their escape from the Durham county workhouse, by the aid of outside friends.

Some very good bags of birds are being made by sportsmen in this section. The weeds are so rank as to make hunting heavy work.

All the county convicts save eight are just now at work on a road near Col. Lon. Stephenson's, and at night are quartered in a building near there.

The cotton receipts today were light. The belief is that much more cotton than usual will be held this season for the rise in prices which almost invariably comes late in the season.

Business on the Seaboard Air Line is the heaviest on record. It is handling immense quantities of freight. The capacity of the system is taxed to the utmost and there are pressing demands for cars. The freight due from Hamlet this morning did not arrive until 11.30.

The crop report for September as prepared by the department of agriculture, shows that cotton, corn and tobacco stand at 97 per cent. This is a high condition, but really the estimate is too low.

The Southern Dental Association which is next year, by invitation of the State Association, to meet at Morehead City in August, is a very large body. It was for the purpose of making preparations for this meeting that the State Association held its special session here last week.

Ex-Congressman Simmons was on the east bound train today, on his way to New Berne. He said the belief in Winston is that the current rumor that Brower has withdrawn from the congressional contest is unfounded.

The Charlotte Light Infantry, Capt. C. S. L. A. Taylor, which is in camp at Camp Russell, has three officers and forty three men, its full strength, present for duty. This is a very creditable showing. The company is composed of the representative colored men of Charlotte. It will break camp Friday evening.

The fair ground train handled 29,000 people during Thursday and Friday of the fair. Next year the train will be made larger and will be drawn by heavier engines. The platform at the fair ground station will also be enlarged and otherwise improved.

In the spring of last year Prof. Chamberlain, of the Agricultural College, bought from Mr. W. G. Upchurch a very fine Jersey bull calf. This the Professor sent to Bath, New York. Last week it was exhibited at the fair there, the largest in New York State, and took the first prize.

The real cause of the delay in the beginning of work on the union depot is that the first bids were all too large. Fifty thousand dollars is the sum set apart for construction, and the bids ran up as high as \$80,000. As a result, new plans had to be prepared and new bids are now invited. The depot is a "certainty," it may be added by way of cheering any persons who may be "doubters."

Quite a number of visitors to the colored fair arrived on today's train.

There will be a regular convocation of Raleigh Chapter, No. 10, Royal Arch Masons, at their hall this evening at 7:30 o'clock sharp. All companions are earnestly requested to be present.

Many tickets to the Goldsboro fair have been sold from here. Raleigh will have a good representation there. The fair is said to be a good one, and for the first time in several years is favored with good weather.

Mr. W. R. Womble has moved the county democratic headquarters into the store in the Henry building formerly occupied by Mr. W. H. Hughes. This is done in order that the rooms above may be prepared for the use of the Capital Club.

Prof. Thos. N. Conrad, formerly President of the Virginia Agricultural and Mechanical College and recently Professor of Agriculture of the Maryland Agricultural College, has been selected by the department of the Interior to prepare the report on the tobacco crop of the United States for the eleventh census. He has been travelling through our State looking after this important industry, and is now in our city. He meets our Board of Trade tonight, by appointment. He is doing a good work for North Carolina, and should receive all possible aid. He will visit all the tobacco sections in the State.

The Colored State Fair

Was opened today in the usual formal way by Governor Fowle. A procession was formed at 11:30 o'clock, headed by the Raleigh band and the Charlotte Light Infantry which escorted the Governor to the grounds. In the parade were some fine horses and cattle. Tomorrow and Thursday will be usual by the great days at the fair.

Second Ward Rally.

Tonight at eight o'clock there will be a grand rally the Democrats of the Second Ward Club.

Chas. B. Aycock, Esq., of Wayne, and Ex-Senator Duncan E. McIver, of Moore—two of North Carolina's most eloquent young orators—will address the voters of the Second Ward and other voters of the city.

The speaking will commence at eight o'clock sharp in the court house. Every voter in the city is cordially invited to be present. Let us give the eloquent speakers a rousing audience.

W. O. SCOTT,
Pres. 2nd Ward Club.

R. W. TAYLOR, Sec.

Personal Mention.

Governor Fowle leaves today for the Border Fair, at Maxton, which he will formally open tomorrow.

Miss Eliza Primrose left on last night's train for Memphis, Tennessee, and will spend the winter in that State, visiting relatives.

Mr. Walter Howell leaves the city this afternoon to attend the wedding of Mr. James Wood and Miss Gracie Vaughn, both of Greensboro.

