NEWS NOTES ABOUT THE CITY.

What Our Reporters See and Hear Worth Giving to Our Readers—News in Brief.

What beautiful weather.
But aint the fishermen happy.
Base ball at the park this afternoon between Raleigh and Durham.
Seats are being rapidly taken for the Old Folks Concert.
Two of Raleigh's popular young people will be married tomorrow.
The churches all had large congregations yesterday.

Numerous gay parties left for the river today. We wish them all much luck and a safe return.

Several shops and factories have closed today, to give their employees a day off.

The weather signals were put up this morning for warm and fair weather. Watch out for squalls.

The Register of Deeds issued two marriage licenses this morning, one white and one colored.

Yesterday was a lovely day. Hundreds of children seemed to enjoy themselves playing in the different parks.

There will be a very important meeting of the A. and M. College Alliance this evening at 8 o'clock. All members requested to be present.

A small fry was before the mayor this morning for throwing rocks in the street; his father gave him thirty nine in place of paying \$7.25 into the city treasury. Boys you must not throw rocks in the streets; its against the law and may cost you 39.

Several parties were talking of going fishing this morning; an old man in the crowd remarked that he hadn't wet a hook in fifty years. We offered to wager a Scotch herring that he had wet his whistle within a half an hour. He mysteriously disappeared.

From all the arrangements now being so early put in operation, we anticipate an unusually interesting campaign of the State guard the coming summer. Col. Olds, the quarter Master General is losing no time in looking after matters around Smithville.

A more lovely Easter Monday than this has seldom been seen in this section. A large crowd of young people of both sexes took advantage of the occasion for rambles in the country and piscatorial excursions. The finny tribe, especially of the minnow species, suffered immensely.

Now that the Lenten season is over, the spring trade will commence in earnest. Our merchants have all laid in good stocks, and the main aim, of course, is to dispose of them to the best advantage. There is no better mode to secure this than through a judicious system of advertising and there is no better medium than the VISITOR, which reaches more homes in Raleigh than any other paper published in the city. Try it and be convinced.

A force of hands are engaged today in working the Hillsboro road between Maj. Tucker's corner and penitentiary avenue. If they turn up the loose red soil and then either roll it or pack it over with gravel, it is all well enough. But if the red soil is merely turned over and left for another rain, then it had better not be touched. This is the general verdict of all who pass over the road.

We still hear some complaints about the condition of the old city cemetery. It is, however, in better trim now than it was a year or so since. And just here, we would call to mind the fact that very many of the prominent citizens of years ago are buried in this cemetery and it would be a graceful act for the surviving relatives to see that they are better cared for. It is a sacred spot in many particulars, and should not be neglected.

Serious Accident.

Just as we go to press we learn that a colored boy while out hunting shot and killed another on the asylum road, south of the city, about twelve o'clock today. It is stated that the boy was shot through the heart. It was an accident. We have no particulars.

Easter Contributions.

The following are the contributions at the churches named yesterday:
Christ church, \$305.00
Edenton street Church, 547.41
Church of the Good Shepherd 240.00

Manteo Lodge, No. 8. I. O. O. F.

Will meet on Tuesday evening for special work of committees. Matters pertaining to the best interest of the order will be discussed. It is therefore important that every member should be present.
Geo. L. TONNOFFSKI, Rec. Sec.

Slight Accident.

The south bound train leaving here at 8 o'clock was derailed near Garner this morning, several cars off the track. The regular passenger train from Goldsboro has been delayed. A wrecking train has been sent down to the place of the accident.

Cannot Come

The following telegram was received at noon today by Mr. W. S. Stallings, Secretary of the Y. M. C. A. which explains itself:
Cancel engagement, on account of sickness. W. P. FIFE.

Funeral of Mr. N. V. Denton.

The funeral of the late Mr. N. V. Denton was held from the First Baptist Church yesterday afternoon. A large crowd of relatives and friends were in attendance. The services were conducted by Rev. Dr. Carter, pastor of the church. The following gentlemen acting as pall bearers:
B. P. Williamson, W. M. Boylan, E. A. White, Geo. W. Wynne, W. S. Harris and J. J. Johnson.

A Good Outlook.

We must think that the backbone of winter has now been broken. At least the long wet season has come to an end and the signs are now that for awhile at least, we are to have some days of warm balmy spring weather. This will be glorious news to the farmers whose operations have been seriously retarded in the last few weeks. There seems to be a general impression that we are to have a good fruit year. This is always happy news. In fact there seems to be no cause for despondency from any point of view.

City Politics.

Much interest is felt in city politics just at this time and many suggestions have been made as to the best plan to get at a fair and full expression of the wishes of the people in the matter of the selection of city officials. The suggestion that strikes us as most fair and feasible, is to adopt the plan that has been found to work well in other cities; that is, instead of holding primary meetings as heretofore, that a primary election be held during some entire day at the regular polling places in each ward, just as an election is held, with a sufficient number of poll holders, selected with a view to the confidence of the people, and the necessary persons receiving the highest vote in each ward shall be the nominees for aldermen, and the men receiving the largest number of votes for the entire city shall be the democratic nominees for mayor and such other city officers as may be voted for.

