## NEWS NOTES ABOUT THE CITY.

### What Our Reporters See and Hear Worth Giving to Our Readers—News in Brief.

The Board of Aldermen did good work last night.

What has become of Capt. Buck Jones' meat and milk inspector? He seemed bent on having one at the late mass meeting.

We met an old gentleman yesterday who lives on Swift Creek, in this county, 96 years of age, who has never been on a train of cars in his life.

Mr. McKesson, of Morganton, will deliver a lecture in the Edenton Street Methodist Church tomorrow afternoon at 4 o'clock.

Owing to the Fife meeting tomorrow afternoon in Metropolitan Hall, the West End Mission Sunday School will meet at 2:30 o'clock.

Judge Thompson has appointed Geo. W. Norwood, Vice E. C. Beddingfield a Justice of the Peace in Neuse Township.

The new Hospital means a great deal for Raleigh. It is the best piece of work done by the Board of Aldermen in years.

A small boy was before His Honor Mayor Thompson this morning for playing in the market house. He is in the station house rehearsing the shingle act with his mother.

A Raleigh merchant boasts of having the blackest porter in existence. Says he, that boy is so black that I have to put his head under a pot so that the moon can change.

The new Swindell's building on Fayetteville street will be one of the largest business houses in the south. Raleigh do move and Swindell with it.

Evangelist Fife will hold a special meeting for the colored people on Sunday morning at 11 o'clock in the Metropolitan Hall. Bring the Gospel hymns.

There seems to be two wills of the late Mrs. Mary Smith Morehead. The one written in 1863 was offered for probate yesterday at the county clerk's office. Notice of caveat was given.

Cards are out announcing the marriage of Mr. Lee H. Battle, cashier of the People's Bank to Miss Nannie Howerton, of Durham, on the 21st of this month.

The fruit crop promises to be a large one this year. Why can't some progressive citizen, with a few hundred dollars start up a canning factory; there is money in it.

The fire committee were driving a pair of roan horses this morning. They think of buying them for the Rescue team. They are high steppers and well matched and when full grown will weigh twelve hundred.

Mr. Jno. C. George, the street car man from Baltimore will be here Wednesday. He seems anxious to complete the line. No one can blame him for that as he is interested \$25,000 worth. But wain't Raleigh lucky in getting Mr. George's finger in the pie.

Now that West Morgan street is to be open, let's have an iron bridge over the railroad at that point. The old shakky affair on Hillsboro street will fall in shortly and kill a gray mule or some other life long critter, and then maybe an iron bridge will grow on Hillsboro street.

### The Fife Meeting.

Mr. Fife preached to a crowded house in Metropolitan Hall this morning. The schools and colleges attended in large force. Mr. Fife will preach in the hall tonight instead of the church. Come early if you wish a seat as the hall is not as large as the church. Mr. McKesson will lecture in the Edenton street church tomorrow afternoon at 4 o'clock. Mr. Fife will probably spend all of next week in this city.

### Central Methodist Church.

This will be one of the most beautiful churches in the State when completed. It is now being ceiled and Dr. Nash the pastor is making strenuous efforts to put the seating in and to procure the glass. If the people will just rally around him and every one that can will pay for a seat or two the work will be completed.

### Important Call.

The following call was issued from the Executive Department yesterday:

EX. DEP'T, STATE OF N. C.,  
Raleigh, April 17th, 1891.

In accordance with the expressed desire of the Southern Inter States Immigration Convention, held in Asheville, N. C., in December last, and in compliance with the will of a large number of leading citizens from each section of the State, I hereby call a convention of all those interested in the upbuilding of North Carolina to assemble in the city of Raleigh on the 18th day of May at 5 p. m., in the Commons Hall of the State. The object of the convention is to secure a united effort on the part of the citizens of North Carolina to co operate with the Southern Inter States Immigration Bureau in developing the natural advantages and making known the great opportunities offered to capitalists, manufacturers, and to the honest, law abiding people who desire to secure homes in a genial climate, among a hospitable, moral and Christian people.

(Signed) THOS. M. HOLT,  
Governor.

Drink Limeade at Bobbitt's.

### The State Convention.

The State Convention called by Gov. Holt to be held in Raleigh on the 18th of May next, is one of the most interesting and, in certain aspects, most important, ever proposed to be held in the State. It is purely an industrial movement in connection with the Southern Inter State Exposition to the held here beginning on the 14th of October next and continuing until December 1st, and is designed to secure active co-operation with the Southern Inter States Immigration Bureau, already actively at work. Much is expected from North Carolina, a prime factor of success in the enterprise. But all the other Southern States will be represented here; all the Western States perhaps, and probably all the Northern States. In fact the whole Union will be here to see what North Carolina will do, and if she is going to make good her boasts.

Let the Convention be a full one; and when it is over, let all go to work with the purpose of surpassing expectation.

### The Great Slaughter Still Goes On.

The greatest slaughter ever heard of in the prices of dry goods. Just think of it. We have a big lot of boys' laundered white shirts that we are selling at 25c apiece. They are well worth \$1 each. We are showing a tremendous stock of pretty new spring dress goods. In fact, we have more fine dress goods than it requires to supply the demands, and in order to sell these goods out we have reduced the prices. We are selling the entire line at one third less than its real value. Any one wishing to save money it will be to their interest to examine our stock of dress goods before making a selection. We are having a very flattering trade in our millinery department. What is the reason? A large and attractive stock of beautiful millinery goods that are being sold at a very great bargain. Remember that we are still headquarters for men's, women's and children's shoes, any size or style that you may want, and we guarantee to suit you in quality and price. If you want a real nobby suit of men's, youth's or boy's ready made clothing we guarantee to sell you a suit at cost 25 per cent cheaper than you can buy them elsewhere.

Yours truly,  
D. T. SWINDELL
