

THE GENERAL ASSEMBLY.

THIRTY-FIRST DAY.

Met at 11 o'clock, Lieut. Governor Holt presiding.

Prayer by Rev. Mr. Bull, of the Senate.

Reading of journal dispensed with. The following bills were introduced.

To make more effective the department of immigration by setting apart \$3,000 annually.

Relative to the running of trains on Sunday.

To amend charter of Greensboro.

CALENDAR.

Bill to amend the charter of Southern Pines—passed 3d reading.

To authorize the city of Goldsboro to issue bonds—passed 3d reading.

An act to amend the charter of the city of Raleigh, passed 2d reading.

Bill in relation to the disposal of the dead bodies of convicts (turns over to medical departments in the institutions of this State in case not claimed by relatives) The bill excludes bodies that have died from infectious or contagious diseases.

The bill was under discussion when our report closed at 2 p. m.

HOUSE OF REPRESENTATIVES.

Rev. Mr. Perry, member of the House from Chatham, offered the opening prayer.

A favorable report was made on a bill to increase the public school tax from 12½ to 16½ cents on the \$100.

The House ordered night sessions to begin the 14th.

Among the bills introduced were the following:

To amend the charter of the Bank of Henderson.

To authorize ex-sheriff Rogers, of Wake to collect arrears of taxes.

To regulate the employment of women and children under 16 in factories.

To regulate elections and provide for a secret ballot.

To authorize the establishment of homes for indigent children and to regulate the same.

The House took up the railway commission bill, as unfinished business.

Mr. Sutton offered as a substitute the bill which passed the House in 1889.

Messrs. Ray and Morton spoke in support of the substitute, Messrs. Alexander and Long against it.

Mr. Ray offered amendments to the substitute, reducing salaries to \$2,000. The amendments were voted down and so the substitute was lost—16 to 87. The original bill was then taken up by sections, on motion of Mr. Jones.

All the amendments were voted down and the bill, as it came from the Senate, was adopted without change up to the 5th section, and the House adjourned.

A Welcome Visitor.

We were delighted this morning at meeting in the Senate chamber, Col. Ham, C. Jones of Charlotte, who is here in attendance on the meeting of the Trustees of the University. He is looking remarkably well and is receiving a most cordial welcome from his many friends in Raleigh. Col. Jones, is a son of the late Hamilton Jones, Esq., so well and favorably known as the author of the world wide joke of Cousin Sally Dillard. He is a son of a worthy sire, and has inherited many of the genial traits of his esteemed ancestor.

Meeting of the Trustees of Oxford Asylum.

A meeting of the Trustees of the Oxford Orphan Asylum has been called by Grand Master, H. A. Gudger for tomorrow. Messrs. G. Rosenthal and N. B. Broughton, of this city members of the Board, will leave on the 8:10 train for Oxford tomorrow morning to be present. The meeting is the first regular one since the Grand Lodge and is called for the purpose of planning the years work.

This noble charity is near the hearts of our people and is now caring for about 250 children. More are asking for admittance but the receipts of the institution will not justify enlargement.

Married.

FEILD—COPELAND—Last night at Christ Church, Mr. Thomas L. Feild of London, England, led to the hymenial Altar Miss Meta Armistead Capehart, daughter of B. A. Capehart, Esq., of Vance county. The ceremony was conducted by Rev. Dr. M. M. Marshall. The happy couple will leave for Europe in April.

The Colored A. and M. College.

One of the questions now before the legislature is the organization of a College of Agriculture and Mechanic Arts for colored people. That it will be established, is very certain. Where it will be located is the question.

Shaw University and St. Augustine Normal School each have made very liberal proposals to secure the college as an annex. Durham, Winston and Wilmington have made offers for its location in their midst.

Our opinion is that a State institution should not be put up to bidders. But that the legislature should determine the proper place and there settle it. In this matter certainly it would be manifestly unfair to the colored people to locate this institution west of Raleigh. There is reason to go east with it. Convenience to the people intended to be benefitted, demands this.

Because Raleigh is the State's capital and here her business is carried on; because of the Experiment Station and farm; because of the aid the work of one college could be to the other; because the State Library is here; because the Agricultural Department is here.

And for many reasons, the College of Agriculture and Mechanic Arts for the colored people should be located in or near Raleigh.
