It slacks well, is very white and valuable for building purposes; tanners, paper makers, &c.

One dealer writes to the manufacturers as follows: "We have been handling your 'Riverton' Lime for the last four years at the rate of from 3,000 to 10,000 barrels per year, and consider it the best we have ever handled. It slacks quickly and is free from core, lumps and specks. For general use there is none better."

Another writes: "You ask for our opinion of your Lime, which we have been utilizing for about a year. We take great pleasure in assuring you that we are selling all of the principal contractors and builders in our city, and shipping a good deal to neighboring towns, with entire satisfaction to all.
