## NEWS NOTES ABOUT THE CITY.

### What Our Reporters See and Hear Worth Giving to Our Readers—News in Brief.

Yesterday was a bad day for the race. What race? The colored race.

A Raleigh picnic party enjoyed Easter at Auburn.

A few of Raleigh's young people enjoyed a basket picnic at Maj. Tucker's pond yesterday.

See advertisement of operatives wanted in the Pittsboro, knitting mills.

The progressive Endowment Guild have opened an office over the North State Music Store.

It is said that the picnic given by Miss Octavia Winder at Millbrook yesterday was a very enjoyable affair.

It seems that the colored population tried to put an end to their race yesterday. Strange there was no razors in the air.

Rev. Dr. T. H. Pritchard, of Wilmington, will deliver an address to-night before the graduating class of Leonard Medical College.

Don't forget the Old Folks Concert tonight at Metropolitan Hall, by the Kings' Daughters'. Seats on sale at MacRae's.

Every one that we have heard from seems to have spent a pleasant Easter, except the young ladies that fell from the log in the creek.

Attention is called to the advertisement of Messrs. Jones & Powell who have in stock a large supply of lime and cement. All in want should give them a call.

When finished the new round house of the Raleigh and Gaston Railroad Company, in this city, will be the finest in the South. It is a splendid system, with splendid men to run it.

Just as we expected. The road hands turned up the loose red mud on Hillsboro road yesterday and left it unpacked or rolled. The consequence is the road is worse today than before.

It was reported on the streets yesterday that Mr. S. C. Pool's little boy had sustained serious injury from falling from his bicycle. On investigation it was found that the only damage done was the breaking of the bicycle and tearing of his pants.

If the theory holds good that the same quantity of rain falls every year, we may expect a long dry spell the coming summer. However, the general impression is that a dry June brings good crops. We must not complain too soon.

Raleigh, city and Wake County Directory and Gazetteer is now in process of compilation by Levi Branson, who designs to make it the most thorough and exhaustive book of the kind ever published in this State. It will be a large book and will show up the wonderful progress of the city and county.

Burglars broke into the Buford House in Charlotte night before last, and robbed a Pittsburg jewelry drummer of \$375 in cash, besides watch, chain and clothing. His sample cases with \$30,000 worth of jewelry were not disturbed.

Chicken thieves are plying their business quite actively on the suburbs. A few nights since a gentleman living in the vicinity of the Agricultural and Mechanical College had his roost robbed of four hens of the finest breed. The tracks were seen and certain ear marks of the thief discovered. We hear that the citizens of that locality are preparing a surprise for some of these marauders in the way of steel traps &c., which may break up the gang at a time when they least expect it.

We are sorry to state that Miss Annie Stronach, the devoted daughter of Mrs. Geo. Stronach is quite ill.

A gay party of young people from this city went down to Wilders mills yesterday to spend Easter. They spent a pleasant day dancing, boat riding and fishing. On account of the accident on the N. C., road they did not arrive in the city until 1:30 this morning.

The grippe is raging with especial violence in New York, Chicago and Pittsburg and Baltimore is getting its share. In the meantime the wise man lives abstemiously, keeps his feet warm and avoids the night air.

### Mayor's Court.

A couple of white men were before His Honor for engaging in an affray last night. One of them paid \$7.25 the other \$2.25. Several drunks were disposed of.

### Manteo Lodge, No. S. I. O. O. F.

Will meet on Tuesday evening for special work of committees. Matters pertaining to the best interest of the order will be discussed. It is therefore important that every member should be present.

GEO. L. TONNOFFSKI. Rec. Sec.

### Accidents Yesterday.

A crowd of colored boys were in a wagon beyond the Insane Asylum. One of the boys in taking the cap from the gun caused it to explode, killing a boy by the name of Tom Jones, 18 years of age. There was no inquest as it was purely an accident.

Another party of colored people with guns, on the Rhamkate road, near the city, were riding along happy as larks in a two horse wagon, when all of a sudden a gun held in the lap of one of the party exploded killing a man sitting in front of him. No names.

### Justice Barbee's Court.

The case of Stewart Iredell for attempting to shoot James Blalock with a shot gun yesterday while out hunting, came up for a hearing today before Squire Barbee. Iredell fined \$5 and cost.

Another squad of Road hands passed in review before this court. They reported that the red mud was being put on top as fast as possible for which supervisor McMaekin and his large force of hands will receive the thanks of an appreciative public.

### Married.

This afternoon, at 3:30 o'clock, at the Church of the Good Shepherd, Mr. Robert E. L. Bunch, a most popular young gentleman of this city led to the hymenial altar Miss Nora M. Primrose, the accomplished step-daughter of our well known citizen, Col. Fred. A. Olds. The ceremony was performed by Rev. M. M. Marshall, D. D., rector of Christ church, and witnessed by a large number of the friends of the contracting parties.

The VISITOR, in common with many friends, extend to the young couple the heartiest congratulations, and hopes they may realize the richest blessings of life.

### Vestrymen.

The following gentlemen have been chosen Vestrymen of Christ Church for the ensuing year:

Dr. B. H. Lewis, Dr. V. E. Turner, Maj. R. S. Tucker, Capt. S. A. Ashe, J. I. Johnson, Charles Root, John Ward and F. P. Hayward, Jr.

