NEWS NOTES ABOUT THE CITY.

What Our Reporters See and Hear Worth Giving to Our Readers—News in Brief

See notice of sale of valuable land by C. M. Busbee, commissioner.

Now for pic-nics fishing parties and general fun of an innocent nature.

Collections for this, the 4th Internal Revenue district for the month of April, were \$68,529.09.

The regular monthly meeting of the Board of Aldermen takes place tonight. It is the last meeting of the old board.

The sanitary officers will soon be around looking after the back lots. Let there be a general cleaning up before the hot weather sets in. The health of the city is at stake.

Most of the people appear enthusiastic over the proposition for the city to take the balance of the necessary subscription to the street railway. Let it be done by all means.

Let the city of Raleigh settle the matter of the street railway. Let the Board of Aldermen do so tonight. The people will endorse it by an overwhelming majority.

About all of the jury cases on docket have been disposed of by the Superior Court. The motion docket is now engaging the attention of the court.

Although tonight is the time for the regular monthly meeting of the Retail Grocers Association it has been thought advisable to postpone it until next Thursday night the 7th inst.

In the Superior Court clerk's office this morning Judge Walter Clark qualified as administrator of S. D. Adkins and Mrs. Maynard qualified as executrix of the will of Allen Maynard deceased.

Let the crowning glory of Mayor Thompson's administration be an appropriation to secure the electric street railway. Remember it will increase the valuation of property and enhance the prosperity of our city.

Several gentlemen interested in options on swamp lands in the eastern section of North Carolina were here yesterday afternoon in conference with the State Board of Education. It is understood that the object is to obtain an extension of the options.

We hope our people will be alive to the necessity of having their premises thoroughly cleaned up before the advent of the heated term. Raleigh is naturally a healthy place, but, of course much will depend upon proper sanitary regulations.

Work on the new depot is progressing at a most satisfactory rate, and those who ought to know think the building will be ready for the fall trade. If it could be gotten ready by the opening of the exposition, it would be a great convenience.

Attention is directed to the advertisement of Mr. L. R. Wyatt, who has a splendid assortment of cattle food on hand. The special cow food is fast gaining reputation as the best. Also special horse food. The prices are the lowest. Call and see him.

The opinion is general that the Board of Aldermen at its session tonight would consummate a most popular measure if they would vote a subscription sufficient to complete for the electric street railway. If they possess the power to do so, no act would be more popular. It would be received with a general "huzzah" all along the line. Let it be looked into.

We will have two barrels fine shad tomorrow; popular prices. Give us your order for Sunday. Also, fine gray and speckled trout, the cheapest in the city, at Uzzles, 219 Wilmington street.

The next place of meeting has not been selected, but we can see no good reason why Raleigh should not be chosen.

There was great excitement in the Minnesota house, on the afternoon of the 17th, over the discovery that the Australian ballot bill had been stolen. The bill had been passed by the senate and house, and sent to the engrossing committee.

The need of a good spring medicine is felt by nearly every body, for the various impurities that accumulate in the system during winter months must be gotten out before health and strength can be had. KING'S ROYAL GERMAN has been thoroughly tried and proven to be one of the best remedies ever used. It is perfectly harmless and pleasant to take. It purifies the blood, strengthens and builds up the system, prevents disease, aids digestion, cures dyspepsia, chronic headache, neuralgia, rheumatism and other blood and skin diseases. Try it. A. The first and most important thing for every family is a home. Do you want a home? Perhaps you do, but see no way to get it. Well, we are prepared to say that you can get it. If you cannot raise enough cash to pay a small margin on one of our houses and lots complete, you certainly can pay \$5 to \$10 per month for a lot. No interest added. When you have paid for your lot you can then get a house on it the same way. Every man who will, may own his home. We are offering some good lots on \$5 per month. Some better ones on \$10 per month until paid for. No interest added. If you don't want to build, it will pay you to buy as an investment and thus save your money. Send for our circular with full particulars.

The Fastest Time on Record.

They are moving along now at a two minute gait, of course we do not mean literally speaking, but this is the kind of move that you see now at D. T. Swindell's great emporium, since he has reduced the price on his enormous stock of fine dress goods down to one half its real value. Every one who has seen these goods, appreciates this great reduction, and are now availing themselves of this rare opportunity of getting a fine dress at less than one half its real value. In our shoe department we have an endless variety of Men's, Women and Children's shoes and slippers any size or style that you may want, and we guarantee the price to be at least 25 per cent cheaper than they can be bought elsewhere.
