

The Daily Evening Visitor.

VOL. XXV.

RALEIGH, MONDAY, OCTOBER 27, 1890.

NO. 29

The Daily Evening Visitor

Local notices in this paper will be Five Cents per line each insertion.

LARGEST CITY CIRCULATION.

In and Around the City.

Hail.

Cold wave.

Bushwhacking.

Political contest almost over.

Regular meeting of Wm. G. Hill Lodge tonight at 7:30 o'clock. Visiting brethren invited.

Have you seen the black collar? It is a queer looking thing, but it is said, will be all the go.

Cotton is still on a regular boom, and is coming in more freely than ever known at this season.

The matter of a new hotel seems now to be assured. There is an earnest proposition in the premises which looks like an early assured success.

We hear of several spasmodic efforts to remove the State Fair from Raleigh. All of them however, will weigh but little in the balance, because the fair is now in the right place, and under the right control.

The fund for procuring head stones for the Ex Confederate dead at Fredericksburg is not increasing as rapidly as should be expected. It is a worthy cause and our people should, by all means aid it.

There will be a meeting of the congregation of the church of the Good Shepherd tonight at 8 o'clock, to consider business of importance. Meeting to take place in the church—a full attendance is desired.

The last will and testament of the late Madison B. Royster was presented to the Clerk of the Superior Court, for probate today. Joseph M. Dennis and George C. Ray as executors.

Galley Slave.

The Baldwin Theatre Company commence a week's engagement at Metropolitan Hall tonight, presenting the great American Comedy Drama, "The Galley Slave." Change of play nightly from an excellent repertoire of successes. Admission, gallery 20c; entire first floor 30c; no extra charge for reserved seats. Tickets on sale at MacRae's Drug Store.

Attention Odd Fellows.

There will be a regular meeting of Manteo Lodge, No. 8, I. O. O. F. on tomorrow (Tuesday) night, at 7:30 o'clock. Work in the initiatory degree only. Candidates are requested to be on hand promptly at 7:30 o'clock. Business of importance that will demand the attention of every member of the lodge will be transacted. Those who feel interested in the welfare of the lodge are most earnestly requested to attend.

Our Baptist Female College.

We hear but little of late concerning this institution. It is not being pushed as rapidly as could be wished. In the meantime, we hear that Durham is pressing ahead in preparations for the new institution under Baptist auspices, proposed in that town. The Daily Globe says that lumber is now being received for the new building, and efforts will be made for a magnificent structure. Let not Raleigh be behind in this matter. It is one in which our reputation is at stake.

Wake Superior Court.

The following business was disposed of in the Superior Court today, His Honor, E. T. Boykin, judge presiding:

Sarah Blake vs S. Blake; divorce; verdict for plaintiff.

Mrs. E. V. Grundler vs Frank Grundler; divorce; verdict for plaintiff.

Andrew Syme, Trustee vs Brinkley House et als; claim for betterment; verdict for defendant.

Allen & Cram vs. Raleigh Ice Company; judgment for plaintiff.

Court adjourned until tomorrow morning at ten o'clock.

Our Visit to C. B. F. Institute.

We had the pleasure of visiting this excellent institution last week. It is located at Murfreesboro, in Hertford county, N. C., within eight miles of Conway, the nearest railway station on the Roanoke and Tar River Railroad. There is a branch road from Murfreesboro to Pendleton, on the above road, a distance of only seven miles which is expected to be built at once, indeed, it has already been surveyed, and the knowing ones are confident it will be built and in operation by Feb. 1st, 1891, thus giving a direct line of daily communication by rail, then it is believed it will also have a daily boat, it now has only three per week, thus giving a perfect system of communication with the outside world.

LOCATION AND DRAINAGE.

The site embraces a tract of twenty-eight acres adjacent to the town, and secures the important advantages of privacy, and affords ample room for exercise within the enclosure, a most beautiful lawn of six acres immediately in front of the main building, laid out in walks and ornamented with shrubbery and flowers, adds greatly to the attractiveness of the place. The grounds are the most beautiful and attractive of any we have seen, the location has the most perfect system of natural drainage we have ever known; a large size and swiftly flowing branch which runs through a deep ravine and perfectly drains the grounds on all sides except in front. The front having a perfect system of drainage in that direction. We in this section of the State generally believe the grounds there are quite low, but such is not the case, as the well in the yard, which affords the best of water, is forty-two feet deep.

