The Danville Street Car Suit.

DANVILLE, VA., January 10.—The jury in the damage suit of Trowbridge's administrators against the Danville Street Car Company rendered a verdict this morning in favor of the company. The case was one of considerable interest here, as Mr. Trowbridge, the man who was killed was a prominent and popular citizen.

The Hogue Case.

The verdict of the jury in the Hogue case which was rendered too late for our Saturday evening's issue, was in our judgment a just one. While we are, and have been all the time since the facts in the case have been discussed in the community, clearly of the opinion that Mr. Hogue acted rashly in the matter, we never have been able to discover anything in the circumstances to justify the conclusion that there was any essential element of crime in what he did.

The Christian Endeavor Society.

The meeting of the Christian Endeavor Society held in the Tabernacle was a very successful affair. A large attendance was present, and the pastor presided, Dr. Carter opened with prayer, and under the charge of N. B. Broughton several choice hymns were sung. The address of the occasion was made by Mr. J. A. Baer, of Boston, Mass., general Secretary of the United Societies. It was an exceedingly able talk, interesting and suggestive, showing the beginning of the order, its rapid growth, its great usefulness to the individual church and its helpfulness to the several denominations which have in their churches the Christian Endeavor Society. At the close of the address several practical questions were asked by persons present. The different churches of the city were well represented, and it is hoped that a flourishing young people society of Christian Endeavor will soon be in existence in each church, and such a pleasant gathering as yesterday often repeated.

Wake Superior Court.

The following business was transacted in this court this morning before Judge Robt. W. Winston, presiding.

Notice.

THE GENERAL ASSEMBLY.

FIFTH DAY.

SENATE.

Met at 11 o'clock with Lieut. Gov. Holt presiding.

Prayer by Rev. Dr. J. J. Hall, of the Baptist Tabernacle.

The House resolution, instructing Senators and requesting Representatives to vote for and support the financial measures desired by the Alliance was taken up.

The Senate resolution (which on Saturday was referred to the committee on foreign relations) was dropped the other being substituted for it. The vote in favor of adoption was unanimous.

The text of the resolution is as follows:

"Resolved, That our Senators in the Fifty first and Fifty second Congresses be, and they are hereby, instructed, and our Representatives requested to vote for and use all honorable means to secure the objects of the financial reforms contemplated in the platform adopted by the Ocala meeting of the National Farmers' Alliance last December."

HOUSE OF REPRESENTATIVES.

The House began its fifth day's work with prayer by Rev. C. P. Denny, member from Surry.

Only two resolutions were read, both by Mr. Henry, one instructing the committee on education to investigate the public school system; the other requesting the Attorney General to investigate railway bonds held by the penitentiary (or by the State Treasurer).

Among the bills introduced the following were the more important:

To facilitate the cancellation of mortgages and deeds and trust.

To allow additional compensation to the sheriff of Mecklenburg.

To amend the law as to the time of closing registration books, and to amend the law in relation to the renting of the lands of wards.

To extend the Mecklenburg road law to Macon county.

To extend the provisions of the charter of the Blue Ridge & Rabur Gap Short Line Railroad.

To allow Macon to levy a special tax.

To prohibit the sale of liquor in Macon county.

To create a railway commission.

To amend the law in relation to the obtaining of advances by false pretences.

To impose a \$500 license tax on dealers in deadly weapons.

To allow wine and cider to be sold in Tyrrell county.

To amend the Code in relation to master and servant.

To relieve mortgaged property from taxation to the amount of such mortgage.

To provide for prompt payment of all money collected by law.

To incorporate the Farmers' Loan and Trust Company.

To amend the charter of Hasty, Richmond county.

Leave of absence on account of sickness was granted Morton, of New Hanover; Anderson, of Hertford, and Ham, of Wayne.

A message from the Governor was read, laying before the House the petition of the people of Hyde, asking that the illegal dredging of oysters be stopped.

Mr. Skinner read a letter from the people in Hyde, saying the people there live on the products of the water; that the Virginia oyster pirates, armed to the teeth and having large boats are plundering the oyster beds and oppressing the people. The message with the petition and the letter to Mr. Skinner was ordered sent the Senate with a proposition to print.

The resolution in regard to the

investigation of the public school system was taken up. It provides for an investigation in order that it may be seen whether money can be saved in a reduction of salaries or by a reduction of the number of officials.

Mr. Henry, who introduced the resolution, said that in nearly all the counties the school committees can be dispensed with.

By a unanimous vote the resolution was adopted.

The Speaker announced that there was no further business before the House, and at 12 o'clock, after a session of an hour, there was an adjournment until 11 a. m. tomorrow.

The Democratic caucus to choose a candidate for Senator was announced at 7:30 this evening.

Important Meeting.

A meeting of the Chamber of Commerce and Industry, will be held at the Mayor's office tomorrow evening at 7:30 o'clock when matters of great importance will be brought to the consideration of the body. It is complained that members do not attend these meetings, this is generally the way with persons who are disposed to transfer to other shoulders, duties that belong to theirs. This might be excusable under some circumstances, but matters of such importance will be considered tomorrow evening as to make it the duty of every member to be at his post.

Poultry Show.

The poultry and peggion show that has been going on at Richmond, Va., for a week, closed on Saturday evening. The exhibition has had the effect to greatly stimulate interest in poultry and poultry raising generally, which is a desirable thing to do. Poultry raising is profitable when conducted properly and could be made to pay handsomely around Raleigh.

A Tyrant King.

How many men are there today in this broad land of ours, that are wearing the galling yoke of tyranny to a king? The number is appalling; it reminds one of the dark ages when men were bought and sold as merchandise. This king is King Credit. If you would be free men, strike off this galling yoke of tyranny and be a slave to no man, but in the free air of Swindell cash system—"cash on delivery"—forget the dread fantasies of the past, and at the beginning of this new year 1891, swear by the eternal hills never more to be under the bondage of any man, but that henceforth you will like the free air from Heaven be free, and trade at D. T. SWINDELL'S.