This plan will put the responsibility where it belongs and prevent this slating that is complained of. Let everybody attend the meeting on Thursday night.

Boarders Wanted

Two or three gentlemen can get board by applying at 814 Hillsboro street. Accommodations good.

WHAT ABOUT IT ANYHOW?

Are We Going to Have the Exposition with its Attendant Crowds upon Us with no Place to Accommodate Them?

These are getting to be monotonous questions and they must soon be answered. There is no time for delay. Talking will now do no good. We have had enough of it and to spare. It is all well enough to discuss the question of municipal offices. It comes well in its turn. But here we have a city with at least 15,000 souls and an anticipated crowd of perhaps 25,000 or more strangers to come with in our gates during the coming fall, and with less hotel accommodations than many places in the country with half our population and importance. And then, too, we are the capital of North Carolina, a great State, whose resources are being spread out as a feast for the attraction of the world at large. Is there no idle capital in our midst. Are our people to continue in the old rut of sinking their funds to rest idly in vaults unless drawn forth occasionally by the attractions of mortgages at 8 per cent. on real estate. It does seem like we are in the midst of unpardonable lethargy in this respect. We are to have to have the exposition, it seems, and, of course, we expect it to draw among us people from all sections of the land. Again we ask, what are we to do with them? Are they to come and go home with anything but a favorable idea of the old North State and its capital? Talk about your municipal matters as much as you like, fellow citizens. It is your privilege to do so, but let us not lose sight of a matter upon which hinges so much for the credit of our beautiful city.

Let there be some concert of action on this matter. It is a matter that will not down. Our reputation is staked upon it, and the sooner we realize it, the better.

They are "Stunners."

If you want to see something real pretty in the way of Ladies' Blazers in all the late and new shades, you will now find them on exhibit at our great emporium. We are also showing now a pretty assortment of ladies' outing suits. Our large and handsome stock of new dress goods (and trimmings to match) is perfectly exquisite this season. It embraces all the new and most fashionable designs, and very latest shades in plaids, stripes and solids. Our shoe department is complete; it embraces a full assortment of men's, women's and children's shoes any size or style that your fancy may require. In this line we guarantee to suit you in quality and price.

In men's, youth's and boys' clothing we have the largest and noblest stock ever brought to this market, and which we guarantee to sell you from \$3 to \$5 per suit, cheaper than you can buy it elsewhere.

You will find in our millinery department all the new and unique and most fashionable styles in spring hats, and the most important feature about our millinery department is, that our trimmer from Baltimore is a real artist, and in this line we guarantee to please the most fastidious.

Yours truly,
D. T. SWINDELL.

Y. M. C. A. Meeting at the 1st Baptist Church Yesterday.

A large and enthusiastic meeting of the Y. M. C. A. of Raleigh was held at the First Baptist Church yesterday afternoon. A number of persons joined the Association. Appropriate remarks were made by Mr. Bond, of the A. & M. College. Dr. Watkins, Rev. Mr. Foster and Mr. W. L. Bill. The Association is growing rapidly, and should have the co-operation of all good citizens of the city.

Think of it: nice ladies' shoes of first class make only \$2; unlaundried shirts 50 and 75 cents; laundried \$1. These are first class bargains. Spring goods arriving in endless variety of all shades and latest styles. The ladies should make a rush for them, as no such tempting offers have been made in Raleigh for a long time. Norris' Dry Goods Store.

With the blossoms and roses of spring, comes our grand display of dress goods and spring offerings—noted for novelty, artistic shadings and superior qualities. Encouraged by a flattering winter trade we anticipate an immense spring business. The condition of the country was never better, nor the farmer more independent, nor our offerings more profuse. We carry a large stock, great variety and make low prices. Close buyers, prove their economy by a rigid inspection of our stock; they are greeted with irresistible values and uncompromisingly low prices. Space forbids enumeration, but the stock in its entirety will meet the ordinary demand for female attire in its comprehensive term. Dollars invested with us means dimes saved in your pockets.

Four Good Things.

DR. KING'S ROYAL GERMETEE differs from ordinary medicines in four very important things:

1. IT DOES NOT TASTE LIKE MEDICINE. It is as pleasant as lemonade, and, sweetened, makes a most refreshing drink. Persons who object to all other medicines take this with real pleasure, because it is good.
 2. IT NEVER NAUSEATES. The most delicate stomach finds in this a perfect remedy without a single objection.
 3. IT NEVER SWAPS OFF ONE DISEASE FOR ANOTHER. It does not set up one form of disease in order to relieve another, as is the case with so many deadly drugs.
 4. IT DOES NOT PATCH SIMPLY. IT CURES. It reaches, as nothing else does, to the hidden sources of disease in the blood, and removes the cause. It does this with an ease and power that have never been equaled.
- NATURE, in her secret laboratories, has never produced a finer chemical compound, nor imparted to one such matchless gifts of healing. It is absolutely without a rival or a peer in its superb mastery of disease. It is truly, as Henry W. Grady said of it, "THE ULTIMA THULE OF MEDICINES."
- Price \$1.00 per bottle. Factory prices to dealers.
