NEWS NOTES ABOUT THE CITY.

What Our Reporters See and Hear Worth Giving to Our Readers—News in Brief

There was not an item to be gathered in any of the departments at the capitol today.

It is whispered today that independent tickets are to be gotten up in some of the wards for Aldermen.

The receipts of cotton today have been light. Prices range from 8½ to 8¢ cents.

The "merry month of May," is at hand and all nature is robed in its brightest array.

The month of roses and picnics. Now let all the young folks be cheerful; and old ones too.

The Register of Deeds has issued during this month twenty one marriage licenses—10 whites and eleven colored.

As the 10th of May falls on Sunday we suppose the Memorial Services will take place on Monday 11th, as on a previous occasion.

Look into a well tomorrow precisely at 12 o'clock and you will see your future wife or husband. The old proverb says so, and that is sufficient.

Our market is tolerably well supplied with spring lamb, but the accompanying green peas have not yet put in their appearance.

The Board of County Commissioners will meet in regular monthly session next Monday. It is also municipal election day.

Substantial and convenient improvements are being made in the Citizens' Bank building. The office of the President, Cashier, &c., is to be enlarged, refurnished, &c.

A countryman who had been in the habit of bringing wood to town, said this morning that his mules were worth to him now about \$2.50 per day each on his farm and he must let the fuel matter rest for awhile.

Surveyors are now engaged in laying off a route from the North Carolina Railroad to the site of the Raleigh Cotton Mills. It is proposed that the branch road shall run from a point this side of the cut beyond the penitentiary, around the rear of the prison and by the Insane Asylum to the Mills.

The report current yesterday concerning the burning of cotton about 2½ miles from the city, is verified to day. The burning occurred on Mr. Wilder's place. There were about 180 bales altogether; of that 85 belonged to Mr. Wilder and the remainder to Mr. W. D. Buffalo. About 90 bales of Mr. Buffalo's cotton were destroyed, but only seven bales of Mr. Wilder's. It is thought that the fire originated from sparks from a locomotive as the railroad is only a few hundred yards distant. Mr. Buffalo's loss is about \$3,500, with no insurance.

The first and most important thing for every family is a home. Do you want a home? Perhaps you do, but see no way to get it. Well, we are prepared to say that you can get it. If you cannot raise enough cash to pay a small margin on one of our houses, and lots complete, you certainly can pay \$5 to \$10 per month for a lot. No interest added. When you have paid for your lot you can then get a house on it the same way. Every man who will, may own his home. We are offering some good lots on \$5 per month. Some better ones on \$10 per month until paid for. No interest added. If you don't want to build, it will pay you to buy as an investment and thus save your money. Send for our circular with full particulars.

Farmers say that a gentle warm rain is now much needed.

There was not even a ripple of excitement in the Mayor's court today. Raleigh is fast reaching the reputation of an unusually moral city.

The roof of the west wing of the penitentiary is now being slated; when finished this will about complete the building according to the plans. It is one of the finest prisons in the south in point of architecture.

Mr. H. H. Roberts is now engaged in making out the mortuary report for Raleigh, which will probably be ready for print tomorrow. We are glad to learn that the death rate has not been above the average, notwithstanding the prevalence of the grippe.

There are any quantity of rumors afloat about a new hotel, but after most diligent inquiry, we have been unable so far to elicit any definite information on the subject. It is a subject in which our people are most interested, and it will be a source of much gratification to the Visitor when it can announce something of a tangible nature in regard to it.

Caraleigh Mills.

Work on the Caraleigh Cotton Mills just south of the city, has commenced in earnest. Mr. Linehan, the contractor, has a force of about a hundred hands at work on the foundation and has opened up a fine quarry of splendid granite on the site. We hear that the building will be pushed as rapidly as possible.

Daughters of Rebekah, I. O. O. F.

The regular meeting of the above named Lodge will be held at 8 p. m., tomorrow May 1st in Old Fellows Hall over Citizens' National Bank. Every member is requested to be on hand. Work in the degree.

Dedication.

On the 10th of May the soldiers home will be formally opened and dedicated, and the occasion will be one of much interest. Many visitors are expected, among them a considerable number of old veterans. The procession will proceed from Metropolitan Hall to the Home, immediately after the memorial ceremonies and the address will be delivered by Gov. Holt. From the Home the procession will move to the Confederate cemetery.

New Station House.

There is a growing demand for a new station house more convenient and better arranged in all respects than the one now in use under the market, and we hope the matter will receive the most earnest and speedy consideration of the new Board of Aldermen. It is useless to deny that the present quarters for offenders is a disgrace to the city, and, it is needless to add most unjust to those so unfortunate as to become denizens of the "lock up."

Let the matter of an auditorium be pressed so that the market house building can be remodeled for other purposes and a new station house prepared. It is really a necessity.

The need of a good spring medicine is felt by nearly every body, for the various impurities that accumulate in the system during winter months must be gotten out before health and strength can be had. KING'S ROYAL GERMATUER has been thoroughly tried and proven to be one of the best remedies ever used. It is perfectly harmless and pleasant to take. It purifies the blood, strengthens and builds up the system, prevents disease, aids digestion, cures dyspepsia, chronic headache, neuralgia, rheumatism and other blood and skin diseases. Try it. A.
