ANDREWS & GRIMES
Coal Dealers.

We call special attention to the Coal we propose to handle this season, and which we are receiving daily. Kanawha, West Virginia, Splint.

Superior to any in the United States for grates and open fire places. NEW RIVER LUMP for grates and stoves. It is the equal of any and surpassed by no other (save Kanawha Splint), be it under any name whatever. It has been upon the market for the last ten years, this is the first season for Raleigh and North Carolina. We have the New River for steam also, which we will put by the side of any other coal and guarantee equal, if not better results.

We are the agents for this coal and can ship for domestic and steam users to Charlotte, Henderson, Durham, Winston, Oxford and other points direct from the mines. Give it a trial, is what we ask.

HARD COAL. We have also a very choice lot of Red and White Ash for grates and stoves, which we screen before sending to our customers. Buy now and save money. Write for prices. Oak, hickory and pine wood, long or cut, on hand all the time.
