RALPHIGH, MONDAY, MAY 4, 1891:

NO. 11

NEWS NOTES ABOUT THE CITY.

What Our Reporters See and Hear Worth Giving to Our Readers—News in Brief.

Beautiful weather to work on the electric street railway and the general desire is to see it under way.

Mr. Josephus Daniels, editor of the State Chronicle, has conquered the gripe and getting all right again.

Sheriff Page informs us that there was a good rain in Morrisville and vicinity, yesterday afternoon.

Work is expected to begin on the street railway, in earnest, in a day or so.

The levee of the Mayor was unusually light this morning for Monday. Only a trivial case or so on docket.

Strawberries and green peas are coming in. A little rain will render them plentiful. They are a little too high at present for the average purse.

We regret to learn that there is no improvement in the condition of Rev. Dr. J. J. Hall. His son and also his mother in law are quite sick.

The county commissioners met in regular monthly session today and transacted the usual routine business.

A considerable number of northern gentlemen passed through the city last Saturday, said to be on a prospecting tour.

It has been suggested as a good idea to remove the fence from around Moore square as at Nash square. It will look much better.

Forty nine colored persons were baptized by immersion in Taylor's pond north of the city yesterday morning. A large crowd from the city was in attendance.

Treasurer Bain is anxiously waiting for old bonds to be exchanged for the new 4 per cent consols. Let all the holders of the old 6 per cent. bonds bring them in. No better offer is likely to be made.

The protracted meetings at the Fayetteville street Baptist church are progressing satisfactorily. Rev. R. E. Peele, of Wilmington, preaches each night and there have been several professions of faith.

Ten days, four hours and thirty six minutes is the unparalleled record from Yokohama to Victoria, B. C., just made by the Empress of India, the first of the new Canadian Pacific Line steamers.

The receipts of cotton in Raleigh for the week ending May 1st, were 478 bales against 190 bales for the corresponding week last year. The receipts for the season were 36,215 bales against 20,675 last year. The shipments for the week were 865 bales.

The meeting of the Justices of the Peace for Wake county to levy taxes and fill the vacancy on the Board of Commissioners, in place of Capt. B. P. Williamson, resigned, does not take place until the 1st Monday in June instead of today as stated by us in our issue last Saturday.

The will of the late Bennett Holland of Holly Springs, this county, was admitted to probate in the office of the clerk of the Superior Court this morning. Mr. Turner T. Holland qualified as executor.

The caterpillar invasion seems to have commenced in earnest. Large numbers of them are seen in different sections of the State. The army so far, has not played much havoc in Raleigh, but we may as well be on the look out for them—they will come.

The old Board of Aldermen will meet at 10 o'clock to-morrow morning for the last time. The new Board will meet at 12 o'clock m., for organization, &c. It is supposed, but not known, whether or not the election of Mayor will take place to-morrow, or at a special meeting. Of course Mayor or Thompson officiates until his successor is chosen.

Rescue Fire Company meets to-night.

See notice of city lot for sale by J. Rowan Rogers, commissioner.

As the time for commencement approaches the average school girl and boy is buoyed up with pleasant hopes.

The Rescue Fire Company has purchased a fine bay horse, and will soon get another as a match. They are for the new wagon.

One of the first duties of the new Board should be the appointment of a regular sanitary officer. The warm spell will soon be on us and such an officer will be much needed.

Monthly contributors to St. John's Hospital are requested to leave their contributions with Capt. A. P. Bryan, at the Southern Express Companies office. Capt. Bryan and his entire force are always busy, and he cannot find time to call for donations.

We regret to state that Mr. Sid Page, brother of sheriff Page, who lives at Morrisville, had the misfortune to lose his barn by fire, with four bales of cotton, last Saturday. The loss is about \$600 with no insurance.

The old city cemetery looks like a new place. Mr. Seth Jones, the efficient sexton, has done some good work there lately. The grass has all been cleaned out, the roadways fixed up and many of the graves turfed. Mr. Jones deserves special credit for his efficient services.

