NEWS NOTES ABOUT THE CITY.

What Our Reporters See and Hear Worth Giving to Our Readers—News in Brief.

The Grand Lodge of Masons of North Carolina meet tonight in the Masonic Hall at the usual hour of meeting.

Sheriff S. F. Roper, of Hyde county, settled with the State Treasurer yesterday, paying into the treasury \$2,891.17.

Gov. Fowle will hold an informal reception tonight at the new mansion. The reception is given in honor of the Legislature.

The receipts of cotton this season up to date has been 29,340 bales against 16,491, up to the same period last year, being an increase of 12,849.

A book agent, Mr. J. P. Hayes, was around this morning with a very interesting and valuable book, "From Manger to Throne," by Dr. Talmage, and a panoramic picture of Jerusalem at the time of the crucifixion. He is aiding Miss Geneva Harris the regular agent.

Our City Fathers should not forget the great injustice that is being done the first and fifth wards by their present representation on the Board of Aldermen, while the third has more than it is fairly entitled to. We believe a conclusion was reached a short time since that four each for the two first named, and three for the third would be equitable. The owners of much of the property, if not the most of it, in the 3rd Ward, live in the 1st and 5th. Let the wards be so reapportioned that equal justice may be done to all.

Notice.

The regular meeting of Manteo Lodge No. 8 I. O. O. F. will take place tonight at 7 o'clock instead of 7:30 o'clock. Members will please take notice of the change. Candidates will please be on hand promptly at 7:30 o'clock. The above is in accordance with the By-laws.

Employment for the Poor.

No philanthropy however extensive, when applied direct, can effect the same amount of relief to the poor that a reasonable investment in some good enterprise that furnishes employment to a large number of the idle and otherwise unemployed. Our enterprising business men should bear this in mind when organizing enterprises. A large payroll is generally a great relief to the poor.

At the Capitol Last Night.

The lecture of Dr. R. L. Abernethy on "The Human Soul and Mind," was interesting and instructive, but the time was unfortunate. The subject is one that requires close and quiet attention, but the large audience was restless and impatient for the caucus that had been advertised to take place at 8 o'clock to nominate United States Senator, and a large number in the lobbies and near them were prevented from hearing a sufficient of the doctor's lecture to even become interested, because of thoughtless and improper talking. Those near enough hear, notwithstanding the noise, greatly enjoyed the lecture. The audience gave the doctor about thirty dollars for his college.

The caucus was organized at about 9 o'clock, and it seemed that everybody wanted to nominate Vance, and when they all could not be first, the next thing was to second his nomination, which it would seem they all tried to do, from the number of speeches.

When the body reached a vote it was unanimous, and we suspect a number voted who were not eligible. Senator Vance was then waited upon and came in and addressed the Assembly as Vance can. One thing struck us with peculiar force. It was this, that he has been in public office for about 36 years and yet has a clean record. His enemies have no charges of a damaging nature that they can bring. Few public men can say this.

Important Meeting.

A very important matter will come before the Chamber of Commerce and Industry and businessmen of Raleigh at the meeting tonight. For certain reasons a prompt as well as full attendance is necessary. A failure in this may result in the loss of an enterprise which will be worth many thousand dollars to the city and to its citizens. It is a matter of very great interest to the whole State as well as to the city. The meeting will be held at the Mayor's office promptly at 7:30 o'clock this, Tuesday, evening, January 13th, 1891.