Mrs. T. C. Fuller and Master Jones Fuller left today for Wilmington to attend the meeting of the Presbyterian synod.

Among today's guests at the Yarboro is Mr. Natt Atkinson of Asheville.

Norris' Dry Goods Store.

The way our many friends and customers crowd our store, and give us hearty handshakes and warm words of good cheer, is a very safe guarantee that our efforts are being appreciated. Our moderate prices on everything, and solid representation of goods just as they are, are inducements that render merchantile life a pleasure both to the buyer and the seller.

The Gruber Family.

The Gruber family gave an interesting and enjoyable concert last night to a good house at Metropolitan Hall. The Professor himself accomplished some wonderful musical feats and each one of his children is fully as gifted as himself. Mr. Claude Powers is a good tenor singer, and pleased the audience with some happy selections. The concert will be repeated tonight for the benefit of St. John's Hospital. Let there be a good audience.

Left for Tarboro.

Mr. Herbert Jackson and a large party of his friends and those of his bride-elect, Miss Annie Hyman Phillips, left this morning via Selma for Tarboro. The freight train was late and all the party were left at Selma, which they will leave on a later train. Among the party are Misses McVea, Dowd and Bunn, from St. Mary's school; Misses Helen Fowle, Lina Battle and Belle Bagley, of Raleigh; Miss Mary Kerr Bingham, of Mebane, and Messrs Sam Jackson and Walker. The marriage ceremony will take place tomorrow evening. Mr. Jackson is deservedly popular here and all over the State, and both he and his winsome bride will have the kindest wishes for good fortune.

Returned.

Mr. S. M. Parish returned Saturday from Greensboro where he attended a meeting of the State and National Prohibition Executive Committee, together with many friends of the cause, and reports a very harmonious meeting. Over \$1,200 were raised for campaign work. The State Executive Committee is instructed to put a good man in the field at once to canvass the State and organize Prohibition Clubs in every locality. He says good and definite work will now be done on this line; that the Prohibitionists are both hopeful and enthusiastic. Quite a number of counties are organized and will vote for the ticket strong.

The nominees for Wake county are as follows:

Senate—S. M. Parish.
House—Sion Holloman, A. H. Yearby, W. W. Johnson, and C. N. Hunter.

Clerk—A. K. Weathers, of Cary.
Sheriff—J. R. Langston, Auburn.
Register—Wesley House, House's Creek.
Treasurer—A. Carter, Barton's Creek.
Congress—Dr. J. M. Templeton, of Cary.

Destitution in South Dakota.

CHICAGO, Oct. 18.—The mayor has received a lengthy appeal from Houghton, Brown county, South Dakota, signed by several distinguished gentlemen of that State. These men represent the towns of Greenfield and Brainard. They say that the crops of Brown county have been a failure during the past three years and the people are absolutely without food, fuel or clothing, and ask the mayor to appeal for aid in their behalf. Mayor Creger will receive subscriptions or either money, clothing or provisions, and have them sent to the committee.

A Young Girl's Horrible Fate.

PHILADELPHIA, PA., Oct. 18.—Miss Ida Dusenbury, 19 years old, a stenographer and typewriter, was instantly killed by an elevator in the Thackara building, this city, this afternoon. She had ridden on the car from the upper floor to the second story, and then walked to the first floor, where she pulled the rope, intending to send the car to the top of the building. Unfortunately, she got hold of the wrong rope and the heavy car came down on her head, breaking her neck. A few minutes before the accident Miss Dusenbury had accepted an invitation to a dinner to be given tomorrow in honor of herself and her future husband.

125 Pair of Men's Dress Pants.

We received yesterday 125 pair of pants; all fine dress pants, assorted styles, which we give you low figures on. At the same time we received 25 fine light color and light weight over-coats at \$12.50, \$15 and \$18. These goods were bought while I was in New York, two weeks ago, but were delayed in transit. The same goods if bought in New York today would cost you more than we charge you for them. They are beauties, and if you want a nice, dressy coat they will suit you. We have a very elegant line of clothing this season, and we are having marked success in selling it, therefore we conclude our prices are lower than most others' prices are. We know our goods are the correct thing, and if our prices are the lowest of course we are bound to do the selling. At SWINDELL'S.

In order to test the comparative merits of the various newspaper advertising mediums, and at the same time benefit the readers thereof, we shall consider this advertisement for one dollar in payment toward purchase of \$20 or more worth of goods, if cut out and presented at time of purchase either in person or by mail. SWINDELL.
