Legislation.

The time has come when men, women and children should take an interest in what is called Legislation. Legislate as to where you can buy your goods cheapest, just as we do, as to where one can buy them for least money. Ten years of such legislation has brought about this result, and today we are prepared to show you the cheapest line of goods that has ever been the good fortune to be placed upon this market. Yes, legislation has enabled us to sell you a Wrap worth \$9, for \$5; a nice Fur Cape with Muff worth \$5, for \$3.50; a Silk Hat worth \$5, for \$2.25; Latest Shaped Derby worth \$3.50, for \$2.50. Yes, you will see that your present Legislature are trying hard to break this mortgage system and to buy for cash. Why? Because they know that credit means destruction to your homes; therefore throw of that yoke, and buy your goods of D. T. Swindell, who as I have said before will sell you goods for less money than you can buy elsewhere.

D. T. SWINDELL.

Mr. Hall, of Orange, introduced

four resolutions, all adopted by Orange County Alliance, these being on public roads, school fund, school property and labor statistics.

Very few bills were introduced. They were as follows:

To establish a public ferry between Stanly and Montgomery county across the Pee Dee river.

To provide for a tax of 25 cents on commercial fertilizers.

To regulate the term of office of county commissioners.

To prevent the spread of catarrh of the temper.

To prevent dogs from running at large.

The committee on salaries and fees was announced, with Mr. Coffield as chairman.

A bill was passed licensing the sale of wine and cider in Tyrrell county.

A bill increasing the punishment for carrying concealed weapons, making the minimum fine \$30, or thirty days imprisonment, was taken up and increased. It was alleged that the present law was ineffectual. Mr. Holman said the change would result in appeals to the Superior Court, and would cause a loss of fines to the public schools. In reply Mr. Franks said the law was to suppress crime and not to secure fines for the benefit of the schools. Mr. Pritchard said in his county, Madison, nine out of ten of such cases were compromised without fine. There was a demand, he insisted for an increase in the jurisdiction of magistrates. The carrying of concealed weapons was the most prolific cause of crime in Western North Carolina.

Mr. Perry of Chatham, said the bill would prevent crime. The carrying of pistols was a common and growing crime, particularly among the negroes. Mr. Bryan, of Wayne said in his opinion there was a great mistake in taking jurisdiction of this offence from the Superior courts and giving it to magistrates. Mr. Coffield, opposing the bill, said he believed it would increase the cost of litigation in minor causes. Mr. Cole, (colored) spoke warmly in favor of the bill. Mr. Williams said that the trouble now was not in the law but in its enforcement. Some people were arrested for the offence, while others were not molested. Mr. Pickett said he considered the bill as absolutely necessary. Mr. Holman said he was opposed strongly to the carrying of pistols, but thought the present law, if enforced, sufficient to remedy the evil. The ayes and noes were demanded. The vote was ayes 58, noes 39, so the bill passed on second reading.

Bills allowing a special tax levy in Jackson county, and in regard to the stock laws in Warren, passed. The latter gives the entire county the benefit of this excellent law.

Leave of absence was granted ten members by reason of sickness.

The Senate bill to change the time of holding Superior Courts in Henderson county, passed.

The bill so amending the charter of Asheville as to provide for the election of a city recorder, who shall have jurisdiction the same as that of a magistrate, was taken up and passed.
