## NOTES ABOUT THE CITY.

### What Our Reporters See and Hear Worth Giving to Our Readers—News in Brief.

The year ebbing out.  
Pearl of Savoy tonight.  
Marriage season in full blast.  
The Presidents message is the topic of interest just now. Congress convened yesterday.

The Bethlehem (Pa) Iron Company has shut down its steel works, throwing 1000 men out of employment.

The new county officials look at home in their quarters in the Court House.

The Internal Revenue collections for the Durham Stamp office during the month of November amounted to \$58 901 12.

Wood, the New York murderer has appealed to the Supreme Court of the United States and his electrocution will not take place till January.

A man at Elkton, had his hand caught in rollers of a rolling mill and his arm torn out from his body and carried through the mill.

Lay in your supply of salt as early as possible, Jay Gould has bought the plant of the Hutchinson Salt Company, the largest salt works in the United States.

The Teachers Institute now in progress at the Court House opens daily at 10 a. m. The exercises are very interesting and largely attended.

Internal revenue collections for the first four months of the fiscal year amounts to \$51,028,289. The public debt increased \$4,000,000 since November last, owing to heavy payments; the pension we suppose.

In order to enter upon some important cases in which he has been secured as counsel Col. T. M. Argo, solicitor of this judicial district has resigned his position, although his term of office does not expire until the 31st. inst.

New is the most opportune time to subscribe for the VISITOR. Nearly every family in Raleigh will need something for the Christmas holidays, and by looking through the columns of the VISITOR the best bargains can be secured. Subscribe at once.

Let every business man who has holiday goods to sell, remember the VISITOR is a household institution in Raleigh. It goes to a large majority of the homes of our people and hence when anything is desired in the way of purchases, its columns are largely perused. The success of the VISITOR as an advertising medium is conceded on all sides. Try it; it never fails to meet just expectations.

### Unusual

Gentlemen composing the new administration of affairs at the County Court House, represent to a considerable extent, the maimed soldiers of the State. The Register of Deeds has lost a leg, his clerk an arm, the Probate Judge's clerk an arm, the County Superintendent of Public Instruction an arm, and the Janitor received in the war, a severe wound on the leg.

### A Yankee Against the World.

Prof. Koch, the renowned German doctor, has a rival in the "Aerated Oxygen Company" of Nashua, New Hampshire, for the cure of consumption. That is the way it goes, Americans against the world and a Yankee the file leader every time.

It now comes to light that a company of the best physicians, bankers and business men of New Hampshire are stock holders and projectors of a company which has been organized for the manufacture of a cure for consumption that lays Koch's remedy in the shade.

I tell you we Yankees don't intend that any part of the world shall get ahead of us.

### New York Theatre Company.

Metropolitan Hall was well filled last night to witness the opening performance of the New York Theatre Company in the beautiful play of "Jack's Sweetheart." The company made a most decided hit, and came fully up to expectation. The acting was highly appreciated, and ensures a most successful season. Mr. P. B. French as Jack Henderson and Miss Helen Minkley as Bessie Stocum are destined to become popular favorites with our people.

### New Advertisements.

See notice of mortgage sale of land by Wm. M. Wray, mortgagee. Attention is directed to the advertisement of Messrs. W. C. & A. B. Stronach who invite everybody and specially the ladies to call and see the workings of their new bakery on East Hargett street.

By reference to our advertising columns it will be seen that Mr. J. Hal Bobbitt announces a handsome line of holiday goods, which the public are cordially invited to call and examine. "Hal" knows how to please. All he wants is a chance.

See notice of sale of land by Armistead Jones attorney for mortgagee.

### Death of Jordan Womble, Sr.

It is with deep regret that we announce the death of this venerable and highly esteemed citizen which took place at his residence on East Hargett street yesterday afternoon at 3:45 o'clock in his 85th year.

Mr. Womble was a native of this county, and can almost be said to have been a life long resident of Raleigh. He was for a long series of years engaged in mercantile business which he prosecuted with success until the infirmities of age warned him to retire. He has also served the public in the capacities of City Commissioner, member of the County Court, Treasurer of the Board of Wardens of the poor, and Magistrate, in all of which he discharged the duties faithfully. He leaves nine sons and a daughter to mourn their loss. The funeral services will be held from the Baptist Tabernacle tomorrow morning at 11 o'clock.

Baltimore, Richmond, Petersburg and Norfolk papers please copy.

### The Holidays.

Already do we hear of preparations for the coming Christmas holidays, and it looks as if the season will be more generally enjoyed than for many years. It has been a long time since our people have been so full handed in money matters, as now, and hence the little ones, and grown folks too, may reasonably look for good old times. We have been blessed in the shape of crops beyond all reasonable expectation and everybody ought to be happy. To meet the demands upon them, our merchants are purchasing heavily, and if they pursue a judicious system of advertising, they will realize the most encouraging returns. In this connection we simply want to say, that the VISITOR goes into nearly every household in Raleigh, and it certainly is read by more persons than any other journal published in Raleigh. This being so, there cannot be a better medium through which to make known what merchants have for sale, and there certainly is not a surer medium to reach the ears of parents and guardians in whom the purchasing power for the children is lodged. It will be to the interest therefore, of merchants generally to use our columns. It will prove mutually remunerative.