BOARD OF INSTRUCTION.

J. B. Brewer, A. M. Mathematics. Mr. Brewer is too well known to need a word from us, but we must say that he is eminently fitted to preside over the Institution. The Trustees should be complimented in being able to procure the services of such a man. In all respects we believe he is the right man in the right place; his discipline is the most perfect, firm, but kind and gentle, no one in our opinion, is a higher type of pure christian manhood.

Rev. C. W. Scarborough, Prof. of moral Philosophy and English Literature. He presides over his department in a manner which is rarely equalled and never excelled. He is one of the best men in the State. The influence he exerts over the young ladies of the Institution by his pure and spotless life, will be a blessing to generations to come.

Mrs. C. W. Scarborough, Natural Science. She was educated in the New York Normal School, well fitted in all respects for the position she holds, and has already gained the well deserved reputation of being one of the best teachers in the South. A pure christian lady, she has the love of all.

Miss Lillian B. Miner, Latin and Grammar, is a graduate of Wesleyan Female College, one of the finest colleges in America; she also has charge of the class in Elocution, is eminently fitted for the work of her department. She is a grand success as a teacher.

Miss Sadie T. Perry, French and English, is a graduate of the Institute from Scotland Neck. President Brewer says she is one of the best posted ladies that has graduated at the Institute since he has had charge and that she is a born teacher.

MUSIC DEPARTMENT.

Mrs. Susan B. Myrick has been connected with the Institute for six years, and the reputation in her department is second to no one in the State.

Miss Georguett Clark Courthouse, Va., received special training at a New England conservatory of music. Tea and instrumental music, by accomplished lady.

ART DEPARTMENT.

Miss Ella L. Jester, who has given her exclusive attention to art for many years, presides over this department; she spends her summers North, pursuing her studies in her department improving herself; she is well fitted in all respects for the responsible position she holds.

The Chemical and Philosophical apparatus cannot be surpassed in any Female Institution in North Carolina. It is complete in all of its departments.

Mrs. C. W. Scarborough gives her time to this department and teaches largely by experiments; she cannot be surpassed as a teacher in this department.

The boarding department is under the immediate supervision of Mrs. J. B. Brewer, a most accomplished lady, and one of the loftiest types of pure Southern christian womanhood. She has an accomplished housekeeper to assist her.

HEALTH OF STUDENTS.

In order that the health of the girls may be properly guarded and looked after they have a matron whose exclusive duty is to look after and guard the health of girls, this position is filled by one of the best of ladies, Miss S. C. White.

For the past nine years there has been no case of typhoid fever in the Institute, and no case of diphtheria, chills and fever as rare there as they are here in Wake county. We found from the records that for the past five years the doctors' bills for the Institute has been only \$165.80, and during that time there has been from 50 to 85 boarders per year, the largest bill paid for any one girl during that period was \$12.00.

A deep religious influence prevails in every department. One of the school family is in Mexico and three in China. At the close of the last session there was not a girl who was not a nominal christian.

The scholarship is of a very high grade where graduates of the Institute are brought into competition with graduates of other institutions, they are able to maintain themselves. At the recent session of the West Chohan Association, Rev. Dr. Charles E. Taylor in speaking of the Institute said: "This school is the only female school belonging to the Baptists in the State, and is worthy of the patronage of the people to the fullest extent. I have seen the examination papers from this school which would do credit to Wake Forest, Richmond College or the University of Virginia."

This school is situated in the midst of a noble people, kind, generous and open hearted. We most heartily commend it to all who have daughters to educate, who desire a most beautiful location combined with all the modern improvements and appliances for a thorough training, a high grade of scholarship, and the most wholesome religious influences. You can do no better than send your daughters to the C. B. F. Institute, at Murfreesboro, N. C. We are indebted to Prof. Brewer and Rev. C. W. Scarborough for many courtesies shown us. Mr. Scarborough took us in his buggy to many points of interest in and around Murfreesboro. We enjoyed so much our ride with him. He is an old and much loved friend of ours. We are profoundly grateful to him for his kindness. May his life be blessed with peace and prosperity also to Mr. J. M. Corbitt, helped to make our trip a pleasant one.

Boarders Wanted

Three or four nice young men can find good board in a private family on South Person street. Call at Messrs Bevers & Horton's store on Hargett street, for full information. oct25 4t
