Correspondence of the VISITOR.

The runners are out working for tickets in favor of certain men for Mayor and at the same time to keep the "moss backs" in office.

When the said runners approach you to get you to promise to vote for certain Aldermen, if you will carefully study the matter you will find one of the following state of facts to exist: 1. He is a "moss back," or related to one. 2. He holds a position or place under the city controlled by the Aldermen, or he has been promised one. 3. He has been hired by the gang to work in their interest.

If you find upon investigation either of the above state of facts to exist, drop his advice as you would a hot poker.

The only safety we have against combines is to select an entirely new ticket for Aldermen in the approaching election who are free from suspicion of combinery, and this can be done if the Democratic tax payers will turn out to the primaries, and see that they are not packed with Republicans and men who do not live in the wards, as was the case two years ago in one of our largest wards.

Let us by all means elect men with their hands untied, and then if those in office are better qualified and better entitled to the office than those who may apply for it, they can retain them on their qualifications; but by all means don't stand by and see them put up this combine on our city again as has been done for the last sixteen years.

Any one who is familiar with the changes in our charter, by which the representation in the board from the 1st, 3rd and 5th wards has been effected by the demands of the democrats of the 1st and 5th wards two years ago, can easily see that the controlling power in our city affairs has been changed from our floating population and put in the hands of the *bona fide* voters and tax payers of the city, and if they sit still and see the old system perpetuated they have nobody to blame but themselves. Heretofore they could not help themselves. Now they can. Will they do it? DEMOCRAT.

Payne the Infidel.

[Correspondent Richmond Dispatch.]

If J. D. Rensburg, who eulogized Tom Payne, the infidel, and who endeavored to make him out such a moral man, would read the life of Grant Thornburne, of New York, as written by himself in 1834, he would then find that Payne was proved to be a drunkard, a liar, a libertine, and died a most horrible death. Thornburne was told by the physician who attended him that during Payne's last sickness, when in great pain and fear, he would call for help upon the *Lord Jesus*, but as soon as the pain left him he denounced the Saviour. Thornburne also quotes from Clint-ham's life of Payne printed in 1809 the correspondence between Payne and William Caron, at whose house Payne boarded, and who knew the inside life of the infidel.

He then testified to his immoral character and proved that Payne had enticed a French woman and her three children to leave her husband and come to New York, where they lived together. Caron also testified that what was attributed to fits of apoplexy was nothing but drunkenness, which Payne was addicted to. Payne was fifty both in mind and body, and it is too late in the day now to try to make his memory pure. The book referred to should be reprinted for the benefit of those who sympathize with Rensburg in his laudations of one of the worst enemies to civilizations and parity that ever lived.

Yours truly,
E. C. MEADE.

Four Good Things.

DR. KING'S ROYAL GERMETUER differs from ordinary medicines in four very important things:

1. IT DOES NOT TASTE LIKE MEDICINE. It is as pleasant as lemonade, and, sweetened, makes a most refreshing drink. Persons who object to all other medicines take this with real pleasure, because it is good.

2. IT NEVER NAUSEATES. The most delicate stomach finds in this a perfect remedy without a single objection.

3. IT NEVER SWAPS OFF ONE DISEASE FOR ANOTHER. It does not set up one form of disease in order to relieve another, as is the case with so many deadly drugs.

4. IT DOES NOT PATCH SIMPLY. IT CURES. It reaches, as nothing else does, to the hidden sources of disease in the blood, and removes the cause. It does this with an ease and power that have never been equaled.

NATURE, in her secret laboratories, has never produced a finer chemical compound, nor imparted to one such matchless gifts of healing. It is absolutely without a rival or peer in its superb mastery of disease. It is truly, as Henry W. Grady said of it, "THE ULTIMA THULE OF MEDICINES."

Price \$1.00 per bottle. Factory prices to dealers.