### Bank in Trouble.

Rumors effecting the Keystone National Bank, day before yesterday, caused a run upon it. The bank may survive it, but could not do so likely, but for the fact that the city of Philadelphia, which is a depositor with a balance in its favor of \$400,000, allows its deposits to remain.

### Personal Mention.

Mr. B. I. Powell of Henderson is in town. His mission is a silken one. Hon Jno T. Patrick is in town making things lively in the interest of the Asheville Convention.

Prof. T. Wood from Pine Bluff is in the city. He speaks in glowing terms of the heatfulness of that place.

Rev. Mr. Clark, who has been for sometime rector of the church of the Good Shepherd in this city, left yesterday for Fredericksburg, Va., with his family, where he will assume charge of the Episcopal Church. He leaves many warm friends in Raleigh.

Prof. Nye the optician has his office on the first floor of the Florence Hotel. All orders promptly attended to.

### Our New Depot.

The VISITOR does not desire to be considered unreasonably captious, but there are times when our duty to the public requires that we should call attention to what may be considered a dilatory mode of procedure. In this matter of a new Union Depot, the people of Raleigh for a long time have been on the tip toe of expectation, hoping that matters would take such a turn as to give hope of an early consummation of this cherished object. But delay has followed delay until now, it looks as if another spring will find us as sadly in need of proper depot facilities as for years past. This should not be if it can possibly be avoided. In other matters we are having what may be termed a genuine boom. The electric street railway is assured. One cotton factory is in successful operation and one or more others are in contemplation. Our merchants are handling more freight than for years past, and the cotton receipts bid fair to run up to 30,000 or 40,000 bales. To handle the incoming and outgoing freight we have but a poor excuse of storage accommodations, and unless the new depot is built and ready for use the spring trade will find us in the same old rut. Can't this business be hurried up a little. If there is any hitch let it be untangled and work commenced at once. There is no time to lose if it can be avoided.

### The North Side Land Company.

The "North Side Land Company" has been organized to develop the property of the Briggs estate and Womble tract adjoining. This is certainly the prettiest part of the City of Oaks, and the building of residences has been almost exclusively confined to this section. New houses are being built within stone's throw of the above property. These lots are undoubtedly the most desirable to be had in Raleigh. The property, as every Raleighite knows, is in close proximity to Peace Institute, Murphy Graded School and Brookside Park, in fact 'tis the most beautiful suburb of our growing city. Lots within a block of this property have never sold for less than \$600 to \$1,500. The North Side Land Company have put these on the market at \$225 in easy payments. In our opinion every investor will in a short time double his money. The Briggs property is dotted with beautiful oaks. Almost every lot is ready for its building without any grading. Wide beautiful streets will be graded. Avenues running east and west have been named Oakdale, Briggs, Wake and Mordecai. These lots are being taken rapidly, a number already sold; if you want one you must speak quick. Mr. J. A. Jones is President of the Company, Mr. C. M. Hawkins, Vice President, and Mr. T. P. Jerman, Jr., Secretary and Treasurer.

### Cloaks and Capes.

Some wonders. More than the match of anything we've ever done in Wraps. "Low prices" doesn't say it all. You'd almost certainly be charged a third more for the like of most of these styles elsewhere, but even then there's no assurance that you'd get as good. MCKIMMON, MOSELEY & MCGEE.

### Silk Umbrellas

Did you ever think what a nice present a handsome Umbrella would be to give on Christmas? Its a serviceable as well as an appropriate one for lady or gentleman. Some years ago Silk Umbrellas were quite expensive and not so generally in use as now. The cost of a very fine one now is not more than you would expect to give as a present to any one. You have quite a large line of styles, qualities and prices to select from now, and the idea is where would you be most likely to find the best and prettiest assortment and for the least money. The price of any article to every one is some importance, for it is a fact long since acknowledged by all, that the same goods are not always sold at the same figures by all merchants. There are as many prices for any same article as there is qualities of silk. Now what you want is to find where the lowest price on any article is charged, and there is the place to buy. We have the Silk Umbrellas in all styles, at prices that you will find only at

SWINDELL'S.

### A Cultured Appetite.

West Chester Local News. "Do you think you could manage a morsel of the turkey," said he. "Why, yes, but just a small piece, please."

He started to trim off a delicate bit and asked: "Is there any part that you'd specially like, Miss S.?"

"Oh, well, I'm not particular," she answered, as she looked demurely at her knife and fork. Just give me a wing and a leg and a few slices off the breast, with a portion of the gizzard and a spoonful of dressing and I'll reach the vegetables myself."

## BLACK GOODS

This season allows to the wearer of black goods more different textures

than any previous year, and very well so, because those who wear black, like to have a variety to buy from, as well as those who wear colors.

The attractions of our Black Goods Department, are not confined to extreme novelties, notably shaggy, long haired styles, but embrace all the new weaves, in plainer materials, as well as the most staple fabrics.

The rougher goods which have been most popular so far this season, are the

CAMEL'S HAIR VIGOGNES,