The following gentlemen are the Vestrymen for the Church of the Good Shepherd: R. H. Battle, J. B. Batchelor, F. T. Ward, W. T. Tucker, D. Andrews, H. Morson, T. S. Skinner, A. W. Knox, S. P. Child, Wm. Woolcott, Dr. K. P. Battle, C. G. Latta.

What has gone with all the parties that promised us a string of fish on yesterday? Guess they have gone the way of the street car mules and the electric cars.

### Died.

At Oxford, N. C., Monday, March, 30th, Guy, son of Mr. Gaston Smith, of this city. The funeral will be held at the residence of Mr. I. D. Smith at the corner of Swain and Davie Sts., tomorrow at 11 a. m. This was a bright little boy in his 9th year. He has gone to join that innumerable throng that have gathered around his Father's throne in heaven. City papers please copy.

Many of our readers will be pained to learn of the death of Mr. Barnes Whitaker, which occurred in Durham at 2 p. m., Sunday afternoon. Mr. Whitaker was a former resident of Raleigh, and had numerous relations in Wake.

In Birmingham, Ala., this morning, Mr. A. J. Riggsbee. He was a brother to our townsman, Mr. W. H. Riggsbee. Mr. Riggsbee was an engineer on the B. and E. road, and was hurt by an accident last Sunday. His remains will be interred tomorrow at Chapel Hill.

Mr. J. B. Reed, of Greensboro, is in the city.

Hon. W. W. Barber of Wilkesboro, is in the city.

Gen. W. R. Cox spent yesterday in the city.

Mrs. T. G. Lee is quite sick at her home at 109, S. Wilmington St.

Messrs E. P. Dennis and John Cuthbertson, of Lowell, Mass., are at the Yarboro.

Miss Claude Holt, of Charlotte, N. C., is visiting Raleigh, and is stopping at the residence of Mr. A. W. Hayward, Esq., on Newerue Avenue.

### Impatient.

There seems to be some degree of impatience on the part of those entitled to receive reimbursement under the direct land tax law, at the delay. This is somewhat unreasonable in view of the circumstances. Gov. Fowle has been as prompt as possible, and has done all in his power to facilitate the matter. It is true that the General Assembly has passed a law by which the money should be returned to the Governor for the benefit of those entitled to receive it, but there is nevertheless a great deal to do in the way of details. It appears that the authorities in Washington are somewhat puzzled to map out the proper plan, or the one that will work to the best advantage. There is necessarily much work to do in order to find out precisely the persons who are entitled to the benefits of the act. There are thousands of names to be copied off from the stubs of receipts given. It has been suggested that a good plan would be for the Governor to appoint certain agents to copy these stubs. This will, of course, involve a little trouble and some expense, but then the act of assembly provides for this. We do not know what steps the Governor may deem best, but we do know that he will take the earliest opportunity to give the beneficiaries of the law the full benefit of its provisions.

### A Father's Kiss.

A father was seeing his son off on the cars for some distant point. There was a moment of quiet conversation between the two, perhaps a few words of such advice as a father should give a son, and then the train came thundering into the station.

As the latter, a tall fellow, well along in his "teens," stepped on the platform, he extended his hand and his lips to his father. There was a gentle kiss of farewell, and the two separated. There was no gush, no nonsense, no affectation; just the expression of fatherly tenderness that

had followed that son since he lay in the cradle.

Is there any danger of that boy straying from the path affectionately pointed out by his father?

Or is there any danger of that father ever having to excuse that son because he is "sowing wild oats?" We think not. The gentle power of a mother's kiss has been sung by poets, but is there not also a wealth of tenderness and a lasting memory for good in the kiss of a father?—Hartford Post.

### History Repeated.

In olden times the great Nebuchadnezzar, royal founder of the seventh wonder of the world and king of the Babylonian Chaldean Empire for undue pride of power, was driven to grass, that he might learn the source of power. Now the noble Victoria, Queen of Great Britain and Empress of the Indies, of her own royal volition, has gone to Grass that she may learn the wise use of power.

### Four Good Things.

DR. KING'S ROYAL GERMETUER differs from ordinary medicines in four very important things:

1. IT DOES NOT TASTE LIKE MEDICINE. It is as pleasant as lemonade, and sweetened, makes a most refreshing drink. Persons who object to all other medicines take this with real pleasure, because it is good.

2. IT NEVER NAUSEATES. The most delicate stomach finds in this a perfect remedy without a single objection.

3. IT NEVER SWAPS OFF ONE DISEASE FOR ANOTHER. It does not set up one form of disease in order to relieve another, as is the case with so many deadly drugs.

4. IT DOES NOT PATCH SIMPLY. IT CURES. It reaches, as nothing else does, to the hidden sources of disease in the blood, and removes the cause. It does this with an ease and power that have never been equaled.

NATURE, in her secret laboratories, has never produced a finer chemical compound, nor imparted to one such matchless gifts of healing. It is absolutely without a rival or peer in its superb mastery of disease. It is truly, as Henry W. Grady said of it, "THE ULTIMA THULE OF MEDICINES."

Price \$1.00 per bottle. Factory prices to dealers.