He was passing along in the quiet enjoyment of life. He felt in full accord with himself and all the world. He suddenly wiped the pavement with a side thrust. He saw more stars in a moment than the telescope has developed in a century. The scene was at the upper end of Fayetteville street. The cause was too much banana peeling carelessly thrown away. Moral—Let the new Board of Aldermen pass a law requiring the eaters of the luscious fruit to carefully dispense with the peeling.

The Election.

The municipal election today has been an unusually quiet one. It seems to be generally conceded that the regular democratic tickets in the 1st, 2d, 3d and 5th wards will be elected. The 4th as usual will elect republican aldermen.

Died.

At the residence of Mr. J. M. Betts, on north Harrington street, yesterday morning at 4.30 o'clock, Mr. L. D. H. Whitehead, in the 44th year of his age, leaving five children, together with many friends to mourn their loss. The funeral took place at 10 o'clock this morning, from the residence.

The Cattle Show.

The annual Wake county cattle exhibit next Thursday promises to be fully up to all previous ones in point of attendance and the stock on exhibition. The show will take place at McMackin's old stables as heretofore, and all necessary arrangements have been made. A special feature of the occasion will be the exhibit of milk, cream and butter. The list of thoroughbreds will be large. The rates of fare on the several railroads have been fixed so reasonable that all who desire can attend.

Completed.

With the exception of placing in the seats the new Baptist chapel, near the Agricultural and Mechanical College, is now completed. It is a snug little edifice and adds much to the appearance of the locality. The dedication will take place in a week or so, and the chapel will start out with a considerable membership. The West End Sunday school is now held every Sunday afternoon in a house on the Avenet Ferry road near what is known as Cox's crossing, on the North Carolina Railroad. It has a good attendance and increasing. The sessions will be removed to the new chapel as soon as proper arrangements can be made.

Our Climate.

We are indebted to Mr. C. F. Von Herrmann, of the U. S. Signal corps, for a summary of the weather, &c., for April, in Raleigh and vicinity. The highest temperature reached was 85, on the 19th, and the lowest 81, on the 5th. What a glorious record we have. The finest climate in the country, and no mistake.

Litchford Encampment, No 26, I. O. O. F.

Will hold its regular meeting to-night at 8 o'clock p. m., and every member is requested to be present. Visiting Patriarchs are also cordially invited. Work in the degrees, and other business of importance.

A. J. WILLIAMS, Scribe.

St. Mary's School.

We learn that the present term of this time honored and most excellent institution is one of the most successful it has ever had. This is as it should be, because it is conceded on all sides that there is no better female institution of learning in the country. There are hundreds of matrons in our State who received their educational training within its walls. Long may it prosper.

Our Capitol Square.

Capt. Roberts, the efficient and polite superintendent of the capitol and square, is most energetic in his endeavors to make the property under his control as beautiful as the meagre allowance allowed him will permit. It is a great pity that the General Assembly does not make a more liberal appropriation for the square, so that it may be adorned in a manner reflecting credit upon the State. It could be made at a small cost the most beautiful public park in the South.

Executive Notes.

The following commissions were issued at the executive office this morning:

Judge J. F. Graves, of the 9th judicial district, to hold a special term of the Superior Court for Stokes county, for the trial of civil causes, to commence July 20th next.

J. P. Sawyer notary public for Buncombe county.

Commission notifying the board of commissioners of Stokes county that a special term of the Superior Court will be opened July 20th next.

T. M. Kimberly commissioned as 1st Lieutenant Co. "F," 4th regiment. E. J. P. Mangum commissioned as 2d Lieutenant Co. "F," 4th regiment. Both of these two commissions are to rank from March 20th, 1891.

The need of a good spring medicine is felt by nearly every body, for the various impurities that accumulate in the system during winter months must be gotten out before health and strength can be had. KING'S ROYAL GERMAN has been thoroughly tried and proven to be one of the best remedies ever used. It is perfectly harmless and pleasant to take. It purifies the blood, strengthens and builds up the system, prevents disease, aids digestion, cures dyspepsia, chronic headache, neuralgia, rheumatism and other blood and skin diseases. Try it. A.
